IEEE announces India academic *Xplore* digital library packages price freeze for 2022 for the second consecutive year.

October 2021

Dear Valued IEEE Subscriber:

Thank you for being a valued subscriber to IEEE content through the IEEE Xplore Digital Library.

Considering the continued ongoing unprecedented challenges facing India's academic institutions and other delays, IEEE had decided to continue its 2021 price freeze of Xplore Digital Library academic prices for the subscription year 2022 (no price increase).

At IEEE, we realize these are incredibly challenging times, and your institution is doing its best to manage operations despite the impact of the global pandemic. However, we also recognize the effect that COVID-19 has on all subscribers and users of the IEEE Xplore Digital Library and the engineering community. As a support to the community, IEEE is freezing the prices for 2022 as done in 2021 (second consecutive year) in these unforeseen times.

While IEEE is announcing the freeze on 2022 prices, as done in 2021, IEEE will continue applying a 3% price increase to customers who delay their renewals and need IEEE to offer 12 months rolling subscriptions leading to a change in their subscription periods.

IEEE hopes that customers understand, appreciate and supports IEEE mission by renewing their subscription on time.

IEEE is committed to delivering the best experience possible, and we are determined to work with all our subscribers to ensure high satisfaction. We look forward to early on-time renewals orders. For any further information, don't hesitate to contact your account manager at EBSCO India.

we had subscribed for this database earlier
(3 yrs back) as we had switched ourselves to
"west law - international".

At present - "manupatra's" updated/improved
version is very much beneficial to the students
group, we have opted to cancel "west law" and
obtain access to "manupatra" again.
Manupatra online database is financially not
burdening our school, when compared to "west-
law international".
