IMPLEMENTATION OF E-GOVERNANCE - EXAMINATION

E-GOVERNANCE – EXAMINATION

E-Governance in examination defines major points that are essential when it comes to managing the examination system in the following contexts:

1. Maintaining of confidentiality
2. Issue of online admit cards
3. Filling of regular/re-appear and revaluation forms
4. Conduct of examinations
5. Receiving of examination papers
6. Uploading of marks
7. Publishing of marks
8. Creation of codes
9. Multiple test category creation
10. Transparent evaluation
11. Unbiased processing of results
12. Maximum services like ABC, NAD, and other queries
13. Grievance and redressal
14. Quick responses and closure

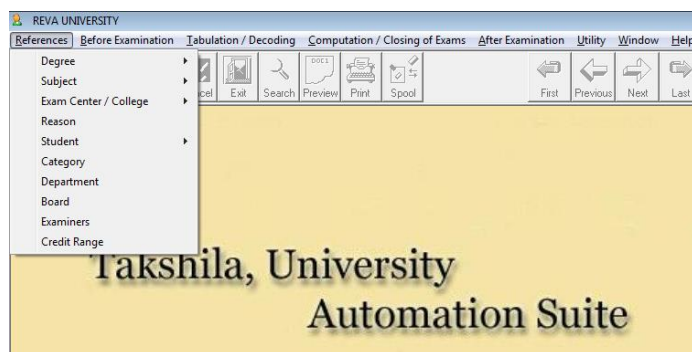

MANUAL OF AUTOMATED EXAMINATION SYSTEM

The examination management system is broadly classified into six major heads.

- 1. References**
- 2. Before examination**
- 3. Tabulation/Decoding**
- 4. Computation/Closing of Examination**
- 5. After examination**
- 6. Utilities**

1. REFERENCES:

The heading references include modules relating to various tasks. These tasks are: Degree (program defining), subject assigning, subject listing, and subject mapping and student master. Each one of these is explained below.

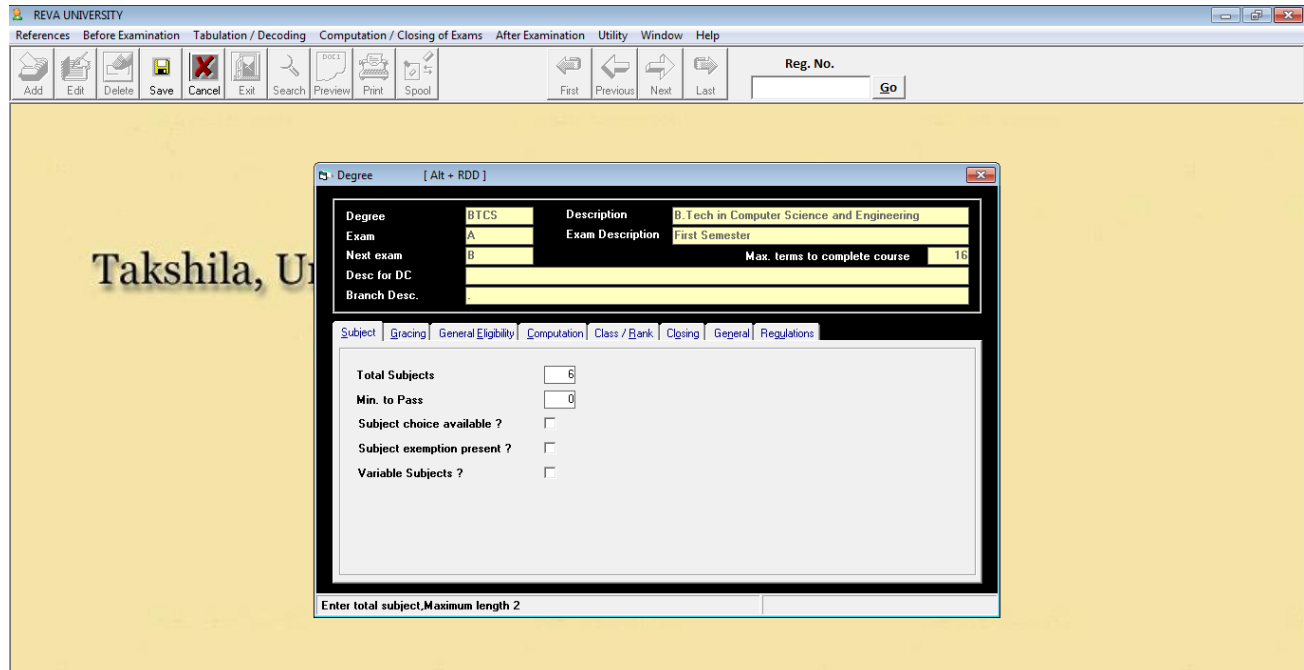

1.1. Degree(Program Defining)

Here the complete details of programs and Courses under each program offered by the University are entered. The rules and regulations of programs / courses offered by university are customized. It is one time activity. Following are the modules under this head.

- a) Subject
- b) Gracing
- c) General Eligibility
- d) Computation
- e) Class/Rank
- f) Closing
- g) General
- h) Regulations

1.1(a). Subject Modules:

The subject module contains total number of courses offered in each program. It also contains the duration of the program, subject choices available, subject exemptions and variable subjects.

The screenshot shows the REVA UNIVERSITY software interface. The main window has a menu bar (References, Before Examination, Tabulation / Decoding, Computation / Closing of Exams, After Examination, Utility, Window, Help) and a toolbar with icons for Add, Edit, Delete, Save, Cancel, Exit, Search, Preview, Print, Spool, and navigation buttons (First, Previous, Next, Last). A 'Reg. No.' field with a 'Go' button is also present.

A 'Degree' window is open, displaying the following information:

Degree	BTCS	Description	B.Tech in Computer Science and Engineering
Exam	A	Exam Description	First Semester
Next exam	B	Max. terms to complete course	16
Desc for DC			
Branch Desc.			

