## List of Participants

<b>Dr.P.Shyamaraju</b>	<b>Chancellor</b>
Dr. S. Y. Kulkarni	Vice – Chancellor
Dr. M. Dhanamjaya	Registrar
Dr. N. Ramesh	Dean, Training, Placement & Planning
Dr. B. P. Divakar	Dean, Research & Innovation Council
Dr. K Vijaya Bhaskar Raju	Dean-Internal Quality and Staff Development
Dr. P. Ramachandra	Registrar (Evaluation)
Mr. M. Vasu	DGM – Finance
<b>School Directors</b>	
Dr. Sunil Kumar S Manvi	Director-Computing and Information Technology
Dr. Rajashekhar Biradar	Director-Electronics & Communication Engineering
Dr. Ramalinga Reddy	Director-Civil Engineering
Dr. Beena.G Arts	Associate Dean-Arts & Humanities & Performing
Dr. Shubha	Director-Commerce and Management Studies
Dr. Rajashekhar P Mandi	Director-Electrical and Electronics Engineering
Dr. Narayana Swamy	Director-Mechanical Engineering
Dr. Vimala Swamy	Director-Architecture
Dr. Payel Dutta Chowdhury	Director-Arts & Humanities
Dr. Bharathi.S	Director-Legal Studies
Dr. Senthil	Director-Computer Science & Applications
Dr. Vidya Kumari.S	Director-Performing Arts
Col. Nataraj Kuppasad	Director-Administration
Dr. Vidya Shankar Shetty	Director-International Relations & Public Relations / Marketing and Branding
Mr. Nissar Ahmed	Manager-Human Relations
Dr. Kiran Kumari Patil	Director-University Industry Interaction and Skill Development Center
Dr. Shinu Abhi	Director-REVA Academy for Corporate Excellence

Report of the

# FIFTH REVA SUMMIT – 2019

Venue: REVA University Campus

**Dr. P. Shyama Raju**  
Hon'ble Chancellor

## Theme: Experience, Explore and Excel

"Success in life depends on action, that is, on what you do and not what you feel or think and the price of success is hard work. To work, to initiate, to get results and get results quickly is the key note of the modern age. Industry, concentration, self-reliance, a resolute will, added to integrity of character are the chief passports to success and these are within the reach of every active brain"

- Sir. M. Visvesvaraya

**Preamble:**

Ever since the First REVA Summit held on 30th October 2015, which was a one day brain storming session of all the School Directors and Officers, the Summit has become a regular practice and part of the annual REVA Calendar of Events. Further, the decisions arrived at the Summit became the directives to all the Schools of Studies, Units of Administration and Support Services of the University to move on in the lines of the decisions taken and implement them in full spirit. Reviewing the progress of implementation of these decisions taken at the Summit and setting new benchmarks to progress further has become a regular practice and has been the focus.

**REVA Summit – V**

The Fifth Summit of REVA University was conducted in the campus in the month of November, 2019. As has been the practice, the Directors of each School and each Department of the University starting from Academics to Administration kept their projections ready for the new academic year ahead. This year there was a change in the approach to the Summit as the Chancellor was clear that he was keen on seeing the road map and perspective plan of each School for the year ahead, for five years ahead and a projection for the next ten years ahead.

Bearing this guideline of the Chancellor in mind, each School prepared their road map and perspective plan for the years ahead. The theme for the Summit: Experience, Explore and Excel stemmed from the thought of each Director and member involved taking a step backward to retrospect and check as to what was the journey of their respective School and the University as a whole in the last 5 years of its existence and their experience as the leader of the School. This got captured in the thought process of the Directors as an experience of the School, from which was drawn the Exploration that the School would indulge in. The next exercise of Explore thus required each Director to plan the road map for the academic year ahead. Based on this thought process, the Directors then prepared a road map for the 5 years ahead as a perspective for their respective school and as a projection for the next ten years.

The following eight thrust areas were considered in REVA Summit V and these remained the primary areas for the REVA Summit too.

