**PUBLIC SECTOR**

**Benefits of Working in PSU**

- It encompasses a wide range of professions and roles, from social work to engineering, banking, and housing to human resources.
- One of the best - and for some, the most important - reasons to pursue a career in the public sector is the chance to make a difference.
- In terms of working climate, public sector organizations are frequently calmer than private sector organizations.
- Working flexibly is highly valued in today's culture.
- The public sector also offers a variety of benefits, ranging from gym memberships to daycare.
- The GATE exam is designed to assess students' knowledge in subjects such as engineering and science. The GATE scorecard is also used by a number of PSUs (Public Sector Undertakings) to recruit candidates for prestigious jobs at Indian Oil, GAIL, and Hindustan Petroleum, among others.
