## Chancellor's Message

*“Education is the most powerful weapon which you can use to change the world.”*

- Nelson Mandela

There was a time when survival depended on just the realization of physiological needs. We are indeed privileged to exist in a time when „intellectual gratification“ has become indispensable. Information is easily attainable for the soul that is curious enough to go look for it. Technological boons enable information availability anywhere anytime. The difference, however, lies between those who look for information and those who look for knowledge.

It is deemed virtuous to serve seekers of knowledge and as educators it is in the ethos at REVA University to empower every learner who chooses to enter our portals. Driven by our founding philosophy of „Knowledge is Power“, we believe in building a community of perpetual learners by enabling them to look beyond their abilities and achieve what they assumed impossible.

India has always been beheld as a brewing pot of unbelievable talent, acute intellect and immense potential. All it takes to turn those qualities into power is a spark of opportunity. Being at a University is an exciting and rewarding experience with opportunities to nurture abilities, challenge cognizance and gain competence.

For any University, the structure of excellence lies in the transitional abilities of its faculty and its facility. I am always in awe of the efforts that our academic board puts in to develop the team of subject matter experts at REVA. My faculty colleagues understand our core vision of empowering our future generation to be ethically, morally and intellectually elite. They practise the art of teaching with a student-centered and transformational approach. The excellent infrastructure at the University, both educational and extra-curricular, magnificently demonstrates the importance of ambience in facilitating focused learning for our students.

A famous British politician and author of the 19<sup>th</sup> century - Benjamin Disraeli, once said „A University should be a place of light, of liberty and of learning“. Centuries later this dictum still inspires me and I believe, it takes team-work to build successful institutions. I welcome you to REVA University to join hands in laying the foundation of your future with values, wisdom and knowledge.

**Dr. P. Shyama Raju**

The Founder and Honorable Chancellor, REVA University

## Vice-Chancellor's Message

The last two decades have seen a remarkable growth in higher education in India and across the globe. The move towards inter-disciplinary studies and interactive learning have opened up several options as well as created multiple challenges. India is at a juncture where a huge population of young crowd is opting for higher education. With the tremendous growth of privatization of education in India, the major focus is on creating a platform for quality in knowledge enhancement and bridging the gap between academia and industry.

A strong believer and practitioner of the dictum “Knowledge is Power”, REVA University has been on the path of delivering quality education by developing the young human resources on the foundation of ethical and moral values, while boosting their leadership qualities, research culture and innovative skills. Built on a sprawling 45 acres of green campus, this „temple of learning“ has excellent and state-of-the-art infrastructure facilities conducive to higher teaching-learning environment and research. The main objective of the University is to provide higher education of global standards and hence, all the programs are designed to meet international standards. Highly experienced and qualified faculty members, continuously engaged in the maintenance and enhancement of student-centric learning environment through innovative pedagogy, form the backbone of the University.

All the programs offered by REVA University follow the Choice Based Credit System (CBCS) with Outcome Based Approach. The flexibility in the curriculum has been designed with industry-specific goals in mind and the educator enjoys complete freedom to appropriate the syllabus by incorporating the latest knowledge and stimulating the creative minds of the students. Benchmarked with the course of studies of various institutions of repute, our curriculum is extremely contemporary and is a culmination of efforts of great think-tanks - a large number of faculty members, experts from industries and research level organizations. The evaluation mechanism employs continuous assessment with grade point averages. We believe sincerely that it will meet the aspirations of all stakeholders – students, parents and the employers of the graduates and postgraduates of REVA University.

At REVA University, research, consultancy and innovation are regarded as our pillars of success. Most of the faculty members of the University are involved in research by attracting funded projects from various research organizations like DST, VGST, DBT, DRDO, AICTE and industries. The outcome of the research is passed on to students through live projects from industries. The entrepreneurial zeal of the students is encouraged and nurtured through EDPs and EACs.

REVA University has entered into collaboration with many prominent industries to bridge the gap between industry and University. Regular visits to industries and mandatory internship with industries have helped

our students become skilled with relevance to industry requirements. Structured training programs on soft skills and preparatory training for competitive exams are offered here to make students more employable. 100% placement of eligible students speaks the effectiveness of these programs. The entrepreneurship development activities and establishment of “Technology Incubation Centers” in the University extend full support to the budding entrepreneurs to nurture their ideas and establish an enterprise.

With firm faith in the saying, “Intelligence plus character – that is the goal of education” (Martin Luther King, Jr.), I strongly believe REVA University is marching ahead in the right direction, providing a holistic education to the future generation and playing a positive role in nation building. We reiterate our endeavor to provide premium quality education accessible to all and an environment for the growth of overall personality development leading to generating “GLOBAL PROFESSIONALS”.

Welcome to the portals of REVA University!

**Dr.M.Dhanamjaya**

Vice-Chancellor, REVA University

## Message from the Director of the School

“For last year’s words belong to last year’s language/ And next year’s words await another voice/and to make an end is to make a beginning.” (T.S. Eliot) A hearty welcome to this ,new beginning”! The School of Arts, Humanities and Social Sciences at REVA University, one of the most sought-after schools, has cut a niche for itself by building a prominent academic record. The School offers Undergraduate, Postgraduate, and Ph.D. programs to scholars from all over the world, initiating in them the continuous urge to delve into the vast arena of creative and critical thinking.

The programs of study offered in the school foster cultural, social and political understanding and enhance the creative abilities of the scholars. Here, students not only develop knowledge in their area of specialization but also acquire practical skills useful for their future careers. We are at a wonderful phase when the domain of Arts, Humanities and Social Sciences all over the world is taking very meaningful and innovative turns. With various new career opportunities and specializations coming to the forefront, young enthusiasts have the boon of limitless career choices. We, at REVA University, deem it fit to channelize the potential of the young minds towards newer horizons. With the expertise of the highly qualified and committed teaching faculty members of the School, we continuously strive to provide the best practical knowledge to our students.

This academic year, keeping in mind our trend, our goals are set very high. Focusing primarily on Research and Development, the School will initiate every scholar under our wings to take a step forward in their specialized areas by engaging in collaborative and individual research projects. Research collaboration with other prestigious organizations is also in the pipeline. Many external subject specialists from the teaching fraternity as well as industry will bring in their expertise to our scholars, providing them with current scenarios of the entire world.

I invite you to participate in the many opportunities offered by the School of Arts, Humanities and Social Sciences join our hands to strengthen our participation in the international global Humanities forum.

The curriculum caters to and has relevance to Local, Regional, National, and Global developmental needs.

Maximum number of courses are integrated with cross-cutting issues with relevant to professional ethics, gender, human values, Environment & Sustainability.

With Best Wishes,

**Dr. Payel Dutta Chowdhury**  
Director  
School of Arts, Humanities and Social Sciences

## **RUKMINI EDUCATIONAL CHARITABLE TRUST**

It was the dream of late Smt. Rukmini Shyama Raju to impart education to millions of underprivileged children as she knew the importance of education in the contemporary society. The dream of Smt. Rukmini Shyama Raju came true with the establishment of Rukmini Educational Charitable Trust (RECT), in the year 2002. **Rukmini Educational Charitable Trust (RECT)** is a Public Charitable Trust, set up in 2002 with the objective of promoting, establishing and conducting academic activities in the fields of Arts, Architecture, Commerce, Education, Engineering, Environmental Science, Legal Studies, Management and Science & Technology, among others. In furtherance of these objectives, the Trust has set up the REVA Group of Educational Institutions comprising of REVA Institute of Technology & Management (RITM), REVA Institute of Science and Management (RISM), REVA Institute of Management Studies (RIMS), REVA Institute of Education (RIE), REVA First Grade College (RFGC), REVA Independent PU College at Kattigenahalli, Ganganagar and Sanjaynagar and now REVA University. Through these institutions, the Trust seeks to fulfill its vision of providing world class education and create abundant opportunities for the youth of this nation to excel in the areas of Arts, Architecture, Commerce, Education, Engineering, Environmental Science, Legal Studies, Management and Science & Technology.

Every great human enterprise is powered by the vision of one or more extraordinary individuals and is sustained by the people who derive their motivation from the founders. The Chairman of the Trust is Dr. P. Shyama Raju, a developer and builder of repute, a captain of the industry in his own right and the Chairman and Managing Director of the DivyaSree Group of companies. The idea of creating these top notched educational institutions was born out of the philanthropic instincts of Dr. P. Shyama Raju to engage in public welfare, quite in keeping with his support to other socially relevant charitable works, such as, maintaining the Richmond Road Park, building and donating a police station, gifting assets to organizations providing accident and trauma care, to name a few.

The Rukmini Educational Charitable Trust drives with the main aim to help students who are in pursuit of quality education for life. REVA is today a family of ten institutions providing education from PU to Post Graduation and Research leading to Ph.D. degrees. REVA has well qualified experienced teaching faculty members of whom majority are doctorates. The faculty members are supported by committed administrative and technical staff. Over 15,000+ students study various courses across REVA's three campuses equipped with exemplary state-of-the-art infrastructure and conducive environment for the knowledge driven community.

## **REVA UNIVERSITY**

REVA University has been established under the REVA University Act, 2012 of Government of Karnataka and notified in Karnataka State Gazette dated 27<sup>th</sup> February, 2013. The University is empowered by UGC to award degrees in any branch of knowledge under Sec.22 of the UGC Act. The University is a Member of Association of Indian Universities, New Delhi. The main objective of the University is to prepare students with knowledge, wisdom and patriotism to face the global challenges and become the top leaders of the country and the globe in different fields.

REVA University, located in between Kempegowda International Airport and Bangalore city, has a sprawling green campus spread over 45 acres of land and equipped with state-of-the-art infrastructure that provide conducive environment for higher learning and research. The REVA campus has well equipped laboratories, custom-built teaching facilities, fully air-conditioned library, central computer center, a well-planned sports facility with cricket ground, running track and variety of indoor and outdoor sports activities, and facilities for cultural programs. The unique feature of REVA campus is the largest residential facility for students, faculty members and support staff.

The University is presently offering 26 Post Graduate Degree programs, 34 Undergraduate Degree programs in various branches of studies and has 15000+ students studying in various branches of knowledge at graduate and post graduate level and 410 scholars pursuing research leading to Ph.D. in 19 disciplines. It has 900+ well qualified, experienced and committed faculty members of whom majority are doctorates in their respective areas and most of them are guiding students pursuing research leading to Ph.D.

The programs offered by the REVA University are well planned and designed after detailed study with emphasis on knowledge assimilation, applications, global job market and their social relevance. Highly qualified, experienced faculty members and scholars from reputed universities / institutions, experts from industries and business sectors have contributed in preparing the scheme of instruction and detailed curricula for various programs. Greater emphasis on practice in respective areas and skill development to suit to respective job environment has been given while designing the curricula. The Choice Based Credit System and Continuous Assessment Graded Pattern (CBCS – CAGP) of education has been introduced in all programs to facilitate students to opt for subjects of their choice in addition to the core subjects of the study and prepare them with needed skills. The system also allows students to move forward under the fast track for those who have the capabilities to surpass others. These programs are taught by well experienced qualified faculty members supported by the experts from industries, business sectors and such other organizations. REVA University has also initiated many supportive measures such as bridge courses, special coaching, remedial classes, etc., for slow learners so as to give them the needed input and build in the confidence and courage to move forward and accomplish success in their career. The University has also entered into MOUs with many industries, business firms and other institutions seeking their help in imparting quality education through practice, internship and also assisting students' placements.

REVA University recognizes the fact that research, development and innovation are the important functions of any university and has therefore, established an independent Research and Innovation division headed by a senior professor as Dean of Research and Innovation. This division facilitates all faculty members and research scholars to undertake innovative research projects in engineering, science & technology and other areas of study. Interdisciplinary and multidisciplinary research is given the topmost priority. The division continuously liaisons between various funding agencies, R&D Institutions, industries and faculty members of REVA University to facilitate undertaking innovative projects. It encourages student research projects by forming different research groups under the guidance of senior faculty members. Some of the core areas of research wherein our young faculty members are working include Data Mining, Cloud Computing, Image Processing, Network Security, VLSI and Embedded Systems, Wireless Sensor Networks, Computer Networks, IOT, MEMS, Nano- Electronics, Wireless Communications, Bio-fuels, Nano-technology for coatings, Composites, Vibration Energies, Electric Vehicles, Multilevel Inverter Application, Battery Management System, LED Lightings, Renewable Energy Sources and Active Filter, Innovative Concrete Reinforcement, Electro Chemical Synthesis, Energy Conversion Devices, Nano-structural Materials, Photo-electrochemical Hydrogen generation, Pesticide Residue Analysis, Nano materials, Photonics, Nano Tribology, Fuel Mechanics, Operation Research, Graph theory, Strategic Leadership and Innovative Entrepreneurship, Functional Development Management, Resource Management and Sustainable Development, Cyber Security, General Studies, Feminism, Computer Assisted Language Teaching, Culture Studies etc.

REVA University has also given utmost importance to develop the much-required skills through variety of training programs, industrial practice, case studies and such other activities that induce various skills among all students. A full-fledged Career Development and Placement (CDC) department with world class infrastructure, headed by a dynamic experienced Professor and Dean, and supported by well experienced Trainers, Counselors and Placement Officers is one of the highlights of the university.

The University also has University-Industry Interaction and Skill Development Centre headed by a Senior Professor & Director facilitating skill related training to REVA students and other unemployed students. The University has been recognized as a Centre of Skill Development and Training by NSDC (National Skill Development Corporation) under Pradhan Mantri Kaushal Vikas Yojana. The Centre conducts several add-on courses in challenging areas of development. It is always active in facilitating students a variety of Skill Development Training programs.

