## REVA UNIVERSITY

REVA University is established in Bengaluru, Karnataka State under the Government of Karnataka Act 80 of the year 2012 and notified in the Karnataka Gazette dated 7th Feb, 2013. Located 14 kms away from the Kempegowda International Airport on the way to Bengaluru city, the University has a sprawling green campus spread over in 45 acres of land equipped with state-of-the-art infrastructure and conducive environment for higher learning. The founders of REVA University, with missionary zeal, visionary outlook and philanthropic approach coupled with four decade long entrepreneurial leadership and a decade long experience are recognized, as leading educational venture through fastest developing higher education campuses. The REVA campus has well equipped laboratories, custom-built teaching facilities designed specifically to emulate the working conditions, fully air-conditioned library and central computer center. The well planned sports facility for variety of sports activities, facilities for cultural programs and friendly campus lifestyle add to overall personality development of students. The campus also has residential facility for students, faculty and other staff.

Currently, the REVA University offers 18 PG programs 15 Degree programs in Engineering and Technology, Science, Commerce and Management, Architecture, Law and Humanities in addition to research degrees leading to M Phil and PhD in different disciplines. The University aims to offer many more PG and UG programs in Science, Arts, Commerce, Management Education and Engineering and Technology and other discipline in coming years.

## ABOUT THE SCHOOL

The school of Civil Engineering is headed by highly experienced professor and is supported by well qualified faculty members. The School has the state-of-art class rooms and well equipped laboratories. It offers B.Tech and M.Tech programs in various specialized streams. The School also has research program leading to Doctoral degree.

The Curriculum of both graduate and post graduate degree programs have been designed to bridge the gap between industry – academia and hence they are industry application oriented. The B.Tech Programs aims to prepare human resources to play a leading role in the competitive construction field and excel in their endeavours. The Master Degree Programs focus on research and design in the core and Computer Aided Structural Engineering & Transportation Engineering & Management to Supplement and create a sustainable world and to enhance the global quality of life by adopting enhanced techniques of design and application. This is reflected in various core subjects offered within the program. Currently Civil Engineering teaching was limited planning, analysis, design and execution of different types of infrastructure like buildings, roads bridges and Dams. However, due to increase of technological sophistication and demand for higher living standards geared up by economic growth and concerns about environmental impact have changed the scope of civil engineering. The Challenges of Today's civil Engineering infrastructure are much more complex and interdependencies between resources. Due to that The REVA UNIVERSITY would like to offer Civil Engineering programme to produce quality engineers who are effective and efficient engineers in problem solving and providing economical and sustainable infrastructural solutions

## ABOUT THE WORKSHOP

This one-day intensive workshop is organized by the School of Civil Engineering, REVA University, exclusively for fifth semester students. The workshop is designed to give the students an overview of GATE AND GMAT EXAM which will aid in understanding the importance of the use of exam for higher studies in civil engineering

**Expert talk – GMAT Coaching**

The consultants at GMAT coaching are people who have crossed the minefield and they know what it takes to get into a good MBA program. They have done what you are doing now and they have successfully completed their MBA from a reputed school and have graduated from those schools before serving on the admissions committee for their respective schools. The wealth of experience that backs you in your pursuit towards MBA is priceless. Rest assured you can relax knowing well that the work is being handled by people who know what they are doing. There is a difference between reaching a destination and almost reaching a destination. You may be good enough to make it as far as going beyond GMAT but you may want to consider taking a professional's assistance for making it into a B school that fits your profile. And it is here that Manhattan Review's professional services can be of great benefit to you.

Many of our students who have taken our services have made it to the top schools. Kellogg, London Business School, Duke, Kenan Flagler, Indian School of Business, Oxford (SAID), Cambridge (Judge), Carnegie Mellon University (Tepper), IIM-A, IIM-B, INSEAD (France), Queens School of Business, Rotterdam school of Management (Netherlands) and Yale University are some schools that our students have secured admissions into. You will be glad that you have chosen us for your services.