- a) Admission Marketing and Branding
- b) Academic and Examination Reforms
- c) Research and Innovation
- d) Training and Placement
- e) Finance (Revenue & Expenditure)
- f) HR Reforms
- g) Administration
- h) Internal Quality

The Chancellor Dr. P. Shyama Raju in his address stressed on accreditation of individual schools and NIRF ranking apart from orchestrated work towards ensuring NAAC A++ was the goal ahead for the University. He also made it clear that each School has to ensure that there is a plus one programme on offer and to ensure these programmes on offer are the best, faculty quality has to be enhanced. The Chancellor also emphasized on research and funded projects to be on focus and that innovation should be the key so as to ensure the University is positioned amongst the top league Universities of the World. At the end, the Hon'ble Chancellor gave his concluding remarks and Resolutions were arrived at.

## Resolutions of REVA Summit V:

### Admissions Reforms:

1. Resolved that Team Branding, Marketing and Admission will ensure that all seats as per the intake of the University will be filled in coordination with the respective School Directors.
2. Resolved that new programmes introduced in the New Year will be promoted and filled to capacity.
3. Resolved that the branding activities of the University will be strategized, planned and executed.
4. Improve the quality of faculty by attracting good quality faculty with background of IITs, reputed foreign Universities .
5. Improve the standard of academics being offered.
6. Improve the placement with better package and by attracting more core companies .
7. Improve the quality of students admissions by raising the minimum percentage of marks to 60 as eligibility criteria in 2018 .
8. Convert our students as the proud ambassadors of RU.
9. Reduce intake of programs not in demand and start new programs with diversified specializations keeping overall intake intact .
10. Create REVA University visibility internationally and increase admissions of International students (At least from SAARC countries to start with) by identifying the agencies for this purpose.
11. Establish International Centres, particularly in Performing Arts in collaboration with International Artists to offer courses in Performing Arts and to create international branding and to attract students .

### Marketing Reforms:

1. Adopt the same marketing policy followed in the academic year 2020 -21 and strengthen the processes wherever required .
2. Identify new areas/places/locations for marketing REVA offerings .
3. The dedicated marketing team will be formed with sole responsibility of marketing. On the need basis, faculty from schools could be taken for help. Same team will also take part in all educational fairs and exhibitions .
4. Communication skills and leadership qualities to take up the responsibility will be the basis for forming marketing team .
5. Tele-caller cell formed with dedicated staff shall make follow - up on the proceedings of marketing teams.

6. Central marketing team shall meet periodically at frequent intervals to assess the progress made in the marketing.
7. Chancellor to be kept in the loop on all activities of Marketing and Admissions.

### **Branding Reforms:**

1. Team to explore newer ideas / concepts in the market
2. Persuade PR / agency to rethink and come out with Brand positioning
3. Persuade schools to ensure showcasing is done with stakeholders
4. Bring in a differentiated experience in what REVA has to offer
5. Costing justification as again returns and value proposition
6. Clearly define a positioning statement with
  - a. Target – students
  - b. Point of difference – showcasing
  - c. Frame of reference – student feedback / experience / Alumni nexus

### **Academic and Examination Reforms:**

1. Resolved to periodically review and enhance the quality of syllabus by an Advisory Committee of experts other than BOS members. This Advisory Committee will meet at least once in a semester to thoroughly review the curriculum.
2. More focus on teaching quality and content of teaching from each school through a team of senior faculty of the school mentoring juniors; and by being present in few classes to ensure the right method of teaching.
3. Assessment of the effectiveness of RULO being offered.
4. Changes being incorporated shall be reflected in the curriculum uploaded in the website.
5. In order to get the academic offerings of REVA assessed, conduct an external audit by a team of experts drawn from institutions of repute like IITs and NITs.
6. To realize Digital REVA, LMS has to be fully utilized; lesson plans, PPTs shall be in digital form; e-assignments, e-evaluation, online quizzes have to be used by all teachers for effective teaching and learning.
7. Create question paper bank for all the subjects. To begin with, QB could be prepared for all subjects of 1st Year of all schools.
8. Evaluation has to be monitored strictly to avoid liberal assessment. Training for all junior staff on evaluation to enhance the pool of evaluators.
9. Motivate students to take more and more industry based projects and undergoes corporate based training.
10. Promoting/strengthening of peer learning, particularly in hostels.
11. Encourage students to read newspapers everyday and promote general reading to gain general knowledge, to prepare for aptitude tests and to be proficient in communication; Teachers will interact with students every day and discuss about the current affairs.