The University has collaborations with industries, universities abroad, research institutions, corporate training organizations, and Government agencies, such as, Florida International University, Oklahoma State University, Western Connecticut University, University of Alabama, Huntsville, Oracle India Ltd, Texas Instruments, Nokia University Relations, EMC<sup>2</sup>, VMware, SAP, Apollo etc, to facilitate student exchange and teacher–scholar exchange programs and conduct training programs. These collaborations with foreign universities also facilitate students to study some of the programs partly in REVA University and partly in

foreign university, viz, MS in Computer Science one year in REVA University and the next year in the University of Alabama, Huntsville, USA.

The University has also given greater importance to quality in education, research, administration and all activities of the university. Therefore, it has established an independent Internal Quality division headed by a senior professor as Dean of Internal Quality. The division works on planning, designing and developing different quality tools, implementing them and monitoring the implementation of these quality tools. It concentrates on training the faculty members to adopt the new tools and implement their use. The division further works on introducing various examination and administrative reforms.

To motivate the youth and transform them to become innovative entrepreneurs, successful leaders of tomorrow and committed citizens of the country, REVA University organizes interaction between students and successful industrialists, entrepreneurs, scientists and such others from time to time. As a part of this exercise great personalities, such as, Bharat Ratna Prof. C. N. R. Rao, a renowned Scientist, Dr. N R Narayana Murthy, Founder and Chairman and Mentor of Infosys, Dr. K Kasturirangan, Former Chairman ISRO, Member of Planning Commission, Government of India, Dr. Balaram, Former Director IISc, and noted Scientist, Dr. V S Ramamurthy, Former Secretary, DST, Government of India, Dr. V K Aatre, noted Scientist and former head of the DRDO and Scientific Advisor to the Ministry of Defense Dr. Sathish Reddy, Scientific Advisor, Ministry of Defense, New Delhi and many others have accepted our invitation and blessed our students and faculty members by their inspiring addresses and interaction.

As a part of our effort in motivating and inspiring the youth of today, REVA University also has instituted awards and prizes to recognize the services of teachers, researchers, scientists, entrepreneurs, social workers and such others who have contributed richly for the development of the society and progress of the country. One of such awards instituted by REVA University is „**Life Time Achievement Award**“ to be awarded to successful personalities who have made a mark in their field of work. This award is presented on the occasion of the “**Founders’ Day Celebration**” at REVA University on 6<sup>th</sup> January every year in the presence of dignitaries, faculty members and students. The first “REVA Lifetime Achievement Award” for the year 2015 has been awarded to Shri. Kiran Kumar, Chairman ISRO, followed by Shri. Shekhar Gupta, renowned Journalist for the year 2016, Dr. K J Yesudas, renowned playback singer for the year 2017. REVA has also introduced the “**REVA Award of Excellence**” in the year 2017 and the first awardee of this prestigious award is Shri Ramesh Aravind, Actor, Producer, Director, Screen Writer and Speaker.

REVA University organizes various cultural programs to promote culture, tradition, ethical and moral values to our students. During such cultural events the students are given opportunities to unfold their hidden talents and motivate them to contribute innovative ideas for the progress of the society. One of such cultural events is REVOTHSAVA conducted every year. The event not only gives opportunities to students of REVA but also students of other Universities and Colleges. During three days of this mega event students participate in debates, quizzes, group discussions, seminars, exhibitions and a variety of cultural events. Another important event is the Graduation Day for the final year students of all the programs, wherein, the

outgoing students are felicitated and are addressed by eminent personalities to take their future career in a right spirit, to be the good citizens and dedicate themselves to serve the society and make a mark in their respective sphere of activities. During this occasion, the students who have achieved top ranks and won medals and prizes in academic, cultural and sports activities are also recognised with awards and prizes. The founders have also instituted medals and prizes for sports achievers every year. The physical education department conducts regular yoga classes everyday for students, faculty members, administrative staff and their family members and organises yoga camps for villagers in the vicinity.

Recognizing the fast growth of the university and its quality in imparting higher education, the BERG (Business Excellence and Research Group), Singapore has awarded BERG Education Award 2015 to REVA University under Private Universities category. The University has also been honoured with many more such honours and recognitions.

## **SCHOOL OF ARTS, HUMANITIES AND SOCIAL SCIENCES**

The School of Arts, Humanities and Social Sciences, established in the year 2014, is one of the most sought-after Schools for Humanities programmes. At present the School offers three undergraduate programmes - B.A. in Journalism, English and Psychology; B.A. in Political Science, Economics and Journalism and B.A. in Tourism, History and Journalism and three post-graduate programmes – M.A. in English, M.A. in Journalism and Communication and M.Sc. in Psychology. The School offers programs that prepare graduates who are aware of and can interact with contemporary thought and research in their respective specializations and utilize the same in their professional lives. The graduates will also be equipped with foundation of subjects and variety of skills required to compete in the global job market. The School also facilitates research leading to Ph.D. in humanities disciplines in English, Psychology, Hindi and Kannada.

### **Why Arts, Humanities and Social Sciences @ REVA University?**

The UG and PG programs offered by the school are designed with an extremely contemporary curriculum, where learners get a variety of choices to select electives and specializations that they desire.

In **B.A. (JEP), B.A. (PEJ) and B.A. (THJ), B.A (JMC)** programs, students can experience a contemporary curriculum in a triple major scheme. In B.A. JEP, the focus is on equipping learners with various journalistic skills as well as creating a strong foundation of Psychology. The courses in English enable them to hone their communication which is the very basis of any career that they may choose in future. The triple combination opens wider avenues of career choices and ensures that students can decipher their own specialties in each stream. The needs of employers today are very global and intersperse different areas. Journalism provides opportunities in content writing, editing, filmmaking, photography, animation, print media, advertising, public relations etc. Psychology opens new areas in mental health such as counseling, clinical psychology, criminal psychology, human resources, personnel training etc. English is rudimentary to every aspect of the media field, particularly to writing, editing, publishing, content development, communication and teaching. The opportunities provided are limitless and with the emergence of New Media various individuals and associations are making their foray into blogging, vlogging, webcasting, podcasting and digital media marketing. Internships, research projects and placement trainings are integrated with the program to make it a full-fledged one. In B.A. PEJ, the students will gain an understanding of three major core disciplines associated with humanities and social sciences - Political Science, Economics and Journalism and gather proficiency and eligibility to pursue higher studies in any of the branch of studies and also allied branches. They will also be equipped to prepare for various

competitive exams for banking sector, central and state administrative government jobs. A Bachelor's Degree in Political Science, Economics and Journalism can help students to gain insights in various fields like media, management and administration in the public and private sectors. Career opportunities are available in academia, banking, economic consultancy, political campaign manager, politician, political consultant, international business specialist, PR specialist, and market researcher. The programme takes a multi-disciplinary approach to enlighten the students on the integral working of the significant three core subjects of the programme. In B.A. THJ program, the students will gain an understanding of three major core disciplines associated with humanities and social sciences -Tourism, History and Journalism and gather proficiency and eligibility to pursue higher studies in any of the branch of studies and also allied branches. A Bachelor's Degree in Tourism, Journalism & History addresses the requirements in the key sectors like hotels, restaurants, retailing, transportation, travel agencies, tour companies, tourist attractions, leisure, recreation and sport, and cultural industries. Besides these, students can also find scope in the industry as Travel Journalist, Travel Photographer, Blogger & Vlogger Archivist, Heritage manager, Historic buildings conservation officer, Museum or gallery curator, academia and research. The forte of this program is its multi-faceted approach to prepare skilled, confident, well-groomed and diligent aspirants who are well versed in the integral workings of the Tourism & Hospitality industry. In BA Journalism and Mass Communication programme, students are exposed to holistic learning that broadens their world-view and equips them to become effective communicators in all walks of life. This intricacy of maneuvering as a skilled communicator in both professional and personal spaces is what sets the programme apart and highlights its multi-dimensional nature.

The PG programs in English; Journalism and Communication, and M.Sc. Psychology are designed to make students ready for their future career. The focus in **M.A. English** program is to equip students with a complete knowledge of recent trends and concerns in literature and language in a global context. Emphasis is on building research skills in the learners and the courses are also exposed from that perspective. Learners are mentored and guided to take up various MOOC and other certification programs in their areas of interest. A compulsory research project is carried out by all students which is a preparation for serious research in the future. Various placement trainings in content writing, teaching pedagogy, etc. are designed within the curriculum. The **M.A. in Journalism & Communication** at REVA University is outlined with subtle observation on the contemporary advancements in the field of journalism and mass communication. The curriculum is precisely refined to promote an innovative learning platform to assimilate the fundamentals of journalism & communication aspects. Students studying this influential discipline learn the usage

of the various media i.e. print, radio, television, internet, photography, visual communication, graphics and animation, content writing, technical writing, media research and so on. They gain an insight into the history and organizational structure of these media which in turn aids them in evaluating the policies of media and how they are affecting and influencing the masses. The students of this program gain a firsthand knowledge of all such skills through real-life experiences, internships, projects, and so on. **M.Sc. Psychology** (Dual Specialization in Clinical Psychology and Organizational Psychology) program at REVA University is an extensive program which provides students an in-depth knowledge and training in the application of psychological theories and principles to the areas of Clinical and Organizational Psychology. The course for M.Sc. Psychology is well-structured in terms of academics and also combine the training and practical skills to equip for the present job market.

M.Sc. Psychology program is designed for students in such a way that it enhances their skills and competencies of an individual which is required for professional psychologists in the areas of Research, Assessment, Mental Health, Counselling, and Organizational Behavior.

#### **USP of the Programmes Run by the School of Arts, Humanities and Social Sciences:**

- Hi-tech State of the Art Media Lab and Studio with recording facility, radio room and editing room
- Well-equipped Psychology Labs
- Language Labs
- Contemporary curriculum
- Ample scope to gain practical exposure through internships. Present batch students are undergoing internships at Star Sports, Adzu Advertising, Red Advertisement, and so on.
- Academia-industry interface – expert lectures and workshops by resource persons from various industries, media houses, authors and academicians.
- Chance to participate in Vox Pops conducted by various TV Channels
- Chance to participate in various extension activities, such as, road shows, street theatre, educative programs, etc. in association with newspapers like *The Hindu* and other media houses.
- Training in event management – both in-house events and outside events, such as, International Film Festival conducted by Innovative Film City
- Training in anchoring for in-house events and outside events, such as, the Edu Expo by *The Hindu*
- Practical exposure through visits to various news channels, High Court, Press Clubs, etc.
- Certification programs, such as, Pearson Global English, Certification in Animation, Certification in Photography, etc.
- Certificate programs in foreign languages – French, German, Mandarin and Japanese
- Certification and training program for CBSE UGC NET exam
- Demo classes in teaching
- Training in placement/ employability skills integrated within the curriculum

- Complete guidance in research activities – students are trained by their mentors on presenting their research papers in conferences and seminars. They are also trained to publish their research papers in reputed journals. Many students have received “Best Paper” awards during conferences.
- Compulsory research project with complete guidance by teachers; deserving projects are published in the form of book or papers in journals.

### **VISION**

To promote excellence in advancement of Arts, Humanities and Social Sciences disciplines, professions, and services through education, research, innovation, extension and collaboration.

### **MISSION**

- Impart quality education to meet the needs of profession and society, and achieve excellence in teaching-learning and research in the area of communication, Journalism and Psychology through student-centric learning, interdisciplinary approach and innovative pedagogies;
- Attract and develop talented and committed human resource, and provide an environment conducive to research, innovation, creativity, and team-spirit;
- To establish collaborations, promote industry-university partnership, encourage entrepreneurship, and involve in community development services;
- Develop excellent infrastructural facilities, facilitate effective interaction among faculty and students with other schools, and foster networking with alumni, industries, institutions and other stake-holders; and
- To practice and promote high standards of professional ethics, enrich personality traits, promote patriotism and moral values.

UNIVERSITY

Bengaluru, India

**REVA University Academic Regulations**

**Bachelor Degree (3 years) Programs**

**(Applicable for the programs offered from 2021-24 Batch)**

(Framed as per the provisions under Section 35 (ii), Section 7 (x) and Section 8 (xvi) & (xxi) of the REVA University Act, 2012)

**1. Title and Commencement:**

- 1.1** These Regulations shall be called “**REVA University Academic Regulations – Bachelor Degree Programs 2021-24 Batch subject to amendments from time to time by the Academic Council on recommendation of respective Board of Studies and approval of Board of Management**”
- 1.2** These Regulations shall come into force from the date of assent of the Chancellor.

**2. The Programs:**

These regulations cover the following Bachelor Degree Programs of REVA University offered during 2021-24:

BBA Honours in Hospital and Health Care Management  
BBA Honours in Strategy and Leadership  
BBA Honours in Business Analytics and Design Thinking  
BBA Honours in Banking and Finance  
BBA Honours in Talent Management and Marketing  
B. Com Honours (Accounting and Taxation)  
B. Com Honours (Banking and Finance)  
B. Com Honours (Statistics and Accounting)  
B. Com Honours (Economics and Finance)  
Bachelor of Business Administration  
Bachelor of Business Administration (Honours)  
Bachelor of Business Administration (Entrepreneurship)  
B. Com (Industry Integrated)  
BA in Journalism and Mass Communication  
BA in Tourism, History and Journalism  
BA in Political Science, Economics and Journalism  
BA in Journalism, English and Psychology  
BA in Performing Arts, English and Psychology  
BCA  
BSc Microbiology Chemistry, Genetics  
BSc in Nutrition and Dietetics  
BSc in Medical Radiology and Diagnostic imaging  
Bachelor of Science Honours in Computer Science with specialization in Multimedia and Animation  
Bachelor of Science in Computer Science with specialization in Cyber Security  
B.Sc. (Honours) in Computer Science (specialisation in Cloud Computing and Big Data)  
B.Sc. Physics, Mathematics and Chemistry PCM  
B.Sc Physics, Mathematics and Computer science (PMCs)  
B.Sc. – Bioinformatics (Biology, Computer Science and Mathematics –BCsM)  
B.Sc. (Biochemistry, Microbiology, Medical Laboratory Technology)  
B.Sc. Mathematics, Statistics and Computer Science MStCs

B.Sc. (Biotechnology, Biochemistry and Genetics BBG)

**3. Duration and Medium of Instructions:**

**3.1 Duration:** The Bachelor Degree program is of 6 Semesters duration. A candidate can avail a maximum of 12 semesters - 6 years as per double duration norm, in one stretch to complete the Bachelor Degree, including blank semesters, if any. Whenever a candidate opts for blank semester, s/he has to study the prevailing courses offered by the School when s/he resumes his/her studies.