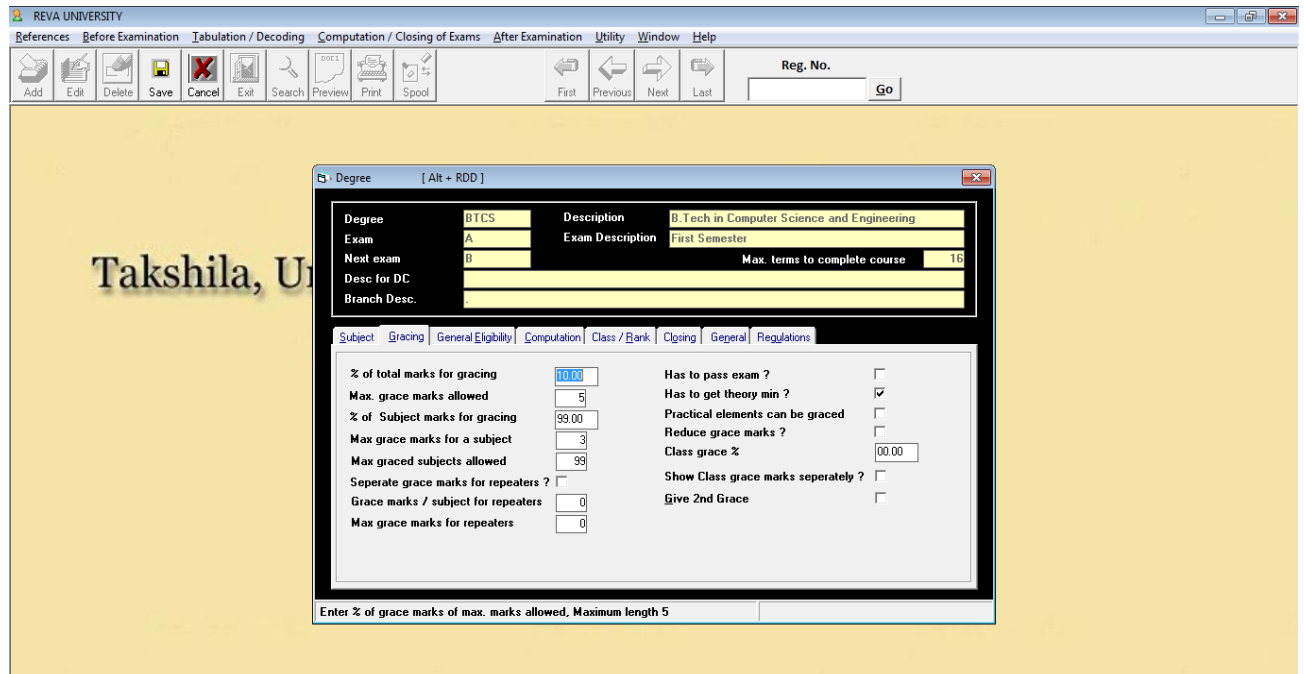

The 'Subject' tab is selected, showing the following configuration options:

- Total Subjects:
- Min. to Pass:
- Subject choice available?:
- Subject exemption present?:
- Variable Subjects?:

At the bottom, there is a text field: "Enter total subject, Maximum length 2".

1.1(b). Gracing Module:

The gracing policies are defined under this module.

The screenshot shows the REVA UNIVERSITY software interface, similar to the previous one. The 'Degree' window is open, and the 'Gracing' tab is selected.

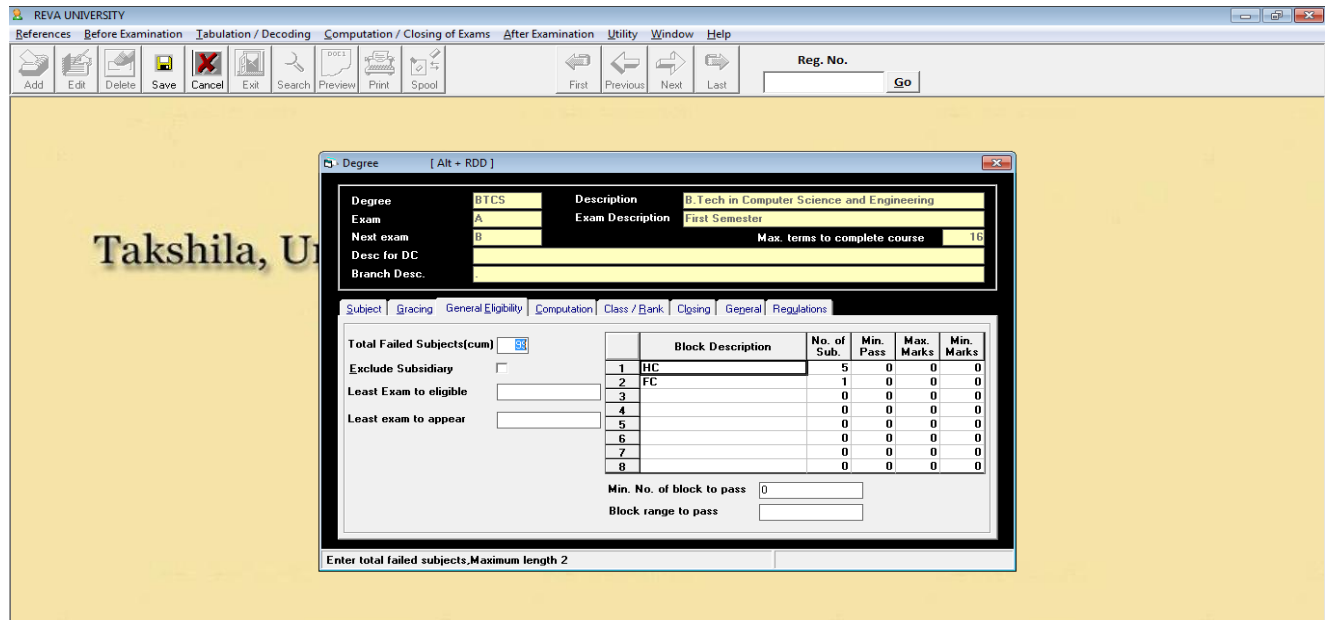

The 'Gracing' configuration options are as follows:

- % of total marks for gracing:
- Max. grace marks allowed:
- % of Subject marks for gracing:
- Max grace marks for a subject:
- Max graced subjects allowed:
- Separate grace marks for repeaters?:
- Grace marks / subject for repeaters:
- Max grace marks for repeaters:
- Has to pass exam?:
- Has to get theory min?:
- Practical elements can be graced:
- Reduce grace marks?:
- Class grace %:
- Show Class grace marks separately?:
- Give 2nd Grace:

At the bottom, there is a text field: "Enter % of grace marks of max. marks allowed, Maximum length 5".

1.1(c). General Eligibility Module:

The specification of the subjects are assigned in the below module. The number of different type of courses, viz., Hardcore, Softcore, Electives etc., are specified along with the maximum and minimum marks carried.

1.1(e). Class/Rank Module:

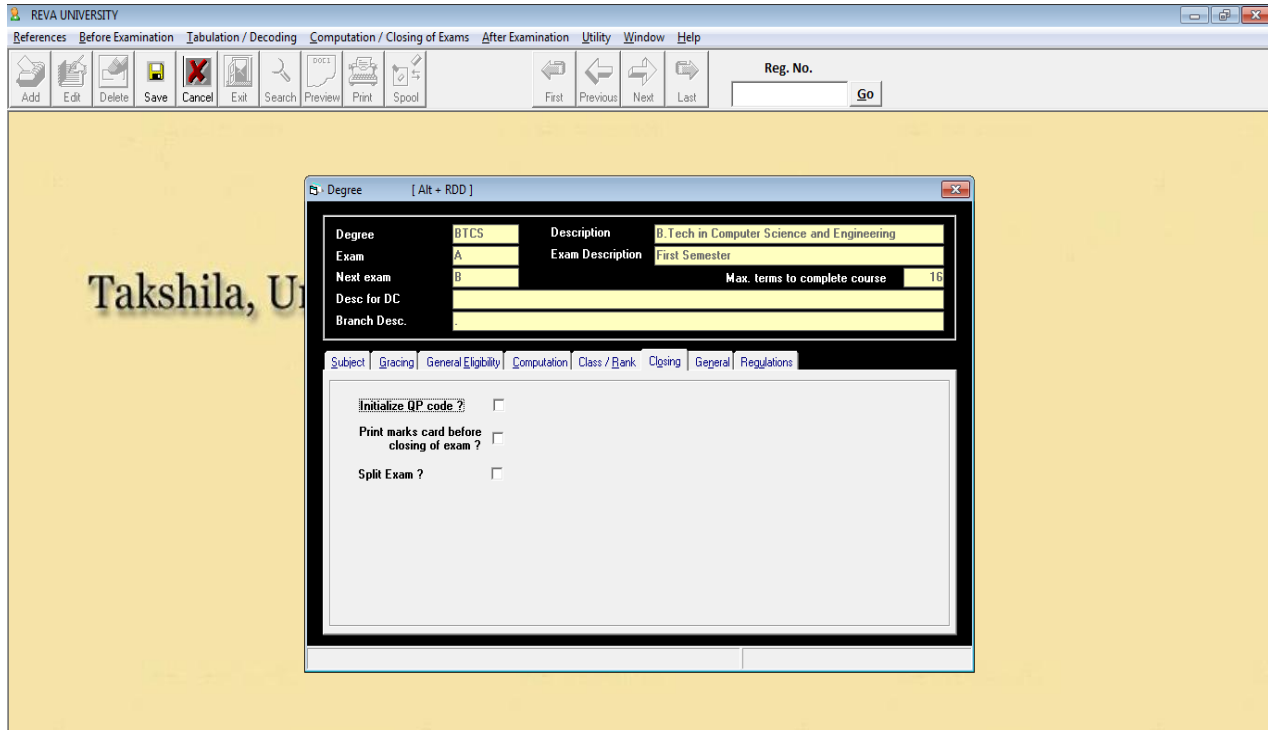

The class/grade rating is defined under this module. The marks secured by each candidate of each of the program are entered in this module. After entering the marks of all the courses the respective candidate has secured, the reports regarding total marks secured for each candidate, the class/distinction etc., are generated automatically from this module.

	From Marks (>=)	To Marks (<)	Credit Point	Grade
1	0.00	45.00	0.0	F
2	45.00	50.00	5.0	C

7	80.00	90.00	9.0	A+
8	90.00	999.00	10.0	O

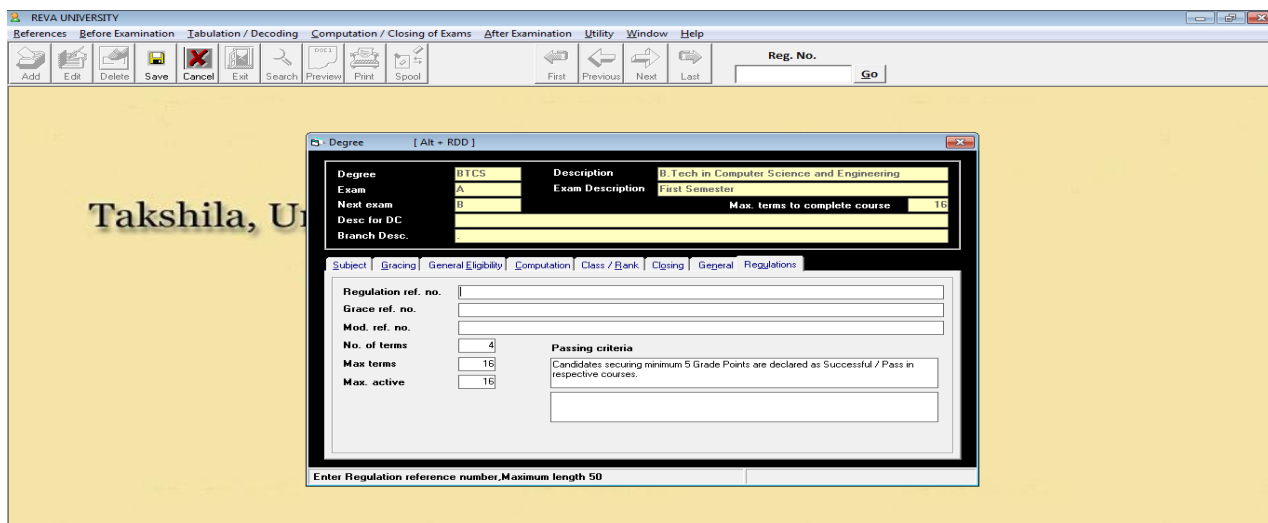

1.1(f). Closing Module:

Once the exams are completed and results are declared, the generation of marks sheets, graded cards are printed. The module facilitates printing of graded cards of all candidates of respective programs.

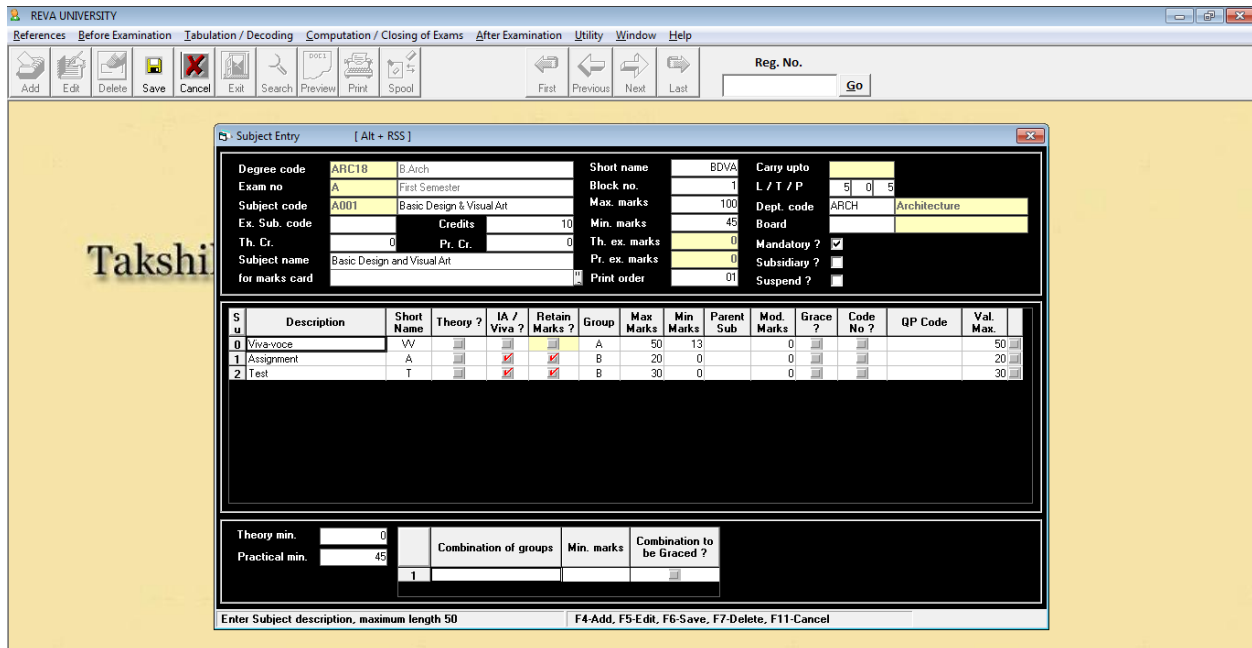

1.1(g). Regulation Module:

The module provides the status of each candidate about the duration taken to complete a given program/course. It automatically alerts in case of candidate passing the fixed duration in completing a given course/program.