12. Motivate students, particularly engineering students should be motivated to study additional courses in Performing Arts, Yoga and other general studies that help them to gain general knowledge and also to know the cultural history of the country .
13. Bright students / Fast learners will be encouraged by giving critical assignments, project work, special training in thrust areas of the subjects and such others .
14. Slow learners will be motivated through remedial coaching, continuous and effective counseling and monitoring the same.
15. Faculty members will design MOOC courses and involve in SWAYAM program of the MHRD.
16. Organize regular faculty development programs for teachers to train them to take up digital teaching and learning, familiarize with Blooms Taxonomy a nd outcome based education to impart quality teaching.
17. Bring best teachers / experts from outside for teaching specialized subjects .
18. School of Management Studies / Arts & Humanities / Legal Studies / Performing Arts will engage more and more visiting faculty in specified areas of specialization from practicing fields.
19. Alumni Cell will be strengthened. Utilization of services of the Alumni members will be enhanced by inviting them to give special lectures, to be part of the BOS and such other Committee, for conducting webinars, obtaining feedback about the quality of syllabus etc.
20. Class teacher will be made custodian of all students of his / her class .
21. Programs to utilize the RACE facility all the days will be planned and implemented; RACE shall extend its training support to selected students of REVA by conducting training program.
22. Continue the practice of campus tour for all students soon after their admission, wherein they will be provided exposure about the infrastructure available in the campus .
23. Training of Faculty Member on Pedagogy, OBE and Blooms Taxonomy: All Directors will be made responsible for.
24. All the School Directors have to positively respond to the Skill development training programs organized by UIIC .
25. REVA drop out students shall be counseled to take up skill based certificate programs offered by REVA University which would help them in placements .
26. The funding model of skilling internal students will be designed and implemented .
27. The information regarding all activities conducted relating to Sk ill Development has to reach to Ministry of Skill Development & PMOs office for information on specific programmes.
28. The basement and ground floor of the main block shall be made free for expanding Skill Development activities and for installing Incubation Centers, Start Ups.

29. Formal classes of BCA / BBA / B Com / BA programs to be closed by 2:30 PM. Afternoon session can be utilized for certification programs. Effectiveness of this flexibility needs to be assessed.
30. Tablet based Examination implemented will be continued and refined. Fresh batch of students will be introduced year by year.

### **Research & Innovation Reforms:**

1. Policy on financial support to encourage innovation by students/ faculty members will be formulated A policy to encourage interdisciplinary research will be formulated so that there will be at least one running interdisciplinary research/project in every school within a year.
2. An effective monitoring system will be implemented to monitor the progress of students' projects and to identify projects with potential of future extension. All schools to have at least two such running projects within a year.
3. These policies would make provision for seed money for schools / faculty members, formation of Core Research Teams, establishment of more Centres of Excellence, and introduction of incentives for research activities.
4. Dissemination of research outcomes in schools by faculty members will be made mandatory to enhance research culture.
5. Improve the quality of labs and other facilities to provide more practical exposure.
6. Form core research group under the guidance of researchers of eminence and bring out visible research output.
7. Research Conclave - Experts from abroad will be invited and conferences will be organized in all the schools under the auspices of the conclave to attract external scholars.
8. At present, the centers of excellence are working like any other research centers. The future direction is to make the centers totally independent with research staff so as to offer PG degree on their own. Centers of excellence will offer PG courses in thrust areas and employ full time scholars and experts with domain experts; the number of research personnel in the respective centers of excellence shall be increased to 30.
9. Creation of the department of PG Studies to orient PG students towards research and develop research culture among PG students.
10. Collaborative publications with external researchers shall be enhanced in each school .
11. Increase in publication by "yet to register" members is seen and effort to monitor will continue.
12. At least 2 Distinguished Expert lectures through centers of excellence shall be organized in a year.
13. The number of scopus indexed conference publications has seen a dip, more thrust will be given to organize conferences with Scopus indexed publications in order to enhance the Bibliometric Index.