**3.2** The medium of instruction shall be English.

**4. Definitions:**

**4.1 Course:** “Course” means a subject, either theory or practical or both, listed under a program; Example: “Business Research Methodology” in BBA (Honors) program, “Auditing and Corporate Governance” in B Com (Industry Integrated) program are examples of courses to be studied under respective programs.

Every course offered will have three components associated with the teaching-learning process of the course, namely:

<b>L</b>	<b>Lecture</b>
<b>T</b>	<b>Tutorial</b>
<b>P</b>	<b>Practice</b>

Where:

**L** stands for **Lecture** session consisting of classroom instruction.

**T** stands for **Tutorial** session consisting participatory discussion / self-study/ desk work/ brief seminar presentations by students and such other novel methods that make a student to absorb and assimilate more effectively the contents delivered in the Lecture classes.

**P** stands for **Practice** session and it consists of Hands on Experience / Laboratory Experiments / Field Studies / Case Studies / Project Based Learning or Course end Project/Self Study/ Online courses from listed portals that equip students to acquire the much required skill component.

## **4.2 Classification of Courses**

**Courses offered are classified as: Foundation Courses, Core Courses, Hard Core Courses, Soft Core Courses, Open Elective Courses, Project work/Dissertation**

**4.2.1 Foundation Course:** The foundation Course is a compulsory course which should be completed successfully as a part of graduate degree program irrespective of the program of study

**4.2.2 Core Course:** A course which should compulsorily be studied by a candidate choosing a particular program of study

**4.2.3 Hard Core Course (HC) simply core course:** The **Hard Core Course** is a Core Course in the main branch of study and related branch(es) of study, if any, that the candidates have to complete compulsorily

### **4.2.4 Soft Core Course (SC) (also known as Professional Elective Course)**

A Core course may be a **Soft Core** if there is a choice or an option for the candidate to choose a course from a pool of courses from the main branch of study or from a sister/related branch of study which supports the main branch of study

**4.2.5 Mandatory Course (MC):** The mandatory course is non credited but must be passed in order to complete the Graduate Degree Program.

### **4.2.6 Open Elective Course (OE):**

An elective course chosen generally from other discipline / subject, with an intention to seek exposure to the basics of subjects other than the main discipline the student is studying is called an **Open Elective Course**

### **4.2.7 Project Work / Dissertation:**

School can offer project work/dissertation as a course. Depending on the duration required for completing the project/dissertation work, credits can be assigned. Normally 26 hours of practical work/project work/dissertation work is considered to be equivalent to a credit. School can classify project as a minor or a major project depending on the credits allotted. Normally, a minor project carries 4-6 credits and a major project carries double the number of credits of a minor project.

**“Program”** means the academic program leading to a Degree, Post Graduate Degree, Post Graduate Diploma or such other degrees instituted and introduced in REVA University.

## **5. Eligibility for Admission:**

5.1. The eligibility criteria for admission to **Three Years Bachelor Degree Programs** (6 Semesters) is given below:

Sl. No.	Program	Duration	Eligibility
1	Bachelor of Commerce (Industry Integrated)	6 Semesters (3 years)	Pass in PUC/10+2 with minimum 50% marks of any recognized Board / Council or any other qualification recognized as equivalent there to.
2	Bachelor of Commerce (Honours)		Pass in PUC/10+2 with minimum 75% marks of any recognized Board / Council or any other qualification recognized as equivalent there to.

3	Bachelor of Business Administration (Industry Integrated)	6 Semesters (3 years)	Pass in PUC/10+2 with minimum 50% marks of any recognized Board / Council or any other qualification recognized as equivalent there to.
4	Bachelor of Business Administration (Honours)	6 Semesters (3 years)	Pass in PUC/10+2 with minimum 75% marks of any recognized Board / Council or any other qualification recognized as equivalent there to.
5	Bachelor of Business Administration (Entrepreneurship)	6 Semesters (3 years)	
6	<b>Bachelor of Arts in</b> a) Journalism, English & Psychology (JEP) b) Political Science, Economics, Journalism (PEJ) c) Tourism, History & Journalism (THJ) d) Journalism and Mass Communication (JMC)	6 Semesters (3 years)	Pass in PUC /10+2 of any recognized Board / Council or any other qualification recognized as equivalent there to.
7	Bachelor of Arts in Performing Arts, English & Psychology	6 Semesters (3 years)	
8	Bachelor of Computer Applications	6 Semesters (3 years)	Pass in PUC/10+2 with at least 45% marks (40% in case of candidate belonging to SC/ST category) of any recognized Board/Council of any other qualification recognized as equivalent there to.
9	Bachelor of Science (Hons.) in Computer Science (with specialization in Cloud Computing & Big Data)	6 Semesters (3 years)	Pass in PUC/10+2 examination with Mathematics / Computer Science / Statistics as compulsory subject along with other subjects and obtained minimum 45% marks (40% in case of candidates belonging to SC/ST category) in the above subjects taken together from any Board recognized by the respective State Government /Central Government/Union Territories or any other qualification recognized as equivalent thereto.
10	<b>B Sc in</b> a) Physics, Chemistry and Mathematics (PCM) b) Mathematics, Statistics and Computer Science (MStCs) c) Physics, Mathematics and	6 Semesters (3 years)	Pass in PUC/10+2 with Mathematics as compulsory subjects and at least 45% marks (40% in case of candidate belonging to SC/ST category) of any recognized Board/Council or any other qualification recognized as equivalent there to.

	Computer Science (PMCs)		
11	<b>B Sc in</b> a) Bioinformatics – Biology, Computer Science & Mathematics (BCsM) b) Biotechnology, Biochemistry, Genetics c) Medical Laboratory Technology (BMLT)	6 Semesters (3 years)	Pass in PUC/10+2 with Biology as compulsory subject and at least 45% marks (40% in case of candidate belonging to SC/ST category) of any recognized Board/Council or any other qualification recognized as equivalent there to.

5.2 Provided further that the eligibility criteria are subject to revision by the Government Statutory Bodies, University from time to time.

## 6. Courses of Study and Credits

6.1 Each course of study is assigned with certain credit value

6.2 Each semester is for a total duration of 20 weeks, out of which 16 weeks dedicated for teaching and learning and the remaining 4 weeks for IAs and final examination, evaluation and announcement of results.

6.3 The credit hours defined as below

In terms of credits, every one hour session of L amounts to 1 credit per Semester and a minimum of two hour session of T or P amounts to 1 credit per Semester or a three hour session of T / P amounts to 2 credits over a period of one Semester of 16 weeks for teaching-learning process.

1 credit = 13 credit hours spread over 16 weeks or spread over the semester

**The total duration of a semester is 20 weeks inclusive of semester-end examination.**

**For Example:** The following table describes credit pattern

Lectures (L)	Tutorials (T)	Practice (P)	Credits (L:T:P)	Total Credits	Total Contact Hours
4	2	0	4:1:0	5	6
3	2	0	3:1:0	4	5
3	0	2	3:0:1	4	5
2	2	2	2:1:1	4	6
0	0	6	0:0:3	3	6
4	0	0	4:0:0	4	4
2	0	0	2:0:0	2	2

- a. The concerned BoS will choose the convenient Credit Pattern for every course based on size and nature of the course

**7. Different Courses of Study:**

Different **Courses of Study** are labeled as follows:

- a. Foundation Course (FC)
- b. Core Course (CC)
- c. Hard Core Course (HC)
- d. Soft Core Course (SC)
- e. Mandatory Course (MC)
- f. Open Elective Course (OE)
- g. Project Work / Dissertation: School can offer project work/dissertation as a course. Depending on the duration required for completing the project/dissertation work, credits can be assigned. Normally 26 hours of practical work/project work/dissertation work is considered to be equivalent to a credit. School can classify project as a minor or a major project depending on the credits allotted. Normally, a minor project carries 4-6 credits and a major project carries double the number of credits of a minor project.

These are defined under Section 4 of these regulations.

**8. Credits and Credit Distribution**

Registered candidates are required to earn the credits stated in the scheme

The following courses are Foundation Courses. Students registering for any of the programs mentioned in the table above are required to successfully complete the courses for the award of the degree.

1. Communicative English
2. Languages K / H / Additional English

The following courses are Mandatory Courses. Students registering for any of the programs mentioned in the table above are required to successfully complete the courses for the award of the degree.

1. Indian Constitution
2. Environmental Science

- 8.2.** The concerned BoS shall prescribe the credits to various types of courses and shall assign title to every course including project work, practical work, field work, self-study elective and classify the courses as **Foundation Course (FC), Hard Core (HC), Soft Core (SC), Mandatory Course (MC) and Open Elective (OE).**

8.3. The concerned BoS shall specify the desired Program Educational Objectives, Program Outcomes, Program Specific Outcomes and Course Outcomes while preparing the curriculum of a particular program.

8.4. A candidate can enrol during each semester for credits as prescribed in the scheme of the program.

8.5. Only such full time candidates who register for a minimum prescribed number of credits in each semester from I semester to VI semester and complete successfully prescribed number of credits for the award of the degree for three year program in 6 successive semesters shall be considered for declaration of Ranks, Medals, Prizes and are eligible to apply for Student Fellowship, Scholarship, Free ships, and such other rewards / advantages which could be applicable for all full time students and for hostel facilities.

**8.6 Add on Proficiency Diploma / Minor degree/ Honor Degree:**

To acquire Add on Proficiency Diploma/ Minor degree/ Honor Degree:, a candidate can opt to complete a minimum of 18-20 extra credits either in the same discipline /subject or in different discipline / subject in excess to prescribed number of credits for the award of 3 year degree in the registered program.

The Add on Proficiency Certification / Diploma/ Minor degree/ Honor Degree: so issued to the candidate contains the courses studied and grades earned.

**9 Assessment and Evaluation**

9.1 The Scheme of Assessment will have two parts, namely;

- i. Internal Assessment (IA); and
- ii. Semester End Examination (SEE)

9.2 Assessment and Evaluation of each Course shall be for 100 marks. The Internal Assessment (IA) and Semester End Examination (SEE) of for 3 year programs shall carry 50:50 marks respectively (i.e., 50 marks internal assessment; 50 marks semester end examination).

9.3 The 50 marks of internal assessment for 3 and 4 credit courses shall comprise:

Internal Test	30 marks
---------------	----------

Assignments / Seminars / Quizzes / Presentations / Case Studies etc.	20 marks
---	----------

**9.3.1** The assessment and evaluation procedure for integrated course with theory 2 credits and practical 2 credits that has been designed.

L: T: P: C - 2-0-2-4 (Total Contact Hours: 6 hrs)

Total semester end theory examination and practical examination marks will be scaled down to 50

The marks distribution is - IA1 +IA2 + SEE (Theory and practical) = 25+25+50=100

**9.3.2** The assessment and evaluation procedure for 1 and 2 credit courses is as follows

IA1 – 25 marks

IA2 – 25 marks

Both IA1 and IA2 will be added and 50% of the internal assessment is considered

SEE – 50 marks

The SEE marks will be reduced to 50%

The total marks for overall assessment will be (IA1+IA2 + SEE) = 50 marks

The SEE will be conducted for 2 hours.

