

**Faculty Development Program conducted by National Instruments and School of Electronics and Communication Engineering on 16-March-2016.**

Mr. Visweswaran Jagadeesan, Senior Academic Technical Consultant, National Instruments conducted a Faculty Development Program (FDP) entitled "Recent trends and emerging technologies in electronics and communication engineering" in Department Seminar Hall of School of Electronics and Communication Engineering on 16-Mar-2016. It was attended by all the teachers of Signal Processing Research Group and Communications Research Group of ECE Department and also by the teachers of electronic circuits and others. Talks are on to adopt the concept of "Do Engineering" in the engineering studies of the school to give the students a better understanding of the text book concepts and give a practical feel of them.