14. Participation of students at national level competition is not significant; therefore greater attention to motivate students to participate in national and international level competitions under the supervision of faculty members will be given.
15. Patents are being filed by Engineering schools. Schools will be informed to conduct innovative competition to increase the number s of Patents.
16. Research Grants - Many members have applied for grants but conversion rate is not up to the expected level for various reasons. External assistance will be sought to enhance the number of Funded Projects.
17. Supporting the faculty members by reducing the administrative load to be considered. Hiring experts from industry to attract consultancy is to be explored.
18. A policy on reducing administrative loads for selected researchers / members contributing to consultancy/quality publications will have to be formulated.
19. Consultancy: Head hunting for recruiting experts who could attract and offer consultancy services by involving in - house members is to be explored .
20. Full time researchers: 20 Full -time researchers in Applied Sciences shall be recruited under the budget of R&I council .

### **Training & Placements Reforms:**

1. Placement activities should be seriously taken and proper strategy to be developed to enhance the placement among the eligible students.
2. Training & Placement Officer for core companies in the area of Civil & Mechanical to be appointed exclusively and also to build relationship between Industry and University .
3. Categorize students in the beginning based on their interests and personal goals; and train accordingly for placements, entrepreneurship, higher studies, and such others .
4. Placement Cell will enforce students to attend all training / practice sessions failing which the students shall not be allowed to attend to the campus interviews .
5. Attract top notch companies for placement that will add to the brand of the University .
6. Minimum of Two Certificate Courses per year comprising minimum of 30 hours of duration each that are approved globally and also by companies shall be offered by each School. These shall be conducted either within the regular time table or additional courses. Certifications such as VMware certifications, Oracle, Microsoft, AWS, SAP etc will be promoted.
7. REVA Corporate Advisory Board shall meet regularly.
8. Attract Fortune 500 companies and Core companies.
9. To enhance the placements, the students should be counseled and trained in acquiring and updating general knowledge, aptitude skills, emotional quotient (stress), confidence level, proficiency in communication and attitude .
10. Training programs on Competitive exams like GRE, TOEFL, IELTS, IAS, IES, GATE & etc will commence from Oct 2019 onwards
11. CXO meets, HR meets Enhance Internships .

### **Finance (Revenue & Expenditure):**

1. The budget to be allocated for the schools shall be worked -out based on the revenue being generated. The incremental operating cost and the future developments shall be kept into consideration while deciding the fee structure for the academic year 2020 -21.

### **HR Reforms:**

1. Structured feedback for Directors & Staff.
2. System driven feedback, least intervention from stakeholders.
3. Paperless Leave Management System.
4. Review performance appraisal sheet based on last year appraisal.
5. ERP integration with attendance and update links for performance appraisal .
6. Incentive policy for star performers in Admission team .
7. Policy for variable component and incentives .
8. NPS as part of the retirement benefit .
9. PF contribution as part of the retirement benefit .

### **Administration Reforms:**

1. Will focus on all school based resource allotment, digital support, other maintenance and upgrading of resources.

### **Internal Quality Reforms:**

1. Resolved to participate in:
  - a) National institutional ranking framework (NIRF) (overall university, engineering, management, architecture & legal studies)
  - b) Indian Institutional Ranking Framework (IIRF) ( Engineering, Management, Architecture )
  - c) Karnataka State Universities Ranking Frame (K -Surf)
2. NAAC Accreditation
3. NBA / ABET Accreditation
4. Private rankings and surveys.
5. Quality Audit for Schools.
6. Readiness for accreditations.
7. Develop a Quality check manual for processes.
8. Individual School based accreditations.
9. Quality Policy for each School.

### **International Relations Reforms:**

1. Increased web presence and active communiqué
2. Enhance social media presence
3. Targets for student progression to be set School wise
4. Smoother process for registration and travel support
5. Possibility of exploring semester abroad programs
6. Short term courses engagement: Columbia University, - NY, University of Massachusetts - Amherst, George Washington University & University of California, Berkeley
7. Applied Sciences – Programme engagement

8. Expert faculty from Lakehead University, Canada
9. Engagement with Medforth Global Healthcare Education, Curtin University, Australia and Dubai engagement, University of Missouri, USA engagement
10. Cohort of students to RWTH / Curtin University / UC Riverside
11. ETSAB invited students
12. IQS Barcelona invited students
13. CITF – PBL & Internships
14. On invite – exchange of students & faculty
15. Summer programmes from Berkeley, Columbia , George Washington
16. Pre- medical programmes establishment

**UIIC Reforms:**

1. Introduce new skill based certificate programs for each Schools which will enhance employability.
2. Introduce Certification programs for external students thus adding onto the revenue of the department.
3. Sector focused incubation plan to be monitored and executed.
4. Host an Annual Event for NEST.
5. Popularize all programs offered by UIIC.
6. Bring in International collaboration and training.
7. Increase in number of startups
8. Innovation and entrepreneurship to be promoted.