**9.4** There shall be **two Internal Tests** conducted as per the schedule announced below. **The Students” shall attend both the Tests compulsorily.**

- 1<sup>st</sup> test is conducted for 15 marks during **8<sup>th</sup> week** of the Semester;
- 2<sup>nd</sup> test is conducted for 15 marks during **16<sup>th</sup> week** of the of the Semester;
- Suitable number of Assignments/quizzes/presentations are set to assess the remaining 20 marks of IA at appropriate times during the semester

**9.5** The coverage of syllabus for the said tests shall be as under:

- Question paper of the **1st test should be based on first 50% of the total syllabus;**
- Question paper of the **2<sup>nd</sup> test should be based on second 50% of the total syllabus;**

- 9.6** The Semester End Examination for 50 marks shall be held in the 18<sup>th</sup> and 19<sup>th</sup> week of the beginning of the semester and the syllabus for the semester end examination shall be entire syllabus.
- 9.7** A test paper is set for a maximum of 30 marks to be answered as per the pre-set time duration (1 hr / 1 hr 15 minutes / 1 hr 30 minutes). Test paper must be designed with School faculty members' agreed pattern and students are assessed as per the instructions provided in the question paper. Questions must be set using Bloom's verbs. The questions must be set to assess the students outcomes described in the course document.
- 9.8** The question papers for internal test shall be set by the internal teachers who have taught the course. If the course is taught by more than one teacher all the teachers together shall devise a common question paper(s). However, these question papers shall be scrutinized by School specific Question Paper Scrutiny Committee formed by the respective School Head /Director to bring in the uniformity in the question paper pattern and as well to maintain the necessary standards.
- 9.9** The evaluation of the answer scripts shall be done by the internal teachers who have taught the course and set the test paper.
- 9.10** Assignment/seminar/Project based learning/simulation based problem solving/field work should be set in such a way, students be able to apply the concepts learnt to a real life situation and students should be able to do some amount self-study and creative thinking. While setting assignment care should be taken such that the students will not be able to plagiarise the answer from web or any other resources. An assignment / Quiz or combination thereof can be set for a maximum of 20 marks. Course instructor at his/her discretion can design the questions as a small group exercise or individual exercise. This should encourage collaborative learning and team learning and also self-study.
- 9.11** Internal assessment marks must be decided well before the commencement of Semester End examinations
- 9.12** Semester End Examination: The Semester End Examination is for 50 marks shall be held in the 18<sup>th</sup> and 19<sup>th</sup> week of the semester and the entire course syllabus must be covered while setting the question paper.
- 9.13** Semester End Examination paper is set for a maximum of 100 marks to be answered in 3 hours duration. Each main question be set for a maximum of 25 marks, main questions can have 3-4 sub questions. A total of 8 questions are set so that students will have a choice. Each question is set

using Bloom's verbs. The questions must be set to assess the students outcomes described in the course document. (Please note question papers have to be set to test the course outcomes)

- 9.14** There shall be three sets of question papers for the semester end examination of which one set along with scheme of examination shall be set by the external examiners and two sets along with scheme of examination shall be set by the internal examiners. All the three sets shall be scrutinized by the Board of Examiners. It shall be responsibility of the Board of Examiners particularly Chairman of the BOE to maintain the quality and standard of the question papers and as well the coverage of the entire syllabus of the course.
- 9.15** There shall be single evaluation by the internal teachers who have taught the subject. However, there shall be moderation by the external examiner. In such cases where sufficient number of external examiners are not available to serve as moderators internal senior faculty member shall be appointed as moderators.
- 9.16** Board of Examiners, question paper setters and any member of the staff connected with the examination are required to maintain integrity of the examination system and the quality of the question papers.
- 9.17** There shall also be an **Program Assessment Committee (PAC)** comprising at-least 3 faculty members having subject expertise who shall after completion of examination process and declaration of results review the results sheets, assess the performance level of the students, measure the attainment of course outcomes, program outcomes and assess whether the program educational objectives are achieved and report to the Director of the School. **Program Assessment Committee (PAC)** shall also review the question papers of both Internal Tests as well Semester End Examinations and submit reports to the Director of the respective School about the scope of the curriculum covered and quality of the questions.
- 9.18** The report provided by the **Program Assessment Committee (PAC)** shall be the input to the Board of Studies to review and revise the scheme of instruction and curriculum of respective program
- 9.19** During unforeseen situation like the Covid-19, the tests and examination schedules, pattern of question papers and weightage distribution may be designed as per the convenience and suggestions of the board of examiners in consultation with COE and VC
- 9.20** University may decide to use available modern technologies for writing the tests and SEE by the students instead of traditional pen and paper
- 9.21** Any deviations required to the above guidelines can be made with the written consent of the Vice Chancellor
- 9.22** Online courses may be offered as per BACHELOR norms.  
For online course assessment guidelines would be as follows:

1. If the assessment is done by the course provider, then the School can accept the marks awarded by the course provider and assign the grade as per REVA University norms.
2. If the assessment is not done by the course provider then the assessment is organized by the concerned school and the procedure explained in the regulation will apply
3. In case a student fails in an online course, s/he may be allowed to repeat the course and earn the required credits

IAs for online courses could be avoided and will remain at the discretion of the School.

**9.23** The online platforms identified could be SWAYAM, NPTEL, Coursera, Edx.org, Udemy, Udacity and any other internationally recognized platforms like MIT online, Harvard online etc.

**9.24** Utilization of one or two credit online courses would be:

- 4 week online course – 1 credit – 15 hours
- 8 week online course / MOOC – 2 credits – 30 hours
- 12 week online course / MOOC – 3 credits – 45 hours

**9.25** **Summary of Internal Assessment, Semester End Examination and Evaluation** Schedule is provided in the table given below.

#### **Summary of Internal Assessment and Evaluation Schedule**

<b>S. No</b>	<b>Type of Assessment</b>	<b>when</b>	<b>Syllabus Covered</b>	<b>Max Marks</b>	<b>Reduced to</b>	<b>Date by which the process must be completed</b>
1	Test-1	During 8 <sup>th</sup> week	First 50%	30	15	8 <sup>th</sup> week
2	Assignment / quiz / presentation / any other assessment method as decided by the School	On or before 8 <sup>th</sup> week (10 marks)				
3	Test -2	During 16 <sup>th</sup> Week	Second 50%	30	15	16 <sup>th</sup> Week

4	Assignment / quiz / presentation / any other assessment method as decided by the School	On or before 16 <sup>th</sup> Week (10 marks)				
5	SEE	19/20 <sup>th</sup> Week	100%	100	50	20 <sup>th</sup> Week

- Note:** 1. Examination and Evaluation shall take place concurrently and Final Grades shall be announced as per the notification from COE.
2. Practical examination wherever applicable shall be conducted after 2nd test and before semester end examination. The calendar of practical examination shall be decided by the respective School Boards and communicated well in advance to the Controller of Examination who will notify the same immediately

### 10 Assessment of Students Performance in Practical Courses

The performance in the practice tasks / experiments shall be assessed on the basis of:

- Knowledge of relevant processes;
- Skills and operations involved;
- Results / products including calculation and reporting.

- 10.1** The 50 marks meant for Internal Assessment (IA) of the performance in carrying out Practical shall further be allocated as under:

i	Conduction of regular practical / experiments throughout the semester	20 marks
ii	Maintenance of lab records	10 marks
iii	Performance of mid-term test (to be conducted while conducting second test for theory courses); the performance assessments of the mid-term test includes performance in the conduction of experiment and write up about the experiment.	20 marks
<b>Total</b>		<b>50 marks</b>

- 10.2** The 50 marks meant for Semester End Examination (SEE), shall be allocated as under:

i	Conducting of semester end practical examination	30 marks
ii	Write up about the experiment / practical conducted	10 marks
iii	Viva Voce	10 marks
<b>Total</b>		<b>50 marks</b>

The duration for semester-end practical examination shall be decided by the concerned School Board.

**10.3** For MOOC and Online Courses assessment shall be decided by the BOS of the School.

**11. Evaluation of Minor Project / Major Project / Dissertation:**

Right from the initial stage of defining the problem, the candidate has to submit the progress reports periodically and also present his/her progress in the form of seminars in addition to the regular discussion with the supervisor. At the end of the semester, the candidate has to submit final report of the project / dissertation, as the case may be, for final evaluation. The components of evaluation are as follows:

Component – I	Periodic Progress and Progress Reports (25%)
Component – II	Demonstration and Presentation of work (25%)
Component – III	Evaluation of Report (50%)

All assessments must be done by the respective Schools as per the guidelines issued by the Controller of Examinations. However, the responsibility of announcing final examination results and issuing official transcripts to the students lies with the office of the Controller of Examinations.

**12. Requirements to Pass a Course:**

A candidate's performance from IA and SEE will be in terms of scores, and the sum of IA and SEE scores will be for a maximum of 100 marks (IA = 50 , SEE = 50) and have to secure a minimum of 40% to declare pass in the course. However, a candidate has to secure a minimum of 25% (13 marks) in Semester End Examination (SEE) which is compulsory.

**The Grade and the Grade Point:** The Grade and the Grade Point earned by the candidate in the subject will be as given below:

Marks, P	Grade, G	Grade Point (GP=V x G)	Letter Grade
90-100	10	v*10	O
80-89	9	v*9	A+
70-79	8	v*8	A
60-69	7	v*7	B+
55-59	6	v*6	B
50-54	5.5	v*5.5	C+

40-49	5	v*5	C
0-39	0	v*0	F
ABSENT			AB

*O - Outstanding; A+-Excellent; A-Very Good; B+-Good; B-Above Average; C+-Average; C-Satisfactory; F – Unsatisfactory.*

Here, P is the percentage of marks ( $P=[IA + SEE]$ ) secured by a candidate in a course which is **rounded to nearest integer**. V is the credit value of course. G is the grade and GP is the grade point.

**a. Computation of SGPA and CGPA**

The Following examples describe computation of Semester Grade Point Average (SGPA).

The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student in a given semester, i.e :  $SGPA (Si) = \frac{\sum(Ci \times Gi)}{\sum Ci}$  where Ci is the number of credits of the ith course and Gi is the grade point scored by the student in the ith course.

**Examples on how SGPA and CGPA are computed**

**Example No. 1**

Course	Credit	Grade Letter	Grade Point	Credit Point (Credit x Grade)
Course 1	3	A+	9	3X9=27
Course 2	3	A	8	3X8=24
Course 3	3	B+	7	3X7=21
Course 4	4	O	10	4X10=40
Course 5	1	C	5	1X5=5
Course 6	2	B	6	2X6=12
	16			129

Thus,  $SGPA = 129 \div 16 = 8.06$

**Example No. 2**

Course	Credit	Grade letter	Grade Point	Credit Point (Credit x Grade point)
Course 1	4	A	8	4X8=32
Course 2	4	B+	7	4X7=28
Course 3	3	A+	9	3X9=27
Course 4	3	B+	7	3X7=21

Course 5	3	B	6	3X6=18
Course 6	3	C	5	3X5=15
	20			141

Thus, **SGPA = 141 ÷ 20 = 7.05**

**b. Cumulative Grade Point Average (CGPA):**

Overall Cumulative Grade Point Average (CGPA) of a candidate after successful completion of the required number of credits for the respective programs are calculated taking into account all the courses undergone by a student over all the semesters of a program, i. e :  $CGPA = \frac{\sum(C_i \times S_i)}{\sum C_i}$

Where  $S_i$  is the SGPA of the  $i$ th semester and  $C_i$  is the total number of credits in that semester.

**Example:**

**CGPA after Final Semester**

Semester (ith)	No. of Credits (Ci)	SGPA (Si)	Credits x SGPA (Ci X Si)
1	20	6.83	20 x 6.83 = 136.6
2	19	7.29	19 x 7.29 = 138.51
3	21	8.11	21 x 8.11 = 170.31
4	20	7.40	20 x 7.40 = 148.00
5	22	8.29	22 x 8.29 = 182.38
6	18	8.58	18 x 8.58 = 154.44
<b>Cumulative</b>	<b>120</b>		<b>930.24</b>

Thus, **CGPA = 930.24/120 = 7.75**

**c. Conversion of grades into percentage:**

Conversion formula for the conversion of CGPA into Percentage is:

Percentage of marks scored = CGPA Earned x 10

**Example: CGPA Earned 7.75 x 10=77.5**

d. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

**13. Classification of Results**

The final grade point (FGP) to be awarded to the student is based on CGPA secured by the candidate and is given as follows.

<b>CGPA</b>	<b>Grade</b>	<b>Letter</b>	<b>Performance</b>	<b>FGP</b>
-------------	--------------	---------------	--------------------	------------

	(Numerical Index)	Grade		Qualitative Index
	G			
9 >= CGPA 10	10	O	Outstanding	Distinction
8 >= CGPA < 9	9	A+	Excellent	
7 >= CGPA < 8	8	A	Very Good	First Class
6 >= CGPA < 7	7	B+	Good	
5.5 >= CGPA < 6	6	B	Above average	Second Class
> 5 CGPA < 5.5	5.5	C+	Average	
> 4 CGPA < 5	5	C	Satisfactory	Pass
< 4 CGPA	0	F	Unsatisfactory	Unsuccessful

**Overall percentage=10\*CGPA**

- a. **Provisional Grade Card:** The grade card will be issued by the Controller of Examinations at the end of every semester indicating the courses completed successfully. The grade card provides **Semester Grade Point Average (SGPA)**.
- b. **Final Grade Card:** Upon successful completion of three year Degree, a grade card with **Cumulative Grade Point Average (CGPA)** will be issued by the Controller of Examinations.

**14. Attendance Requirement:**

- 14.1 All students must attend every lecture, tutorial and practical classes.
- 14.2 In case a student is on approved leave of absence (e g:- representing the University in sports, games or athletics, placement activities, NCC, NSS activities and such others) and / or any other such contingencies like medical emergencies, the attendance requirement shall be minimum of 75% of the classes taught.
- 14.3 Any student with less than 75% of attendance in aggregate of all the courses including practical courses / field visits etc., during a semester shall not be permitted to appear to the end semester examination and such student shall seek re-admission

**15. Re-Registration and Re-Admission:**

- 15.1 In case a candidate's class attendance in aggregate of all courses in a semester is less than 75% or as stipulated by the University, such a candidate is considered as dropped the semester and is not

allowed to appear for semester end examination and S/he shall have to seek re-admission to that semester during subsequent semester / year within a stipulated period.

- 15.2 In such case where in a candidate drops all the courses in a semester due to personal reasons, it is considered that the candidate has dropped the semester and s/he shall seek re-admission to such dropped semester.

**16. Absence during Internal Test:**

In case a student has been absent from an internal tests due to the illness or other contingencies s/he may give a request along with necessary supporting documents and certification from the concerned class teacher / authorized personnel to the concerned Director of the School, for conducting a separate internal test. The Director of the School may consider such request depending on the merit of the case and after consultation with course instructor and class teacher, and arrange to conduct a special internal test for such candidate(s) well in advance before the Semester End Examination of that respective semester. Under no circumstances internal tests shall be held / assignments are accepted after Semester End Examination.