1.2. Subject:

The module provides entries to enter the marks of different components of IA and SEE of respective course of a given program.

1.2(b). Student:

Here we enter the student's details of all branches in the form, an excel file is created and then imported.

1.3(a). Student Master

The module contains all details about the student including SRN., name of the school, name of the program, semester examination that the student has appeared and the status of marks secured in each course/subject. It also facilitates the number of attempts that a student has taken to pass a given course/subject.

The online platform is used in filling in the exam applications

Once logged in to application form portal. The basic details will be filled such as SRN., degree, exam details (semesters and subjects) for which the candidate will pay a fee and mention the challan details and save the details.

2. Before examination:

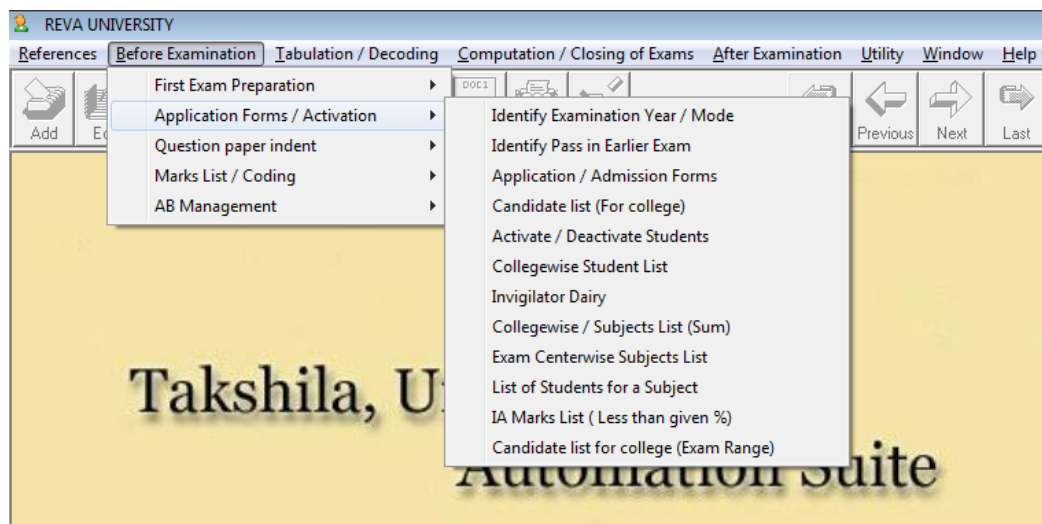

The modules under Before examination are:

1. Application Forms/Activation
2. Question paper indent
3. Marks List/Coding

2.1. Application Forms/Activation:

This module contains descriptors relating to application forms. It contains dropdown menu to activate/enable the concerned menu as and when required before commencement of the examination.

2.1(a). Identify Year/Exam mode:

This sub module is where we get to know in which year/mode the candidate currently pursuing.

2.1(b). List of students for given subject:

This sub module generates an excel format list of an active candidates applied for particular subject in the field mentioned. Display eligible candidates for preparation of batches for practical exam and generate A-Form and B-Form.

3.3(b). Deviation Report:

Generation of deviation report in case of multiple valuations and getting such answer scripts valued.

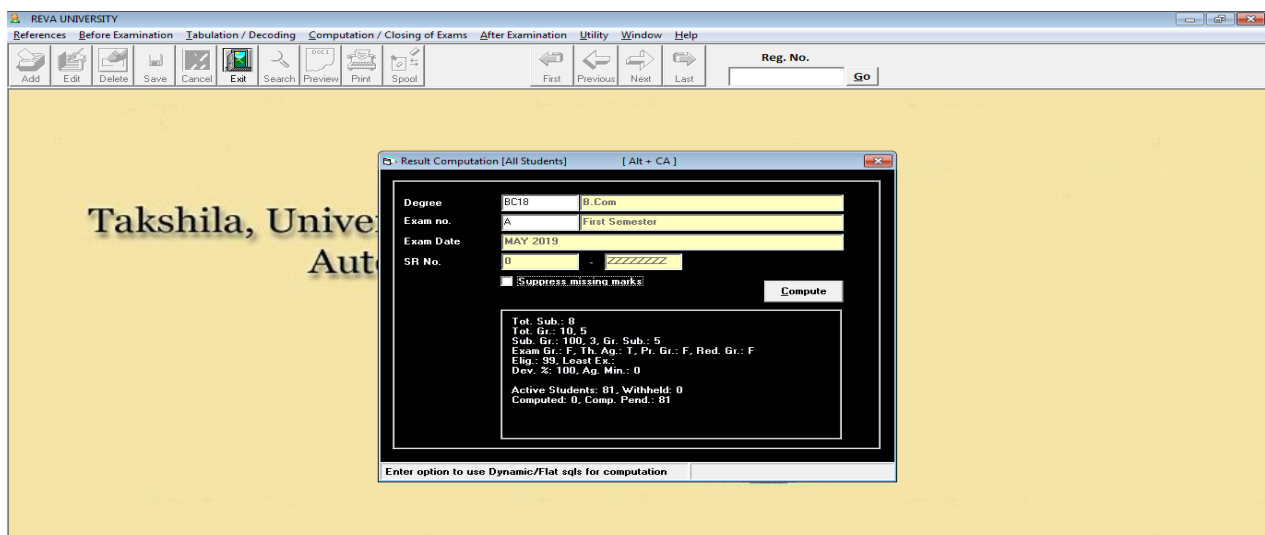

3.4. Decoding:

The module give options for decoding of coded cards.

4. Computation/Closing of Examination:

The module is used for result computation and closing of exams.

