REVA University has entered the DIAMOND BAND under the Green Rankings 2023 based on Sustainability by R World Institutional Rankings. The award is a testimony to REVA University's efforts for building laboriously over a period of years, the three pillars of sustainability: Environment, People, and Economics. The rankings are based on the belief that all forms of sustainability on the planet correlate to human conduct and the ethical aspects of reality are critical to ensure sustainability. Through this ranking, REVA ensures that the three pillars of sustainability are implemented responsibly to create awareness thereby supporting the Sustainable Institutions of India.