**17. Provision for Appeal**

If a candidate is not satisfied with the evaluation of Internal Assessment components (Internal Tests and Assignments), s/he can approach the Grievance Cell with the written submission together with all facts, the assignments, and test papers, which were evaluated. S/he can do so before the commencement of respective semester-end examination. The Grievance Cell is empowered to revise the marks if the case is genuine and is also empowered to levy penalty as prescribed by the University on the candidate if his/her submission is found to be baseless and unduly motivated. This Cell may recommend for taking disciplinary/corrective action on an evaluator if s/he is found guilty. The decision taken by the Grievance committee is final.

**18. Grievance Committee:**

In case of students having any grievances regarding the conduct of examination, evaluation and announcement of results, such students can approach Grievance Committee for redressal of grievances. Grievance committees will be formed by CoE in consultation with VC.

For every program there will be one grievance committee. The composition of the grievance committee is as follows:-

- The Controller of Examinations - Ex-officio Chairman / Convener
- One Senior Faculty Member (other than those concerned with the evaluation of the course concerned) drawn from the school / department/discipline and/or from the sister schools / departments/sister disciplines – Member.
- One Senior Faculty Members / Subject Experts drawn from outside the University school / department – Member.

**19. Eligibility to Appear for Semester End Examination (SEE)**

Only those students who fulfil a minimum of 75% attendance in aggregate of all the courses including practical courses / field visits etc., as part of the program shall be eligible to appear for Semester End Examination

**20. Provision for Supplementary Examination**

In case a candidate fails to secure a minimum of 25% (13 marks) in Semester End Examination (SEE) and a minimum of 40% marks together with IA and SEE to declare pass in the course, such candidate shall seek supplementary examination of only such course(s) wherein his / her performance is declared unsuccessful. The supplementary examinations are conducted after the announcement of even semester examination results. The candidate who is unsuccessful in a given course(s) shall appear for supplementary examination of odd and even semester course(s) to seek for improvement of the performance.

**21. Provision to Carry Forward the Failed Subjects / Courses:**

A student who has failed in a given number of courses in odd and even semesters shall move to next semester of immediate succeeding year and final year of the study. However, s/he shall have to clear all courses of all semesters within the double duration, i.e., with six years of admission of the first semester failing which the student has to re-register to the entire program.

**22. Revaluation:**

- a. A student who desires to apply for revaluation shall obtain a photo copy of the answer script(s) of semester end examination by paying the prescribed fee within 10 days after the announcement of the results. This revaluation is applicable only for semester end examination.

- 23.** With regard to any specific case of ambiguity and unsolved problem, the decision of the Vice-Chancellor shall be final.

## **BA (Journalism, English, Psychology – JEP) Program Program Overview**

Humanities deal with human life and human experience qualitatively. Humanities investigates how do human beings behave? Why do they behave this way? How do human beings interact with each other? How do human beings interpret the world around them? And what kind of political, social and cultural institutions do they form?

The field of humanities include Modern languages, Classical languages, Linguistics, Literature, History, Jurisprudence, Philosophy, Archaeology, Comparative religion, Ethics, History, criticism and theory of the arts, Journalism, Psychology, Political science and such subject areas.

Bachelor of Arts programme in Journalism, English and Psychology is a triple major programme, offered by School of Arts, Humanities and Social Sciences at REVA UNIVERSITY. It intends to develop English language skills, Journalism as a profession and application of Psychology knowledge in dealing with the life issues amongst its students.

Journalism is all about collecting information and disseminating the facts and figures to the public via print, television and Internet. Journalists present the news in a manner that is useful, informative and thought provoking. Journalism careers include reporter, feature writer, intern, sub editor, designer, proof reader, newsreader, news presenter, news analyst, news editor, editor and many such.

English Literature and Language is offered as a subject to empower communication skills to polish the aspects of English language through the study of literature that enable the candidate to explore their critical and creative faculties. The subject ranging from British, American, European and Non-European literature to Literature from India and Theory and Criticism, provide the learner a vast saga of various Sociopolitical contexts and issues of local and global concerns that propels the student to enterprise in their chosen literary or non-literary endeavors with a better idea of the relevance of human values and to locate an ethical environment in day today professional and personal life. A comprehensive study of English literature instills human concerns, triggers a zeal for innovative ideas and enhances cognitive skills that refines the theory of mind.

Psychology is the scientific approach to understand human and animal behavior and applying the knowledge to solve day to day problems. General psychology is offered to orient the students to the general concepts of human behavior in the first year. Socialpsycholgy aims to better understanding of social behaviors and factors the influences it. Child development focuses on various developmental milestones of early years of life. To bring in research interest among the students“, research is introduced as mandatory paper with research project. To equip the students

for higher education the specialization papers such as Abnormal Psychology, Health Psychology and Industrial Psychology is offered. The course aims at Self-development and Psychological wellbeing of students across their journey.

The language skills and understanding psychology of people helps a Journalist to gain expertise in his/her profession.

As per the data available with the Government, a total of 1, 05,443 newspapers/periodicals are registered with the Registrar of Newspapers for India as on 31st March, 2015. There are more than 120 TV News channels and in addition there are huge opportunities to write blogs and news on internet. There are thousands of opportunities in corporate sector for compiling corporate news and publication. The media and entertainment sector is expected to cross Rs. 2 trillion by 2020 at a CAGR of 11.6%.

In this context, an undergraduate University Programme offered by **REVA UNIVERSITY** in Journalism, English and Psychology is relevant to meet the future human resources requirement of News and Media enterprises.

The programme focusses on Journalism, media studies, psychology, critical theory, English language and literature, in addition to various transferable skills particularly writing skills that are required for successful career development in Journalism.

### **Program Educational Objectives:**

**After few years of graduation, the graduates of B.A. (Journalism, English, Psychology) will be able to:**

**PEO-1:** Step into Higher Education and take up research in Universities at national and global level.

**PEO-2:** Become a team member in Public, Private, Corporate and Government Sector as techno managers, academicians, administrator or entrepreneurs, investigative agencies with efficient Communication and ethics.

**PEO-3:** Set up own enterprise and communicate with customers proficiently and adapt life skills for enhancing Business.

## **Program Specific Outcomes**

**On successful completion of the program, the graduates of B.A. (Journalism, English, Psychology) will be able to:**

PSO – 1: Demonstrate the knowledge in Journalism, English and Psychology.

PSO - 2: Analyze and apply skills in Journalism with effective communication by understanding the psychology of the people.

PSO - 3: Use different techniques to gather information in Journalism and report effectively.

## **Program Outcomes**

**After successful completion of the program, the graduates the graduates of B.A. (Journalism, English, Psychology) will be able to:**

- PO 1: Disciplinary knowledge:** Demonstrate comprehensive knowledge and in understanding Journalism, English and Psychology study.
- PO 2: Reasoning:** Analyze, interpret and draw conclusions from evidence and experiences from an open-minded and reasoned perspective.
- PO 3: Problem solving:** Extrapolate and apply their competencies to solve different kinds of non-familiar problems and apply one’s learning to real life situations using curriculum content knowledge.
- PO 4: Environment and Sustainability:** Understand the issues of environmental contexts and **sustainable development**.
- PO 5: Research-related skills:** Be inquisitive with a sense of inquiry and capability for asking relevant/appropriate questions, and articulating; Ability to recognize cause-and-effect relationships, define problems, formulate hypotheses, test hypotheses, analyze, interpret and draw conclusions from data, establish hypotheses, predict cause-and-effect relationships; ability to plan, execute and report the results of an experiment or investigation
- PO 6: Ethics:** Recognize different value systems including your own, understand the **moral dimensions** of your decisions, and accept responsibility for them.

- **PO 7: Cooperation/Team work:** Work effectively and respectfully with diverse teams; facilitate cooperative or coordinated effort on the part of a group, and act together as a group or a team in the interests of a common cause and work efficiently as a member of a team.
- **PO 8: Communication Skills:** Express thoughts and ideas effectively in writing and orally; Communicate with others using appropriate media; confidently share one’s views and express herself/himself; demonstrate the ability to listen carefully, read and write analytically, and present complex information in a clear and concise manner to different groups
- **PO 9: Self-directed and Life-long Learning:** Acquire the ability to engage in independent and life-long learning in the broadest context socio-technological changes.

**BA – Journalism, English, Psychology Programme**  
**DETAILED SYLLABUS**  
(Effective from 2021-2024)

**FIRST SEMESTER**

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21ASM101	Environmental Science	MC	<b>Non-Credit Mandatory Course</b>				2

**Course Description:**

This course caters to the students to engage in resolving the current environmental issues in the world and develop a positive approach towards environmental protection. Eventhough it does not have any credits as per the course curriculum it helps the students to understand the multidimensional nature of the issues and respond to the most important challenges that the world is facing today.

**Pre-requisites:** Basic knowledge of Environmental Science studied at higher secondary & school level.

**Pedagogy:** Direct instruction method

**Course Objectives:**

1. Graduates will be familiar with current and emerging environmental trends and global issues, and have an understanding of ethical and societal responsibilities.
2. Will find the need of various types of energy (conventional & non-conventional) resources and natural resources.
3. Acquire knowledge with respect to biodiversity, threats, conservation and appreciate the concept of ecosystem.
4. Explore the ways for protecting the environment.

**Course Outcomes:**

On completion of this course, the students will be able to:

1. Analyze the environmental conditions and protect it.
2. Examine the role of individual, government and NGO in environmental protection.
3. Analyze the ecological imbalances and protect it.

4. Design pollution controlled products.

**Course Content:**

**Unit-I**

**7 Hours**

**Multidisciplinary Nature of Environmental Studies:** Introduction to Environment, objectives and guiding principles of environmental education, Components of environment, Structure of atmosphere, Sustainable environment/Development, Impact of technology on the environment in terms of modern agricultural practices and industrialization, Environmental Impact Assessment

Environmental protection – Role of Government-Assignments of MOEF, Functions of central and state boards, Institutions in Environment and People in Environment, Initiative and Role of Non-government organizations in India and world.

**Self study:** Need for public awareness on the environment, Gaia Hypothesis

**Unit-II**

**6 Hours**

**Environmental pollution, degradation & Waste management:** Environmental Pollution – Definition, sources and types, Pollutant-Definition & classification, Concepts of air pollution, water pollution, Soil pollution, Automobile pollution-Causes, Effects & control measures.

**Self study:** Case studies of London smog, Bhopal gas tragedy, marine pollutions and study of different waste water treatment processes.

**Environmental degradation** – Introduction, Global warming and greenhouse effect, Acid rain-formation & effects, Ozone depletion in stratosphere and its effect.

**Solid Waste management** – Municipal solid waste, Biomedical waste, Industrial solid waste and Electronic waste (E-Waste).

**Self study:** Disaster management, early warning systems-bio indicators for Tsunami and other natural disasters.

**Unit-III**

**7 Hours**

**Energy & Natural resources:** Energy – Definition, classification of energy resources, electromagnetic radiation-features and applications, Conventional/Non-renewable sources – Fossil fuels based (Coal, petroleum & natural gas), nuclear energy.

**Non-conventional/renewable sources** – Solar, wind, hydro, biogas, biomass, geothermal, ocean thermal energy, Hydrogen as an alternative as a future source of energy.

**Self study:** Remote sensing and its applications, Chernobyl (USSR) nuclear disaster and Fukushima (Japan) nuclear disaster.

**Natural resources** – water resource (Global water resource distribution, Water conservation methods, Water quality parameters, Uses of water and its importance), Mineral resources (Types of minerals, Methods of mining & impacts of mining activities), Forest wealth (Importance, Deforestation-Causes, effects and controlling measures)

**Self study:** Hydrology & modern methods adopted for mining activities.

**Unit-IV**

**6 Hours**

**Ecology and ecosystem:** Ecology-Definition, branches, objectives and classification, Concept of an ecosystem – Structure and functions, Characteristics of an Ecosystem-Ecosystem Resilience, Ecological succession and productivity, Balanced ecosystem, Components of ecosystem-abiotic and biotic, biological diversity.

**Biogeochemical cycles and its environmental significance** – Carbon, nitrogen and phosphorus cycle, Energy flow in ecosystem, food chains –types, food web & Ecological Pyramids.

**Self study:** Need for balanced ecosystem and restoration of degraded ecosystems.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AHE101	Communicative English – I	FC	1	1	0	2	3

**Course Description:**

This course focuses on improving the spoken and written communication of the learners. The course develops personal, inter-personal and group skills among learners. It also addresses the functional aspects of language usage while providing specific linguistic tools through professional language learning software. The widespread reach of this course makes it highly practical and applicable.

**Pre-requisites:** The student must have knowledge of intermediate English Grammar and LSRW skills.

**Pedagogy:** Direct method, ICT, Collaborative learning, Flipped Classroom.

**Course Objectives:**

1. To enhance functional communication skills.
2. To develop functional use of language in professional contexts.

3. To utilize oral presentations in multiple contexts.
4. To apply effective written skills in formal communication.

**Course Outcomes:**

On completion of the course, learners will be able to:

1. Identify pressing issues relating to society, environment and media.
2. Develop a process-oriented approach to writing.
3. Apply the grammatical skills developed during the course aptly.
4. Demonstrate a good command over language usage and refined interpersonal skills.