5. POST EXAMINATION:

The module which is allows the user to generate result statement, mark card/ledger, reports, result analysis and cancellation of marks card and result withdrawal

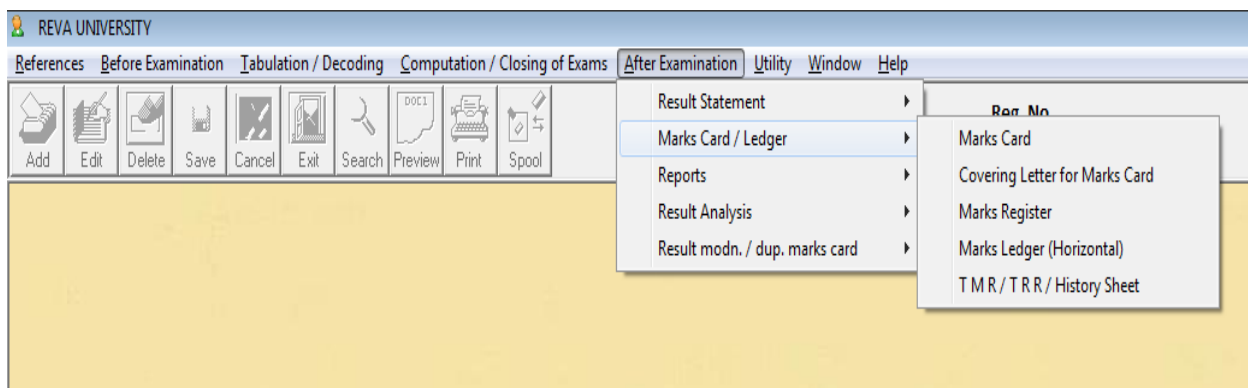

5.1. Result statement

The module allows user to generate results statements.

5.2. Marks card/Ledger:

The module give more options for marks card printing, marks register, marks ledger and history sheet.

5.2(a). Marks card:

The module is used to print the mark card with given option for consolidate too.

5.3. Reports:

This module providing various options for generate reports such as rank statements, highest marks list, toppers list, not promoted list, convocation certificates and list/data eligible for the same.

Degree certificate printing:

Degree certificate (sample):

 **REVA**
UNIVERSITY
Bengaluru, India

*We, the Visitor, the Pro-Visitor, the Chancellor, the Vice-Chancellor,
the Board of Governors and the Academic Council members of
the University hereby certify that*

**SIDDAVATAM MOHAMMAD
MANSOOR AHAMMAD**

has been duly admitted to the Degree of

Master of Technology

in Computer Aided Structural Engineering

*In recognition of the fulfillment of the requirement
for the said degree in the year 2016 with Register No. R14MCE28*