### Action Plans and Timelines:

The deliberations of REVA summit V on following points were further converted to actions and every action in turn has been assigned with a time -line to respective action owners and to be spearheaded by the Vice - Chancellor. The Vice -Chancellor will come up with a Plan of Action on consequences to be set for non - adhering to timelines or failure to deliver as per the timelines promised by all stakeholders.

The detailed Action Plan with timelines are presented for further action. The Review Committee formed for each School by the Vice -Chancellor will review progress and implementation to ensure that all goals set are achieved by the team.

Admission, Marketing and Branding			
Sl. No.	Action Plan	Action Owner	Timeline
1.	Marketing activities has to commence with proper plan. All marketing material should be kept ready. Strategic plan needed to popularize new programmes.	Marketing & Branding Dept, Directors of Schools	30 <sup>th</sup> Oct. 2019

<b>Certification Courses For External Students 2020-22</b>		
<b>Sl. No</b>	<b>Name of The program</b>	<b>Expected Revenue (Per year) amount in lakhs</b>
1	Accounting and payroll Administration	2
2	Infrastructure Management Course	5
3	Digital Marketing Course	5
4	Business Management & Entrepreneurship	5
5	Machine Learning Course	5

<b>New Certification Courses 2022-2025</b>				
<b>Sl. No.</b>	<b>Course Name</b>	<b>Duration</b>	<b>Fees</b>	<b>Targeted Students</b>
1	Design thinking course	2 - 3 Months	20,000	All Engineering Students
2	Accelerator program	3 – 6 Months	40,000	All Engineering Students & Non Engineering Students
3	ML/AI Boot camp	2 Months	10,000	All Engineering Students
4	Patenting and Copy write	2 Months	10,000	All Engineering Students & Non Engineering Students
5	Technology Transfer & commercialization	2 Months	10,000	All Engineering Students
6	Post Graduate Program in Machine Learning	1 Year	120000	All Engineering Students
7	Post Graduate Program in Artificial Intelligence	1 Year	120000	All Engineering Students

## REVA PERSPECTIVE PLAN

### Education

- Strong implementation policy and feedback mechanism from various stakeholders
- Strengthening research skills of faculty and initiate the spirit of research amongst students
- Promotion of human values and sensitize students to these values through the curriculum
- Assessments that are stringent and student sensitive

### Administrative

- Digitize the entire system of governance
- ERP based systems and processes
- NAAC accreditation and NIRF ranking goals set
- Institute an Academic Audit process for Quality sustenance - Strong focus on gender equity

### Infrastructural

- Make tablet friendly classrooms and use kindle for loading curriculum
- Paperless Campus
- Animation based ppts for interactive blended programmes from staff
- Wifi enabled Campus, and
- Carbon Free Campus

### Leadership & Governance

- Long term leadership development for Directors
- Leadership programmes for Directors and Staff
- Grooming senior personnel to gear to take up larger roles in leadership
- Build on administrative personnel
- Staff friendly HR measures

## Conclusion

All the schools have worked individually on all these topics by involving faculty members in groups. The outcomes are listed with action plans with the target date. The responsible persons to carry-out the concerned task is also being listed and hence the monitoring the status of implementation has been streamlined. The mid-term evaluation and assessment of the implementation has to be scheduled. The associate Deans and the Mentors identified for the schools shall carry out periodical assessment and report the status. Based on these reports, the Directors shall schedule mid-term assessment and keep track of the status and present to the Hon'ble Chancellor and Vice Chancellor. Status report and also the bottlenecks for the implementation, if any will be furnished from time to time. The complete status report will be presented during next summit.