**Course Content**

**Unit-I: Functional English**

**7 Hours**

Remedial Grammar: Past Simple; Past Continuous; Irregular Verbs

Writing Skills: Paragraph Writing

Activities: Conversations; Leaving Phone Messages

Literature: Chief Seattle – The End of Leaving and Beginning of Survival

**Unit-II: Interpersonal Skills**

**6 Hours**

Remedial Grammar: Present Simple & Present Continuous; Activity & State Verbs

Writing Skills: Official Letters

Activities: Making Apologies; Invitations & Making Arrangements

Literature: Ruskin Bond – Tiger in the Tunnel

**Unit-III- Multitasking Skills**

**7 Hours**

Remedial Grammar: Present Perfect; For, Since & How Long; -ed & -ing adjectives; Prefix & Opposites of Adjectives

Writing Skills: Note Making

Activities: Agreeing & Disagreeing with Opinions

Literature: Jesse Owens - My Greatest Olympic Prize

**Unit-IV: Communication Skills**

**6 Hours**

Remedial Grammar: Collocations; Prepositions

Writing Skills: Precise Writing

Activities: Offers, Suggestions & Requests

Literature: Avijit Pathak – Onscreen Magic41

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21JN0101	<b>Journalism – I (Introduction to Media and Communication)</b>	HC	2	1	0	3	4

**Course Description:**

The course titled Introduction to Media and Communication provides students the opportunity to explore the various elements in the communication process as well as get acquainted with communication models that explain how and why we communicate the way we do. Students explore the models that explain how communication influences our perspective of others, the world and ourselves. By examining media messages from print, electronic media and new media, students explore how the media create meaning and how technology shapes the ways we communicate.

**Pre-requisites:** Exposure to different types of media in daily life

**Pedagogy:** Direct instruction and collaborative learning method

**Course Objectives:**

1. To help the students explore the process of communication and study the various models of communication
2. To delve into the history and aspects of print, electronic and new media
3. To generate awareness of students about the media messages and their impact on everyday life.
4. To create an understanding about the current issues in media.

**Course Outcomes:**

On completion of the course, learners will be able to:

1. Demonstrate detailed understanding about process and elements in communication
2. Explain the process, models and levels of communication
3. Relate to the various types of mass media
4. Discuss the issues in media in the present context

**Course Content**

B21AA0103	English Literature (Chaucer – Pope) and Language – I	HC	2	1	0	3	4

**Course Description:**

English literature and language is one of the most significant subjects for the concerned UG program. This course is designed to introduce the students to the basic ideas of literature, mostly focused on the British canon in order to develop their literary as well as cognitive skills which would be surely beneficial for them in their future literary as well as non-literary endeavours.

**Pre-requisites:**

- The student must possess basic English language skills.
- The student should possess basic writing skills.

**Pedagogy:**

Flipped Classroom / ICT / Collaborative Learning / Direct Method / Differentiated Learning

**Course Objectives:**

1. To outline the framework of different literary genres.
2. To relate to the idea of literary ages and its significance.

3. To analyze the works of important authors from the medieval age to the neo-classical age.
4. To enhance the language skills of the students.

**Course Outcomes:**

On completion of the course, students will be able to:

1. Apply the learnt poetic sensibilities in the creation of poetry.
2. Formulate the process of reading prose and enriching literary & non-literary writing.
3. Develop dramatic sensibilities.
4. Illustrate a good understanding of speech sounds in English and the structure of words.

**Course Content:**

**Unit – I: Poetry**

**10 hours**

**The Medieval Age:**

1. Chaucer - “The Squire” (from *General Prologue to the Canterbury Tales*)

**The Elizabethan Age:**

2. Edmund Spenser – Sonnet 75 (from the *Amoretti*)
3. William Shakespeare – Sonnet 118

**The Puritan Age:**

4. John Milton – On His Blindness

**Metaphysical Poetry:**

5. John Donne – A Valediction: Forbidding Mourning
6. George Herbert – The Collar
7. Andrew Marvell – To His Coy Mistress

**The Neoclassical Age:**

8. Alexander Pope – Extract from *The Rape of the Lock* (Belinda’s Toilette)

**Unit – II: Prose**

**10 hours**

1. Francis Bacon – Of Travel; Of Studies
2. Joseph Addison – Silence
3. Dr. Samuel Johnson – Extract from *Preface to Shakespeare* (Three Unities)
4. Oliver Goldsmith – Extract from *The Citizen of the World* (“Letter XXVI. The Character of the Man in Black; With Some Instances of His Inconsistent Conduct”)

**Unit – III: Drama**

**10 hours**

1. William Shakespeare – *Othello*
2. Christopher Marlowe – *Dr. Faustus* (Film Text)

**Unit – IV: Language**

**9 hours**

1. Language
2. Speech Sounds in English
3. The Structure of Words

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AA0104	Psychology – I (Basic Psychological Process - I)	HC	2	1	0	3	4

**Course Description:**

This is a 3 credit course for first semester consisting of 4 hours of teaching learning per week. This course aims to introduce basic concepts of General Psychology and application of it in understanding normal human behavior.

**Pre-requisites:** Basic skills like listening and observation and keen interest in understanding human behavior.

**Pedagogy:** Direct learning, Kinesthetic learnings, ICT, Case Studies.

**Course Objectives:**

In accordance with the American Psychological Association (APA) recommendations for undergraduate psychology learning objectives and outcomes, students will (1) learn the basic principles of traditional psychological content areas and (2) use the scientific method as an approach to critical thinking and sceptical inquiry. Accomplishing this objective involves:

1. To demonstrate knowledge and understanding of theory and research in the general domains of psychology
2. To explore the biological basis of behavior
3. To understanding the process receiving the sensory information and making meaning out of it.
4. To understand the basic concepts of motivation, Emotions and Sleep and its application for self growth

### **Course Outcomes:**

After the successful completion of the course, students will be able to-

1. Apply the nature, scope, theoretical perspective and research methods in Psychology
2. Discover the biological basis of human behavior
3. Develop the mechanism of processing of sensory information and perception.
4. Identify the function of Sleep, motivation and emotions of human beings

### **Course Content:**

#### **Unit-I: The Science of Psychology**

**10 hours**

- a) Meaning, Definition and goals of Psychology.
- b) Psychology is a Science or an Art, Debate.
- c) Psychology Vs Psychiatry: Difference in nature, education, treatment and scope.
- d) Branches of Psychology: General psychology, Educational Psychology, Industrial psychology, clinical psychology, counseling psychology, social psychology, developmental psychology, Para psychology, Positive psychology.
- e) History of Psychology: Wundt, Titchener and James
- f) Modern Perspectives: Psychodynamic perspectives, Behavioral perspectives, Cognitive perspectives, Humanistic perspectives, Gestalt theory, Positive Psychology.
- g) Psychology in Modern India: Status, Education, Licensing and Scope.
- h) Scientific Research: Steps in scientific approach, Descriptive methods: Observation, Case Study, Survey methods. Correlational studies. Experimental method: Variables, Experimental and control group, single and double blinded studies, placebo effect, single and double blinded studies.

#### **Unit-II: The Biological Perspective**

**10 hours**

- a. Neurons: Structure and functions of neuron and glial cells, types of neuron and glial cells.
- b. The neural impulse: Action potential and Resting potential, synaptic transmission.
- c. Neurotransmitter: types, functions.
- d. Nervous system: CNS: Brain-forebrain, midbrain, hindbrain; hemispheres, four lobes, and Spinal cord- structure and functions,
- e. PNS-Somatic and autonomic nervous system- divisions and functions.
- f. Methods for studying Brain: Lesioning, stimulation: invasive and non-invasive, neuroimaging: CT, MRI, EEG, PET, FMRI, MEG.
- g. Glands: Endocrine and Exocrine glands; Endocrine Glands: types and functions.

#### **Unit-III: Basic Cognitive Process**

**10 hours**

**Attention:** Definition, types.

- a. **Sensation:** Definition, types of sensation, sensory receptors, transduction, Absolute threshold, Differential threshold, habituation, sensory adaptation, sensory integration.
- b. Vision: structure of eye, light and eye, visual accommodation. Retina-rods and cones. Visual pathway. Perception of color-trichromatic theory, opponent-process theory, color blindness.

- c. Hearing: Structure of ear, Sound and ear, sound localization, vestibular organ.
- d. **Perception:** Definition, Gestalt laws of organization, Figure-ground relationship, top-down and bottom-up process.
- e. Constancies: size, shape, Brightness
- f. Depth Perception: Monocular and Binocular cues. Perceptual illusions.

**Unit-IV: Motivation and Emotions**

**9 hours**

- a. Motivation: definition, types-intrinsic, extrinsic motivation; Physiological Motives- Hunger, thirst, sex; Social motives-Achievement, Power Affiliation.
- b. Theories: Drive –reduction theory, McClelland’s theory, Maslow’s theory.
- c. Emotion: Definition, three elements of emotion.
- d. Types of Emotions
- e. Theories: James-Lange theory, Cannon-Bard Theory, Facial feedback hypothesis, Schachter-singer cognitive arousal theory, Lazarus and Cognitive-mediational Theory.
- f. Emotional Intelligence: definition, nature, importance.

- Emotional Intelligence
- Muller Iyer Illusion
- Signal Detection

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21IDE111	Interdisciplinary Elective 1 - Comic and Graphic Narratives	SC	1	1	0	2	3

**Course Description:**

The course is envisaged to provide the student an introduction to comic and graphic narratives. It aims at providing the basic theories of how the comic and graphic texts are closely read and analyzed. The course enables the student to understand the representation of society through the comic and graphic texts. It also equips the learner to explore the illustration of societies and their issues through the medium of comic and graphic narratives. This course intends to critically assess the various dimensions of culture and contribute to the spectrum of probable solutions to modern day problems.

**Pre-requisites:** Student must possess a fundamental knowledge of media, culture and society.

**Pedagogy:** ICT/ Flipped Classrooms/ Collaborative Learning/ Blended Learning

**Course Objectives:**

1. To develop a clear understanding of comic and graphic narratives.
2. To explore the various theoretical underpinnings involved in the making of comic and graphic narratives.
3. To discuss the involvement of cultural undercurrents of society in comic and graphic narratives.
4. To develop critical and analytical abilities by exploring the representation of various societies in comic and graphic narratives.

**Course Outcomes:**

On completion of this course, the student will be able to:

1. Distinguish between the comic and graphic narratives.
2. Identify the socio-cultural practices that contribute to the making of comic and graphic narratives through the theories.
3. Apply the illustration of cultural practices and their representations in texts in understanding societies.
4. Analyze the codes used in Asian comic and graphic narratives.

## Course Content:

### Unit I: World of Comics and Graphic Novels

7 Hours

Evolution of Comic and Graphic Novel

Short-term strip comics (designed for newspapers) (1890s) – Web-based comics

Action-adventure and Superhero comics (1930s – 1960s)

Underground comix / alternative comics / comix – Graphic Novels

Comic & Graphic Novel vocabulary - Strips, Panels, Gutter, Tire, Splash, Balloons, Caption, Labels, Emanata, Signs, Sound effect, Bleed, Chiaroscuro, Cartoonist, Artist. (Ref: Scott McCloud: *Understanding Comics: The Invisible Art* (Chapter 2 – The Vocabulary of Comics)

### Unit II: Theoretical Approach to Comic and Graphic Novels

6 Hours

Jules Feiffer: Extract from Introduction to *The Great Comic Book Heroes* (1965)

Will Eisner: *A Contract with God and Other Tenement Stories* (Graphic Story - “A Contract with God”)

Stephen Weiner - *Faster Than a Speeding Bullet: The Rise of the Graphic Novel* (Chapter 5 – “The Graphic Novel: Comics take themselves Seriously”)

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21IDE112	Interdisciplinary Elective 2 – Event Management	SC	1	1	0	2	3

**Course Description:**

This Interdisciplinary course is growing rapidly and now represents hundreds of professionals who are responsible for planning, coordinating and evaluating a wide range of events all year round. Event management is predominantly about creating an experience through organized communication, planning and implementation. This course will provide students with the practical skills and knowledge required to successfully plan, implement, organize, manage, monitor and evaluate special events.

**Prerequisite:** Basic organizational skills and positive personality towards learning

**Pedagogy:** Direct Instruction, Inquiry Based Learning, Collaborative learning

**Course Objectives:**

1. To help the students by providing them with a structured approach to operational and creative fundamentals, from inception to debrief
2. To help students plan, implement, organize and manage events
3. To teach the students how to develop and deliver successful events with a focus on meetings, incentives, conferences and exhibitions
4. To provide the students with the scope to develop budgets, work breakdown structures, and gain an insight into risk mitigation and contingency planning

**Course Outcomes:**

On completion of this course, the students will be able to:

1. Develop sense of responsibility for the multi-disciplinary nature of event management
2. Develop confidence and enjoyment from involvement in the dynamic industry of event management
3. Plan competently in the development and delivery of successful conference and corporate gatherings
4. Asses current market requirements

**Course Content:****Unit-1: History and Evolution of Events****7 Hours**

History and evolution of Events, Nature, scope, significance and of event management, Interrelationship between events and tourism, Key stakeholders – their roles and responsibilities

**Unit-2: The Event Planning Process****6 Hours**

The Process – An introduction, theory behind planning, Planning, Concept, Nature and Practices in Event Management: Organizing and planning events, Customer relationship management, Watching and managing events business, Event coordination; Planning – setting goals and objectives – Announcing the project, Defining communication channels and Resource specification

**Unit-3: Execution and Implementation****7 Hours**

Execution and Implementation – Gantt Charts, Run sheets, Control, communication channels, Organizing Events, Planning Check lists, Monitoring and Evaluation, Managing Human resources, Event Management Team, Skills and Qualities required, Co-ordination; Raising Funds; Promotion and Marketing

**Unit-4: Types of Events****6 Hours**

Film Festivals, Corporate Events, Trade shows, Conventions and Visitors Bureaus, Meeting planners, Celebrations; players in the event industry, Transportation, accommodation, logistics catering, human resources, civic amenities and other supporting services.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AHE201	Communicative English – II	FC	1	1	0	2	3

**Course Description:**

This course focuses on enhancing written proficiency required for professional enhancement. It also polishes the spoken skills of the learners to make them effective and confident presenters. It also addresses the functional aspects of language usage while providing specific linguistic tools through professional language learning software. The practical components discussed in this course enables a fruitful transition from academia to the industry of their choice.

