| Dr. Vimala Swamy         | Dean - Faculty of Architecture                      | Internal member                  |
| Dr. P Ramachandra        | Registrar (Evaluation)                              | Internal member                  |
| Dr. Vinod Chippalkatti   | Vice-President, Centum Electronics, Bengaluru       | External member                  |
| Mr Srinivasan V B        | Director, Aspartika Biotech Pvt. Ltd, Bengaluru     | External member                  |

The member secretary welcomed all the members and requested the chair person to address the members. The Chairperson expressed that the University is in need of enhancing the number of quality researchers to take-up quality research. Also we are not able to obtain necessary consultancy as we are not strong to exhibit our strengths in terms of competency, skills and capability. Hence building competency is the prime objective.

Considering the above fact, the chairperson sought the research advisory members for their opinions and after deliberation, the following ideas were discussed which have to be taken for further execution:

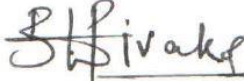

### ***Development & Implementation of research activities***

- Identifying dedicated full time quality researchers who can give tangible measurable outcome to our University.
- Identifying and collaborating with dedicated research organization to afford good publication and research to our University.
- School Directors and Dr. Divakar to conduct brainstorming sessions amongst the team internally to identify the forte areas of their respective school to execute focus research and thereafter to come out with the proposal.
- By considering the forte of each school, the VC recommended Dr. Divakar to rework on recruitment newspaper ads.
- Concerted effort to be made to bring in the quality research paper which could be taken to further level
- The Registrar proposed to divide into 05 subdomains as IPR Cell, Consultancy, Publication, Research Funding & Patents by identifying skilled person for each subdomains who will work under Dr. Divakar and are accountable to entire University
- Dr. Divakar has to identify the skilled person for each subdomains either in-house experts by reducing their workload and designating them with assigned activity or else to recruit from outside whichever is feasible who will be monitoring and supervising the team by providing advice and guidance when necessary in accomplishing the deadline targets and also purposes are met

The chair person advised Dr. Divakar to circulate the research policies draft amongst the team for their review and inputs. The final draft will be put forward to the University authorities for consideration.

Seed money: Members were informed that the university has sanctioned the seed money to Six number of proposals after the screening process to the tune of 90 L.

The meeting concluded with vote of thanks by member secretary.

| Name                     | Designation   | Signature   |