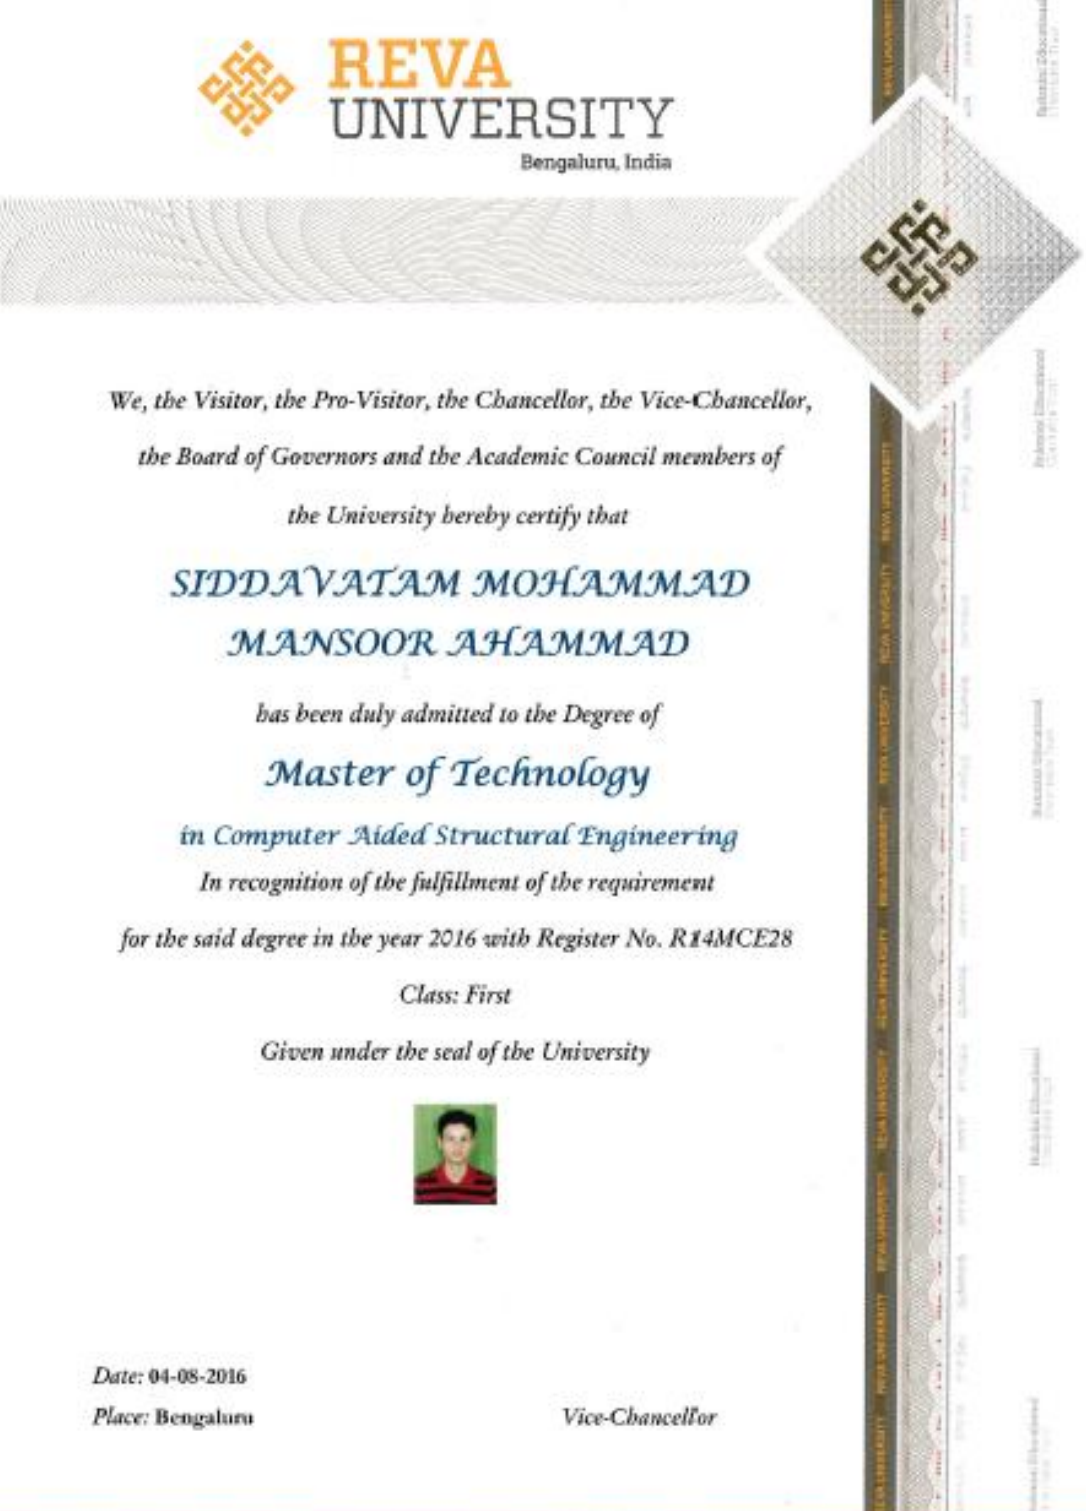

Class: First

Given under the seal of the University

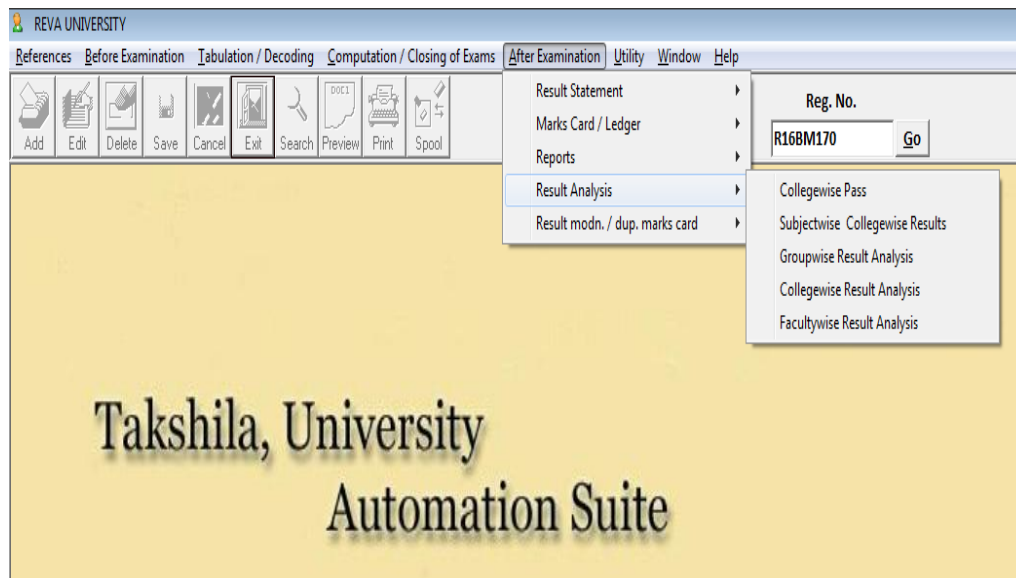

Date: 04-08-2016
Place: Bengaluru

Vice-Chancellor

5.4. Result Analysis:

This module gives the in detail analysis of result college wise and subject wise.

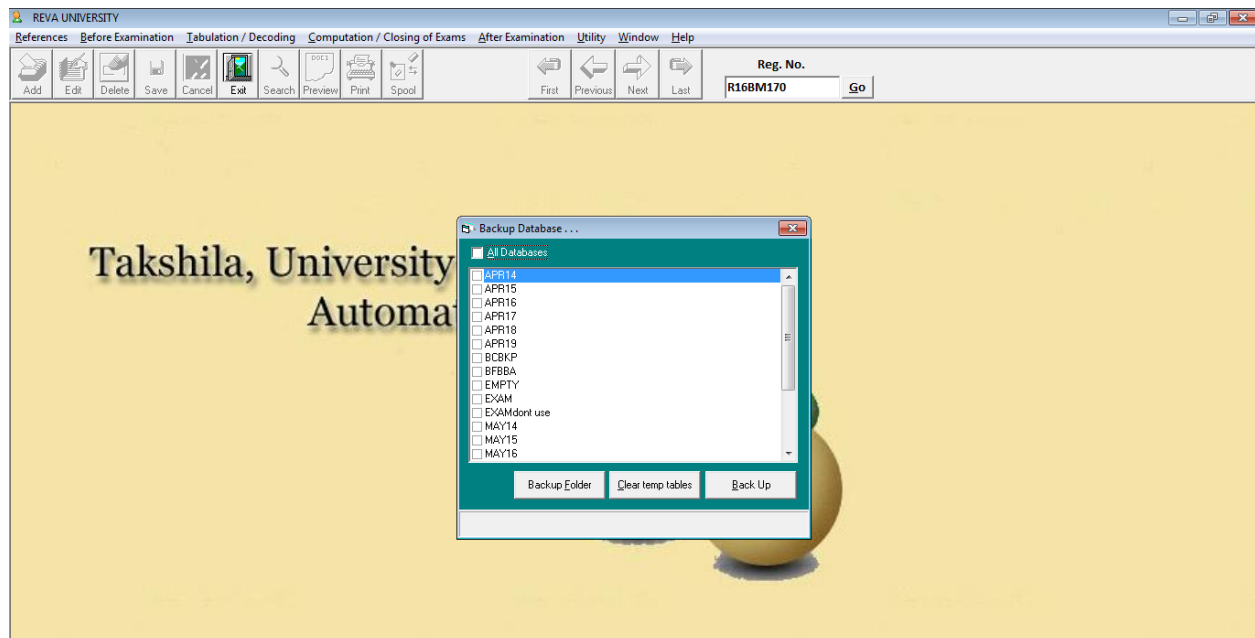

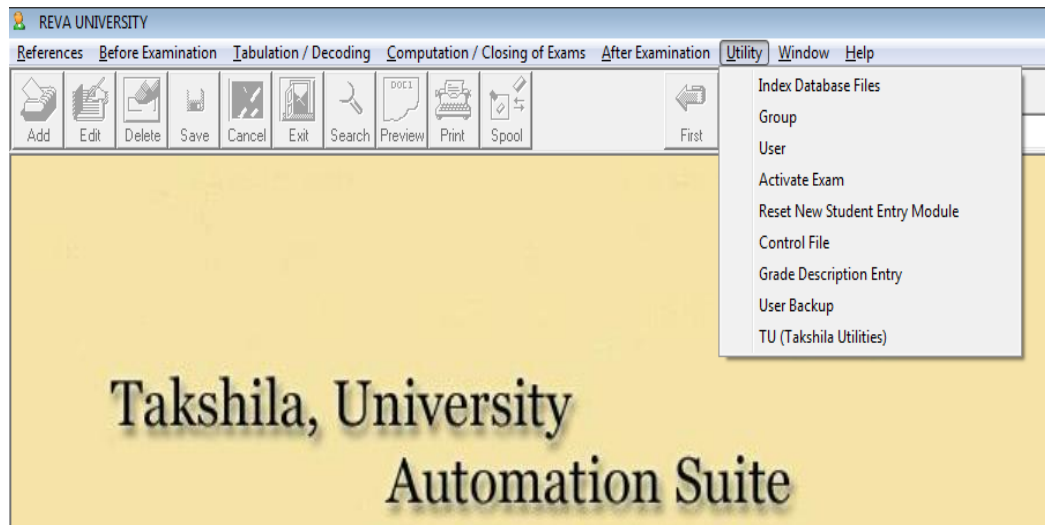

5.5. Result Modification/Duplicate marks card:

This module allows user to modify the results and issue duplicate marks card, if necessary result cancellation can be done.

6. Utilities:

This module is used for daily backup of database and Takshila Utilities (TU) is where all the importing and exporting of data happens between online and offline platforms and giving more options for user to modify the data in the software.