**Pre-requisites:** The student must possess functional knowledge of LSRW skills.

**Pedagogy:** Direct method, ICT, Collaborative learning, Flipped Classroom.

**Course Objectives:**

1. To build skills essential for corporate communication.
2. To enhance context specific language skills.
3. To discover the creative linguistic potential through language and literature.
4. To develop communication skills necessary for employability.

**Course Outcomes:**

After the completion of the course, students will be able to:

1. Apply acquired skills to communicate effectively in a corporate scenario.
2. Demonstrate command over rhetoric of language.
3. Develop critical and creative thinking through assimilated language skills.
4. Utilize the communication skills learnt to match industry standards.

**Course Content:**

**Unit-I: Language Acquisition**

**7 Hours**

Remedial Grammar: Questions & Negatives; Questions Tags

Writing Skills: Email Writing

Activities: Group Discussions

Literature: Alphonse Daudet - The Last Lesson

**Unit-II: Persuasive Skills**

**6 Hours**

Remedial Grammar: Past Simple & Past Perfect

Writing Skills: Report Writing

Activities: Book & Movie Reviews

Literature: Lord Alfred Tennyson – Ulysses

**Unit-III: Cognitive Skills**

**7 Hours**

Remedial Grammar: Present & Past Passive; Conditionals

Writing Skills: Creative Writing

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AHA201	Language - II: Additional English - II	FC	1	1	0	2	3

**Course Description:**

This course is designed to help the learner gain competency in language through an exploration to the various genres of literature. The syllabus is designed to encourage critical ability of the learner to guide them towards career opportunities. This course is intended to develop the capacity to appreciate and assess the various dimensions of society, culture and life.

**Pre-requisites:** The student must possess fair knowledge of language and literature.

**Pedagogy:** Direct method / ICT / Collaborative Learning / Flipped Classroom.

**Course Objectives:**

- To assess ecological and environmental concerns through literature.
- To identify the unequal structures of power in society.
- To compare the position of men and women in society.
- To interpret the representation of society in popular culture.

**Course Outcomes:**

On completion of the course, learners will be able to:

- Demonstrate a thorough understanding of sensitive and critical ecological and environmental issues.
- Analyze the rigid structure of center and margin in our society.
- Criticize the subordinate position of women in society.
- Justify the depiction of society in popular culture.

**Course Content:**

**Unit-I: Ecology & Environment**

**7 hours**

Literature: Toru Dutt - Casuarina Tree  
Gordon J.L. Ramen – Daffodils No More  
C.V. Raman – Water – The Elixir of Life  
Language: Degrees of Comparison

**Unit-II: Voices from the Margin**

**6 hours**

Literature: Tadeusz Rozewicz – Pigtail  
Jyoti Lanjewar – Mother

Harriet Jacobs – Excerpt from *Incidents in the Life of a Slave Girl*  
Language: Prefix and Suffix

**Unit-III: Women & Society**

**7 hours**

Literature: Kamala Das – An Introduction  
Rabindranath Tagore – The Exercise Book  
Jamaica Kincaid – *Girl*  
Writing Skills: Dialogue Writing

**Unit-IV: Popular Culture**

**6 hours**

Literature: Rudyard Kipling – The Absent-minded Beggar  
Sir Arthur Conan Doyle – The Adventure of Lion's Mane  
Aldous Huxley – The Beauty Industry  
Writing Skills: Story Writing

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21JN0201	Journalism – II (Reporting & Editing)	HC	2	1	0	3	4

**Course Description:**

The course Reporting & Editing is structured to prepare students for careers in newspaper, magazine, convergence, or journalism education. It caters to students who want to gain proficiency on the content-providing side of the media. By offering hands-on, engaging courses such as Reporting, Interview, Press Conference, Computer Assisted Reporting and Design for Print media, the Reporting and Editing program readies students to be leaders in their chosen field upon graduation.

**Pre-requisites:** Good newspaper reading habits.

**Pedagogy:** Direct instruction and inquiry based learning

**Course Objectives:**

1. To help the students understanding the process of news gathering or print media
2. To impart skills in writing and editing media content- news story, press release, headlines, photo-captions
3. To gain knowledge about the various beats of journalism
4. To gain awareness of different issues of journalism

**Course Outcomes:**

On completion of this course, the student would be able to:

1. Develop skill in reporting for different beats and editing
2. Develop practical knowledge on editing and proof reading
3. Demonstrate the visual elements in print media
4. Compare the workings of the different print and publishing houses in India

**Course Content:**

**Unit I: Attributes of Print Journalism**

**10 Hours**

Journalism- Definition, nature and scope; News- Definition, values, Structure of a news story- lead, body, tail; Methods of writing news; we will be discussing it in the methods of writing) Types of leads; Newsroom structure; Qualities of a reporter.

**Unit II: Techniques of Reporting**

**10 Hours**

Techniques of Reporting: Types and techniques; Beats of reporting-crime investigative, development, politics, sports, court, legislature, environment, business; Sources of news: Attribution and verification; Interviews – preparation and Techniques

**Unit III: Principles of Editing****10 Hours**

Introduction to editing; Principles of editing- Checking facts, correcting language, rewriting news stories, condensing stories; Headlines, Functions of headlines, Types of Headlines; Editorial page: structure, purpose, middles; Editorial Writing; Letters to the editor, Opinion pieces on OP. ED page; Style sheet.

**Unit IV: Design Elements in Newspapers****9 Hours**

Cartoons and Caricatures: Political and Social; Info-graphics; Photo journalism-Types of photography: news, sports, profiles; photo editing; Typography; Caption writing; Principles of Page Designing, Editing and Designing Software in Design Software.

**Practical Components:**

- Reporting Exercise
- Interview
- Re-writing and Editing
- Photo Editing and caption writing
- Head Line writing
- Page Layout
- News Letter
- **Media Visit:** News paper/ Television channel offices.

Course Code	Course Title	Course Type	L	T	P	C	Hrs. / Wk.
B21AA0203	English Literature (The Romantic Age) & Language – II	HC	2	1	0	3	4

**Course Description:**

The course is designed to elevate the level of the initial learning of the UG students. The students by now are well acquainted with the basic concepts of literature and language and therefore can address complex literary themes and topics to equip themselves, to deal with hard core academic texts in the current as well as the upcoming semesters. The main focus is given to the literature falling under the umbrella domain of Romantic period with special reference to the romantic school of poetry. The completion of the course will ensure an overarching competence in Romantic poetry and prose amongst the students.

**Pre-requisites:**

- The student must possess basic insights of Romantic poetry.
- The student must have elementary understanding of Romantic prose.

**Pedagogy:**

Flipped Classroom / ICT / Collaborative Learning / Direct Method / Differentiated Learning

**Course Objectives:**

- To relate to the context of the literary ages.
- To develop aesthetic understanding of the text.
- To identify the new genres in British literature.
- To interpret the discourses of literature and to comprehend the idea of liberty, equality and fraternity.

**Course Outcomes:**

On completion of the course, students will be able to:

- Develop creative skills and human values through aesthetics of literature.
- Demonstrate the knowledge and incorporate the proficiency of language skills through prose.
- Deduct historical aspects from literature to develop mastery over social skills.
- Construct coherent sentences in English.

**Course Content:**

**Unit – I: Poetry****10 hours*****The Age of Transition:***

1. William Blake – The Chimney Sweeper

***The Romantic Age:***

2. William Wordsworth – The Solitary Reaper

3. Samuel Taylor Coleridge – *Extract from The Rime of the Ancient Mariner* (Part I – lines 1-82)

4. Lord Byron – On This Day I Complete My Thirty-Sixth Year

5. Percy Bysshe Shelley – Stanzas Written in Dejection, near Naples

6. John Keats – Ode to a Nightingale

**Unit – II: Prose****10 hours**

1. Charles Lamb – Dream-Children: A Reverie

2. William Hazlitt – On the Feeling of Immortality in Youth

3. Percy Bysshe Shelley – Extract from *A Defense of Poetry* (Shelley's views on Nature of Poetry)4. Mary Wollstonecraft – Extract from *A Vindication of the Rights of Women* (Chapter 5)**Unit – III: Fiction****10 hours**1. Ann Radcliffe – *The Mysteries of Udolpho*2. Jane Austen – *Pride and Prejudice* (film text)**Unit – IV: Language****9 hours**

1. The Structure of Sentences

2. Discourse

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AA0204	Psychology - II (Basic Psychological Process - II)	HC	2	1	0	3	4

**Course Description:**

This course is designed to give students an overview of Higher Mental process and Personality development and its application in understanding human behaviour. This course is designed to introduce the basic concepts of psychology such as Learning, Memory, Cognition, Intelligence and Personlaity.

**Pre-requisites:** Basic concepts of Psychology.

**Pedagogy:** Kinesthetic Learning, Direct Learning, ICT, Analytical Reasoning, Case Discussion

**Course Objectives:**

1. To introduce the student to the different approaches to Learning
2. To introduce the mechanisms of formation of memory and factors influencing our memory
3. To help the student to understanding cognitive process and Intelligence
4. To orient the students about Personality Development.

**Course Outcomes:**

On completion of the course, the students will be able to:

1. Discover the ways different behaviors are learnt and its application to change the behavior.
2. Apply the mechanism of Human memory process and apply the knowledge in improving one's memory.
3. Elaborate and understand the mechanism behind human thought process, intelligence and related concepts
4. Analyze and evaluate the concept personality, factors influencing, and different components of personality.

**Course Content:**

**Unit-I: Learning**

**10 hours**

- a) Definition.
- b) Theories of Learning: Classical Conditioning- Experiment, Basic Concepts-Neutral stimulus, Conditional Stimulus, Unconditional Stimulus, Conditional response, Unconditional Response, Stimulus Generalization, Discrimination, Extinction, Spontaneous Recovery, Higher Order Conditioning, Application to Human Behavior-systematic desensitization, aversion therapy.
- c) Operant Conditioning: Basic Concepts-Reinforcement, Punishment-positive and negative, Experiments, Schedules of Reinforcement. Stimulus control, extinction, generalization and spontaneous recovery. Application: Shaping, Token Economy.

- d) Cognitive Learning theory: Latent Learning-Tolman, Insight learning-Kohler, Learned Helplessness-Seligman.
- e) Observatioal Learning: Bobo doll experiment, Basic concepts.
- f) Learning in Classroom and Study skills.

**Unit-II: Memory**

**10 hours**

- a) Defintion, Three processes of Memory-Encoding, Storage, Retrieval
- b) Three memory System- Sensory memory- iconinc, echoic, Short-term memory-working memory, long-term memory- Declarative-episodic, semantic, nondeclarative memory.
- c) Retrieval cues: encoding specificity. Recall and Recognition.
- d) Forgetting: reasons, theories-memory trace decay theory, interference theory.
- e) Biological Bases of Memory.
- f) Relationship between learning and memory
- g) Memory startegies: mnemonic, peg-word, method of loci, music and rhythm.
- h) Memory disorders: Amnesia, Alzheimer's.

**Unit-III: Higher Cognitive process**

**10 hours**

- a) Thinking: Defintion, types: convergent, divergent; concept formation.
- b) Problem solving- definition, types: analogy, heuristics, trial and error, algorithms.
- c) Reasoning- definition, types: inductive and deductive.
- d) Decision making,
- e) Intelligence: Definition, IQ, IQ distribution and interpretation
- f) Broader conceptions of Intelligence: Spearman's two factor theory, Sternberg's triarchic theory, Multiple Intelligences, Guilford's theory.
- g) Types of intelligence tests- individual, group, veral, non verabal and performance tests with examples.
- h) Role of Heredity and Environment in intelligence
- i) Extremes of Intelligence.
- j) Creativity: Definition, stages, charaterstics.

**Unit-IV: Personality**

**9 hours**

- a) Nature and definition of personality (Allport's definition).
- b) Factors influencing on development of personality.
- c) Approaches to personality theories.
- d) Psychodynamic Perspectives: Freud and Jung's thoery
- e) Trait approaches: NEO-5 theory.
- f) Social Learning theory: Bandura's theory of Personality.
- g) Humanistic Approach: Roger's Theory.
- h) Measurement of personality: Objective Measurement: Questionnaires, rating scales. Projective Techniques.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21IDE211	Interdisciplinary Elective 4- Skill Acquisition and Training	SC	1	1	0	2	3

#### Course Description:

Achieving expertise in simple and complex tasks describes the building blocks of cognitive, motor, and teamwork skills, and the factors to take into account in training them. The basic processes of perception, cognition, and action that provide the foundation for understanding skilled performance are discussed in the context of complex task requirements, individual differences, and extreme environmental demands. The role of attention in perceiving, selecting,

and becoming aware of information, in learning new information, and in performance is described in the context of specific skills. This course aims to introduce basic concepts of Skill acquisition and training.

**Pre-requisites:** Basic skills like listening, observation and keen interest in understanding human behaviour and exposure to real life situations.

**Pedagogy:** Direct learning, ICT, Case Studies.

**Course Objectives:**

1. Demonstrating knowledge and understanding basic concepts and research in the domains of skill acquisition and training methods.
2. Explore the perceptual learning process, and attention and skill aspects in acquiring skills.
3. Understanding the individual differences in skill acquisition and maintenance.
4. Understand the designing effective training systems for the students and other target groups.

