The changes made in the Regulation are indicated in bold italics and the same has been attached as an Annexure I

The main amendments are as follows:

1. Assessment

- b) Each course is assessed for a total weight of 100%. Out of the total 100% weight; 50% weight is for Continuous Internal Assessment (CIA or IA) and the remaining 50% for the Semester End Examination (SEE). This applicable for theory, laboratory, workshop, studio and any such courses***
- c) Out of 50% weight earmarked for Internal Assessment (IA)- 10% is for Quizzes, 15% for test-1, 15% for test-2 and 10% for Assignments and this is applicable for theory based courses***
- d) The quizzes, tests and assignments are conducted as per the semester academic calendar provided by the University***

The details as given in the table

<i>Component</i>	<i>Description</i>	<i>Conduction</i>	<i>Weight Percentage</i>
<i>C1</i>	<i>Quizzess</i>	<i>At the end of each class</i>	<i>10</i>
<i>C2</i>	<i>Test-1: IA1</i>	<i>6th week from the starting date of semester</i>	<i>15</i>

Each test must be conducted for a duration of 60 minutes, setting the test question paper for a maximum of 30 marks. The final examination must be conducted for a duration of 3 hours and the question paper must be set for a maximum of 100 marks.

- e) Students are required to complete courses like communication skills, technical English, Professional ethics and Indian Constitution, Environmental Sciences, technical skills, placement related courses, Open electives and any such value addition or specialized courses through online platforms like SWAYAM/NPTEL/Any other reputed online education aggregator. Students are required to choose the courses on the advice of their course coordinator/Director and required to submit the course completion certificate along with percentage of marks/grade scored in the assessment conducted by the online education aggregator. If the online education aggregator has issued a certificate along with the grade or marks scored to students, such courses will be considered for SGPA calculations, in case the aggregator has issued only a certificate and not marks scored, then such courses will be graded through an examination by concerned School, in case, if grading is not possible, students will be given a pass grade and award the credit and the credits will not be considered for SGPA calculations. The Online/MOOCs courses will not have continuous internal assessment component*

Proceedings

At the outset, the chairperson Prof. Shilpa B.R, welcomed all the BoS members and introduced the external panel members to the BOS. She highlighted the academic development of the University and features of CBCS-CAGP scheme followed by REVA University and shared her expectation that the Curriculum and syllabus should be made industry and research oriented. Prof. Shilpa B.R explained the purpose of the meeting and the agenda in brief, and taken up for further discussion.

Agenda-1:

Discussion on Scheme on instruction, Syllabus, and consolidation of credit hours

The Chairperson presented the syllabus details to the board of members for further review and discussions were carried out on the consolidation of credit hours for the entire curriculum. She also explained the new credit system and softcore subjects, skill development programs introduced in a new scheme for the entire curriculum in each semester. The Board of Studies members studied the Scheme of Instruction and Curriculum relevant to research and industry-oriented contents and suggested valuable inputs provided as under.

Resolution:

Panel members gave valuable inputs regarding the courses to be offered semester-wise. As per the new UGC rules the credits are reduced from 144 to 120 and have introduced some softcore subjects and Skill development programs in the course matrix. Each semester Statistics, Computer Science and Bioinformatics is offered softcore subjects, Skill development course is offered in 3-5th Semesters to enhance the skills based on job-oriented programs. Few courses are reshuffled based on the flow of studies in each subject based on prerequisite include Genetics and Molecular Biology are changed to Cell & Molecular Biology and shuffled from 1st to 2nd Semester. Biochemistry and Microbiology are shuffled from 2nd to 1st semester. Chemoinformatics and drug design course are shuffled from the 6th to 5th Semester. Genomics and Proteomics are shuffled from 5th to 6th Semester. Bioinformatics softcore subjects are offered in 3rd and 6th Semesters. New Softcore subjects are introduced in 3rd Semester such as Bioinformatics Algorithms, Systems Biology. Medical Informatics and Artificial Intelligence in Biology is offered in the 6th Semester.

Agenda 2:- Design of Scheme of Examination

The BOS members discussed about the Scheme of Examination in detail and recommended to the University as here under.

Decision: The members of the BOS designed the Scheme of Examination unanimously decided to recommend to the University the scheme of examination (Annexure – C) decided by the Board of Studies and the same from the year 2021-2022.

Agenda3: Preparation of panel of examiners.

The Board discussed in detail and prepared the panel of examiners and decided as under.

Decision: The BOS member unanimously prepared the BOS panel of Examiners attached Annexure – “D” and recommend to the University to consider the same. (Annexure “C”))