Guidelines for Tablet based examination

Conducting examinations in a secure and efficient manner is the core aspect of REVA University. The entire process of conducting an exam, right from authoring questions, delivering the exams, evaluating the responses and declaring results are accomplished digitally, thereby eliminating the necessity of paper in the entire process of adopting the Tab based examination option.

All the Internal Assessment & Semester end examination are been conducted using Paper less examination using Tabs starting 2018 in order to make the entire examination process itself Ecofriendly

The tablet based examination has been broadly classified into

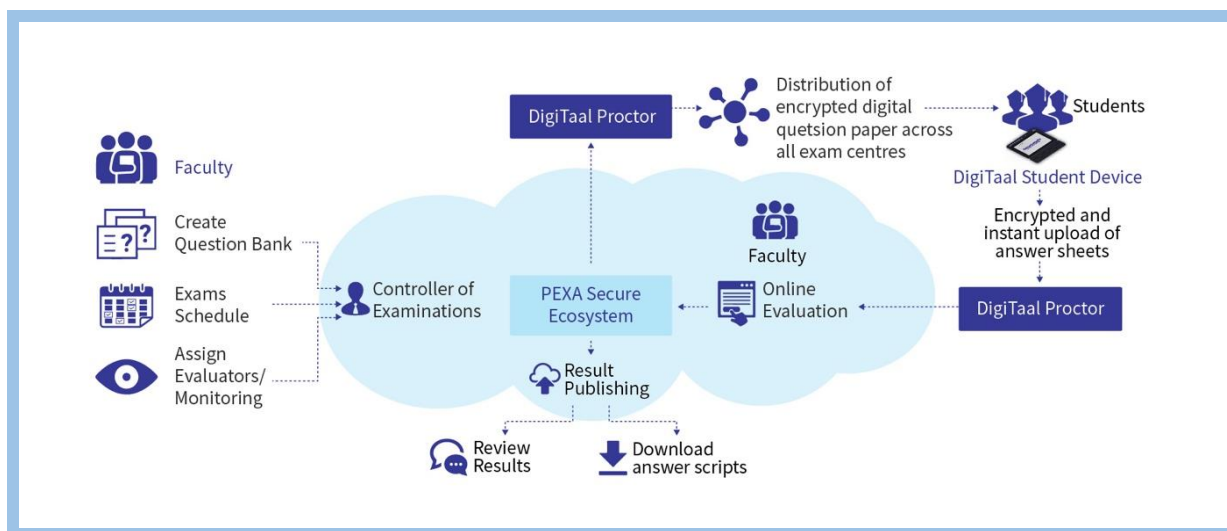

- a. Q bank creation
- b. Uploading of QP
- c. QP transmission
- d. Tablet based Test / Examination
- e. Students response image
- f. Digital Evaluation
- g. Result
- h. Reports

The below mentioned are the steps followed for tab based examination readiness by the COE:

- The master data is created based on the University Structure
- Collection of User Details – Authors are mapped based on the subject handled
- The Evaluator Details are collected and mapped to the respective school course and semester and students
- Collection of Student Details – Name, SRN, email, phone number, branch, semester.

- Transaction Data Creation (Exam Schedule - Event based)
- Training of Faculty (Exam Coordinators for Authoring)
- Training of Evaluators
- Training of Invigilators
- Student Mock Exam - QP Authoring
- Student Orientation
- Training of Students
- Finger Print Capture of student
- Mock Exams for students
- Support for Authoring (Off-site)
- Support for Authoring (On-site)
- Readiness activity prior to scheduled exams
- Availability of adequate number of Proctors + Writers+ accessories
- Conduct of exam as per MSA
- On ground support to handle Technical/Operational issues during exams
- Support for Evaluation (Off-site)
- Support for Evaluation (On-site)
- Publishing of results
- Handover of Answer Scripts post publishing of reports
- Facilitation of Audit Logs/trails in case of student complains/queries

Software: The PEXA Ecosystem - PEXA or Paperless Examinations Advantage is a secure ecosystem consisting of customized software and purpose-built hardware. This ecosystem includes a specially developed secure software system and services in the cloud, making it an end-to-end solution for students, faculty and administrators. Biometrics restricts access and prevents impersonation.

Advantages of using Tab based examination:

