Number of audience participated	220		
Venue	4 th Floor, School of CSA.		
Resource person:	REVA Placement Team		
Event organizing Body	School of CSA REVA University		

Objective of the Session

The main purpose of the training is to impart skills such as Programming Skills that would aid in the employability of the students. We are providing the training by the well qualified and experienced trainers to the students. To bridges the gap between corporates requirements and student's knowledge and skillsets. To guide and provide right module of training that meets the industry needs and improve their employability skills.

Topics discussed in the session

- **C Basics and DS Advanced Topics**– Procedural Approach, Array, pointer, string, function, recursion, searching, sorting, file handling and another important thing is Data structure in c (Stack, queue, linked list etc).
- C language concept, syntax, data types, different type of loops and usage, pointers.
- Life time of a variable? - (ex: static & global variables has lifetime from start to end of the program. like we have to know for stack & heap variables)
- Data memory model:
static area - static & global variables stored here
stack area - stack variables stored here (it will expands & shrinks when the program is executed)
heap area - runtime variables (when we use malloc) stored here.
- Branching and Looping.

Also

- Programs, code snippets were thought in this session.

Good ,It impleimplemented more on each and every subject as it made me easy to understand for upcoming topics.
Able to understand what interview questions are like...
Trying to apply the concept and turning it into something useful
Practise the notes and program
I prefer online learning more.
Excellent
Improve my programming skills by understanding and making use of the basics that were taught through the sessions.
It's helpful for placement activities
In placement activity
Help me in my future endeavors
It helps me in facing the interviews
Improve only the time not to teach whole day a single subject.
The way he taught was understandable and his way of conversation was good
In my placement activities
Work in companies
I learnt a lot from you but the teaching is extraordinary
It'll be useful for the placement purpose
I gained knowledge from this class I will implement this idea in interview and get placement in good company