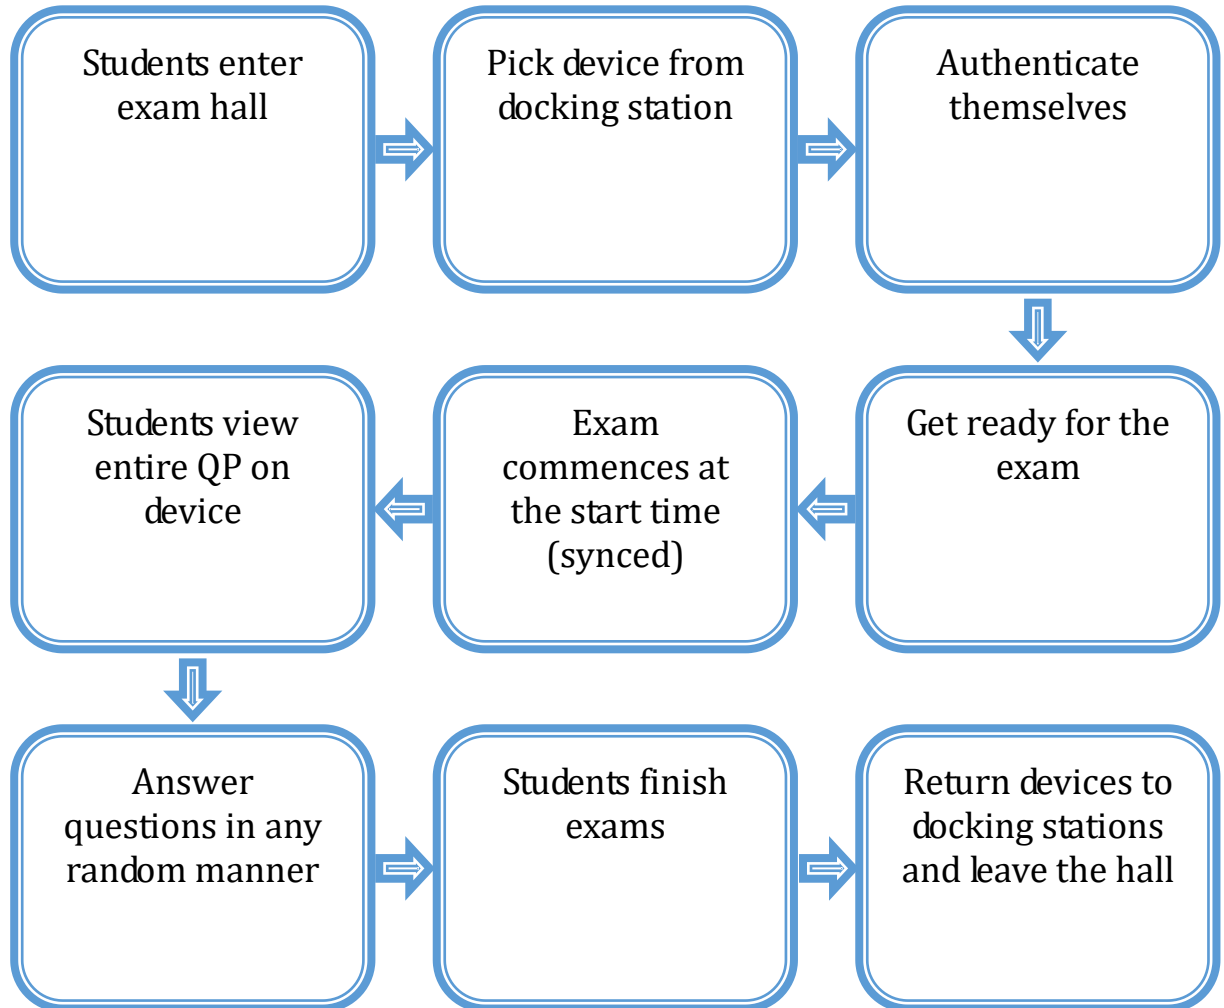

- Secure – Locked down OS and multiple levels of data security
- Time and Cost Efficient – Simplified processes for QP distribution, answer script collection, identity masking and evaluation
- Transparent – Evaluated answer scripts available for student view on Cloud
- Exam device which can be used to write/draw like on paper
- Multiple level redundancy zero loss of data
- Ergonomic palm rest for writing long hours
- Versatile (supports languages, diagram, notations, etc.)
- Custom built exam writing device
 - Completely secure and never connects to the internet
- Ergonomically designed with a palm-rest for long hours of writing
- Access to widgets such as shapes, calculator, rough sheet etc. for rich user experience
- Special surface on top glass
 - Interaction only with provided Stylus
 - Not a touch tablet
 - Reduces glare and possibility of eye strain

- Reduces viewing angle
- Students need not bring anything to the exam hall – No Admit Card, Pens, Pencils, Colour pens, Scales, Protractors, etc.
- The Device is biometric enabled

Features:

PROCESS	PAPERLESS DIGITAL EXAMS
QP Authoring (Per QP)	30 mins
QP delivery	15 mins
Answer script distribution/upload	30 mins
Answer script evaluation	1 week
Answer script storage	No physical space required
Result publishing	Immediate
Start to end exam cycle	15 to 20 days
Re-evaluation	No additional cost
Hidden Costs & Risks	Close to nil
Process inefficiencies	Mostly eliminated
Multimedia led question	Enabled
Randomizing evaluation of answer scripts	Enabled
Evaluation checks at multiple points	No additional time
Answer book view and re-evaluation	Available through cloud
Academic versatility	Extremely rich

Instructions to the Candidates:

- Candidate is advised to check the Course Code & Course Title before answering.
- Candidate is advised to read the instruction given in the Answer Booklet / TAB, before answering.
- Time Table printed in the Admission Ticket for Examination is tentative and is given for the information purpose only.
- Observe the seat as per SRN in the examination hall.
- Be present at the examination hall along with ID card and admission ticket at least 30 minutes before the commencement of the examination.
- Do not bring watches / printed aids, papers, mobile, digital diary, electronic instruments, write watches, programmable calculators to the examination hall. If found with the candidate in the examination hall any of these materials / gadgets, the same will be seized and the candidate will be booked under Examination Malpractice.
- Do not write any name, number, identify marks, religious symbols or appeal to the values in the answer book, as this will be treated as malpractice.

Here, click on Before Exam --> I.A. Marks --> I.A Marks entry, for entering IA marks for the students

The screenshot shows the REVA University portal interface. At the top left is the REVA UNIVERSITY logo with the text "Bengaluru, India". At the top right, it says "1004-Faculty of Engineering and Technology, RU, Bengaluru". Below the header, there is a navigation menu with a dropdown arrow labeled "Before Exam". The dropdown menu is open, showing options: "I.A. Mark Entry", "Subjectwise Freezing Sectionwise", and "Marks List". The "I.A. Mark Entry" option is highlighted. Below the navigation menu is a "Notice Board" section with a blue header. The notice board contains several paragraphs of text, including instructions for subject correction and room allotment. The text includes: "Schools are here by to inform that Subject Correction in Exam Application is Enabled In College portal. Procedures to be followed for Subject Correction.", "1. Before Exam--> Exam Application--> Subject Correction(Exam Application).", "2. Enter the Particular Student Register Number and Click on Tab, degree and Exam number will be displayed, Then Click on View.", "3. Enter the Correct subject Code or Click on F1 button in Sub Code Field and Select the Correct subject and Save.", "NOTE :Clear browsing history before subject correction. (To clear browsing history press CTRL+Shift+Del)", "NOTE : School are instructed to select option II while preparing room allotment for the below details 1st semester Regular Non-engineering, 1st and 2nd semester repeater Non-engineering batch Higher semester (3rd to 10th semester) Regular and repeater Non engineering batch", "Schools are instructed to make room allotment using the login credentials provided while training. All schools are instructed to use short code (As shown below) while creating Room Details. Example: CVRB-101 C V RAMAN BLOCK -- CVRB SIR M VISVERVARAYA BLOCK -- SMVB SWAMI VIVEKANANDA BLOCK -- SVB".

The below screen will be displayed for further process.

The screenshot shows the "Mark Entry Subjectwise 1" form in the REVA University portal. The form has a blue header with the text "Mark Entry Subjectwise 1" and "Save | Clear | Exit" on the right. The form contains several input fields: "Category:" with a dropdown menu showing "I.A (Theory)", "Degree Code:" with a text input field, "Exam:" with a text input field, "Subject:" with a text input field, "Reg. Range:" with a dropdown menu showing "B/W" and a text input field showing "0" and "ZZZZZZZZ", "Test:" with a dropdown menu, "Section:" with a text input field, "Short Name:" with a text input field, and "Max Mark:" with a text input field. There is a yellow "Go" button next to the "Section:" field. At the bottom right of the page, there is a "Save | Clear | Exit" link.

Here, the faculty should select category, Degree code, Exam, Subject.

There are 2 categories i.e., IA (Theory), IA (Practical), faculty should select the category based on subject specification as per the syllabus.

Below this is '2. Extract of IA1 & IA2 Schedule'. A red notice states: 'Schools are here by to inform that Subject Correction in Exam Application is Enabled In College portal. Procedures to be followed for Subject Correction.' followed by steps: 1. Before Exam----> Exam Application----> Subject Correction(Exam Application). 2. Enter the Particular Student Register Number and Click on Tab, degree and Exam number will be displayed. Then click on View. On the right, there is a 'Message Board' and an 'I Need Help' button.

Once the marks are entered the marks can be freezed and printout of the Report can be taken.

This screenshot is identical to the one above, showing the REVA University portal interface with the 'Practical Marks' dropdown menu open and the 'Marks Entry/Printing' option highlighted. The notice board and other page elements are the same as in the previous image.