**Course Outcomes:**

After the successful completion of the course, students will be able to

1. Learn the nature, aspects of skill acquisition, phases in skill acquisition, and modelling skill.
2. Articulate how humans tend to learn through perceptual process and importance of attention in acquiring skills.
3. Understand dynamics of individual differences in skill acquisition and maintenance.
4. Acquire the training requirements, structuring training, team training, implementing and evaluating training in organizations.

**Course Content:**

**Unit 1: Skill Acquisition and Training in Context**

**7 hours**

Historical Overview of Skills Research, Information-Processing, Approach to Skill Acquisition, Phases of Skill Acquisition, Quantifying Performance Changes, Modelling Skill, Applications of Skills Research.

**Unit 2: Perceptual Learning, Attention and Skill**

**6 hours**

Mechanisms of Perceptual Learning, Facilitating the Development of Perceptual Skill, Visual Search, Procedural Learning, Adaptive Perception. Conceptualizing Attention, Attention and Automaticity, Attentional Skill, Implicit Learning.

**Unit 3: Individual Differences in Skill Acquisition and Maintenance 7 hours**

Intelligence and Aptitudes, Task Analysis Based on Individual Difference Variables, Dynamic Accounts of Abilities and Skill, Problems of Interpretation in Understanding the Relation between Abilities and Skill Level, Individual Differences in Reading Skill, Skill and Aging.

**Unit 4: Designing Effective Training Systems**

**6 hours**

Assessing Training Requirements, Structuring Training, Team Training, Implementing and Evaluating Training in Organizations, Trainee Characteristics, Evaluating Training Effectiveness, Maximizing the Benefits of Training, National Culture and Training.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21IDE212	<b>Interdisciplinary Elective 5 –Global Perspectives of Human Rights</b>	SC	1	1	0	2	3

**Course Description:**

The aim of this course is to make the students to understand the basic aspects of human rights and its importance in the present world. This course will enable the students to understand the importance and relevance of human rights in the modern world. Students will come to know about the meaning, definitions, approaches of human rights through this course. This course also intends to make the students aware about the current developments in human rights by including some global case studies and famous human rights activists. Also, it offers an understanding of the role of international and national organizations working for the promotion and protection of human rights.

**Pre-requisites:** Basic understanding of rights and keen interest in learning and observing the current developments in the concept of right.

**Pedagogy:** Direct instruction and collaborative learning method

**Course Objectives:**

1. To outline with basic concepts of human rights.
2. To develop a better understanding of emerging trends in human rights issues at international and national level.
3. To focus and identify the violation of human rights at socio-economic, cultural and political level.
4. To understand the role of various organization, activists and movement in promoting and protecting human rights.

**Course Outcomes:**

After the successful completion of the course, the students will be able to

1. Analyse the basic concepts of human rights.
2. Explain the various types and scope of human rights.
3. Critical thinking of violation of rights at various levels
4. Develop an innovative approach towards various issues related to violation of rights.

**Course Content:**

**Unit –I**

**7 Hours**

Human Rights: Origin, Meaning and Definitions, Universal Declaration of Human Rights 1948, Rights protection in India

**Unit - II**

**6 Hours**

Types of Human Rights: Political and Civil Rights; Social and economic rights; Cultural relativism, individual and group rights

**Unit - III**

**7 Hours**

United Nations and Human Rights: United Nations Commission on Human Rights (Human Rights Council), Role of UN in Promotion and Protection of Human Rights, Applications of International Human Rights Law in India

**Unit – IV**

**6 Hours**

Case Studies; Syria, Palestine, Sri Lanka, Kashmir, Myanmar and Afghanistan, Human Rights Activists – Nelson Mandela, Aung San Suu Kyi, Malala Yousafzai

<b>B21IDE213</b>	<b>Interdisciplinary Elective 6 – Popular Culture</b>	<b>SC</b>	<b>1</b>	<b>1</b>	<b>0</b>	<b>2</b>	<b>3</b>

### **Course Description:**

The course is envisaged to provide the student an introduction to cultural studies and affirm grounding in basic theories of the making of culture. The course exposes students to the dimensions of literary forms and genres. The course also intends to help students to learn and analyze the production and consumption of culture. This course also examines the productions and consumptions of cultural practices around us. The cultural theories provide perspective to critically access the many trends and practices of culture.

**Pre-requisites:** Student's must possess a fundamental knowledge of media, culture and society.

**Pedagogy:** ICT/ Flipped Classrooms/ Collaborative Learning/ Blended Learning

### **Course Objectives:**

1. To develop a clear grasp of the key concepts of cultural studies.
2. To discuss the cultural dynamics of society with the help of contemporary theory and to equip the students with analytical tools to study diverse culture and cultural practices.
3. To explore the various forms of cultural expression and to familiarize the student with the rich and complex cultures and cultural traits
4. To develop critical and analytical abilities through case studies focused on cultural sites and practices.

### **Course Outcome:**

On completion of this course, the student will be able to:

1. Distinguish between power and cultural production in society.
2. Identify the socio-cultural practices through the theories provided in the course.
3. Analyze the influence of Geopolitics on cultural practice.
4. Apply a literary and critical vocabulary to view social constructs.

### **Course Content:**

**Unit-I: Background to Cultural Studies**

**7 Hours**

1. Aims and Objectives of Cultural Studies
2. Key Terms – (Power, Ideology, Hegemony & Counter-Hegemony, Representation, Positionality, Identity, Discourse, Structuralism, Marxism, Mass Deception)

**Unit II: Cultural Theories**

**6 Hours**

1. Roland Barthes: “Soap-powders and Detergents”, “The Poor and the Proletariat”, (extract from *Mythologies*)
2. Partha Chatterjee: “Whose Imagined Community” (from *Mapping the Nation* 1991)
3. Laura Mulvey: extract from “Visual Pleasure and Narrative Cinema” (Part I & II) (from *Screen*, Vol. 16, Issue 3, Autumn 1975)

**Unit-III: Trends and Practices**

**7 Hours**

1. Linguistic turn in Cultural Studies: Lacan (Psychoanalysis)
2. Globalization, Modernism and Race: Multiculturalism, Glocalization, Geopolitics, Race and Power in popular discourse

**Unit-IV: Body, Sexuality and Media culture**

**6 Hours**

1. Post-humanism – *Her* (2013)
2. Body Politics: Sexuality, disability and deviance - *Margarita with a Straw* (2014)
3. Media Culture: Television culture, social media and questions of identity

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AHA301	Language - II: Additional English - III	FC	1	1	0	2	3

### Course Description:

This 2-credit course allows the learners to explore the various socio-political aspects represented in literature. The concepts discussed in the course provide learning exposure to real life scenarios. The course is designed to develop critical thinking ability among learners, through the socio-political aspects discussed in literature. Thus, the aim is to produce responsible and sensitive individuals.

**Pre-requisites:** The student must possess fair knowledge of language, literature and society.

**Pedagogy:** Direct method / ICT / Collaborative Learning / Flipped Classroom.

### Course Objectives:

1. To outline the global and local concerns of gender and identity.
2. To identify the complexities of human emotions through literature.
3. To assess the struggles of human survival throughout history.
4. To compare and contrast between the various dimensions of childhood.

### Course Outcomes:

On completion of the course, learners will be able to:

1. Evaluate the pressing gender issues within our society.
2. Criticize human actions through a humane and tolerant approach.
3. Perceive the human conflicts with an empathetic perspective.
4. Disprove the assumption of a privileged childhood.

**Course Content:**

**Unit-I: Gender & Identity**

**7 hours**

Anne Sexton – Consorting with Angels

Eugene Field – The Doll's Wooing

Vijay Dan Detha – Double Life

Charlotte Perkins Gilman – The Yellow Wallpaper 12 Hours

**Unit-II: Love & Romance**

**6 hours**

Alfred Noyes – The Highway Man

William Shakespeare – Sonnet 116

Frank Richard Stockton – The Lady or the Tiger?

Oscar Wilde – The Nightingale and the Rose

**Unit-III: War & Trauma**

**7 hours**

Lord Alfred Tennyson – The Charge of the Light Brigade

Taufiq Rafat – The Medal

Guy de Maupassant – Two Friends

Sadaat Hasan Manto – Toba Tek Singh

**Unit-IV: Children's Literature**

**6 hours**

William Blake – The Chimney Sweeper

D.H. Lawrence – Discord in Childhood

Anna Sewell – The Black Beauty (Extract)

Rudyard Kipling – The Jungle Book (Extract)

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21JN0301	<b>Journalism -III (Audio-Visual Production)</b>	HC	2	1	0	3	4

**Course Description:**

The course Audio-Visual Production is devised for students to become trained in the nuances of electronic media. Students acquire skill in various media types like radio, television, film, etc. By gaining theoretical exposure with hands on demonstration of the practical components, the students will become proficient Radio Jockey, Script-writer for TV and Radio, film-maker for short-films, etc.

**Pre-requisites:** Exposure to different programmes of Ausio-Visual media.

**Pedagogy:** Direct instruction, Collaborative and Kinesthetic method

**Course Objectives:**

1. To help the students understanding the process of generating content for electronic media
2. To impart skills in script-writing, radio jockeying, conceptualizing and producing audio-visual packages
3. To impart the aspects of aesthetics and visual grammar alongside the technicalities of producing the content.
4. To communicate the role and functions of various film organizations in India.

**Course Outcomes:**

On completion of this course, the student would be able to:

1. Apply skill in script-writing for radio and television
2. Outline the aesthetics and visual grammar in the audio-visual medium
3. Assess the various genres of film
4. Discuss the role and progress of different organizations related to cinema in India

**Course Content:**

**Unit I: Radio Production**

**10 Hours**

Introduction to radio production; Writing for radio, Programme formats news, talk, features, interviews, discussions, documentaries, plays; Audio recording – types of microphones; Studio set up.

**Unit II: Script-writing for Radio and TV**

**10 Hours**

Scripting: Scripting for radio and television programs – storyboard; logging the shots; Screen play: Classical, A/v script.

**Unit III: Basics in TV Production;**

**10 Hours**

Visual Grammar: Composition, subject, light; Camera control devices- Attributes of a good picture; Different types of shots- shot composition- scenes- sequence; Camera perspectives camera angles- camera movements; Electronic News Gathering

**Unit IV: Introduction to Film Studies**

**9 Hours**

Introduction to Film - Film as an art form; aesthetics of film; Types of films; documentary; newsreel; Educational film; Animation film; Feature film; Mainstream cinema; Cinema and society.

B21AA0303	English Literature (Victorian & Modern Ages) and Language – III	HC	2	1	0	3	4

**Course Description:**

This course is designed to familiarize the students with literary works of significant authors from the Victorian and Modern period of the British literary canon. In order to master the history of English literature, this course is extremely important. After completion of this course, the students will have a wholesome grasp over British literature in its full demeanor and he/she will be able to apprehend and appreciate other literary texts from multiple literary periods competently.

**Pre-requisites:**

- The student must possess basic insights of Romantic age of English Literature.
- The student must possess the fundamental skills of writing, reading and analyzing.

**Pedagogy:**

Flipped Classroom / ICT / Collaborative Learning / Direct Method / Differentiated Learning

**Course Objectives:**

- To examine the literary works from Victorian and Modern period.
- To analyze the key concepts of Victorianism and Modernism.
- To assess the basic social and cultural theories of modern age.
- To develop professional skills in speech and writing.

**Course Outcomes:**

On completion of the course, the students will be able to:

- Identify the major poets of the Victorian and Modern periods and their works in English Literature.
- Outline the various issues presented in the prose of the Victorian and Modern periods.
- Demonstrate complete familiarity with the features of novels of the Victorian period.
- Illustrate a good understanding of the various components of Speech and Writing and Tenor and Domain.

**Course Content:**

**Unit – I: Poetry**

**10 hours**

*The Victorian Age:*

1. Alfred Tennyson – Ulysses
2. Robert Browning – My Last Duchess
3. Christina Rossetti – Goblin Market
4. Mathew Arnold – Dover Beach

*Modern Poetry:*

5. W.B. Yeats – An Acre of Grass
6. W.H. Auden – The Shield of Achilles
7. T.S. Eliot – Prelude

**Unit – II: Prose**

**10 hours**

1. D.H. Lawrence – The Rocking-Horse Winner
2. R.L. Stevenson – An Apology for Idlers
3. Virginia Woolf – Extract from *A Room of One's Own*
4. Lewis Carroll – Excerpt from *Alice's Adventures in Wonderland*

**Unit – III: Fiction**

**10 hours**

1. Charles Dickens – *The Adventures of Oliver Twist*
2. Charlotte Bronte – *Jane Eyre*

**Unit – IV: Language**

**9 hours**

1. Speech and Writing
2. Tenor and Domain
3. Introduction to Style
4. Stylistic Analysis: A Framework

Course Code	Course Title	Course Type	L	T	P	C	Hrs. / Wk.
B21AA0304	Psychology – III (Measurement and Research Methods in Psychology)	HC	2	1	0	3	4

**Course Description:**

This course aims to provide scientific approach to the field by introducing to the psychological measurement and application of it. Offers basic understanding to process of scientific research, ethical concepts involved in it and introduces basic skill for scientific writing, in order to orient students towards responsible research work in the field of Psychology.

**Pre-requisites:** knowledge about the discipline science and its distinction from other disciplines.

**Pedagogy:** Direct learnings, Discussion, Assignments, Critical Reasoning, Problem solving.

**Course Objectives:**

1. To introduce the basic concepts of Psychological measurement and testing
2. To orient to the basic concepts of scientific research process and ethics in research.
3. To equip with scientific writing research methodology.
4. To prepare students to make sense of the research papers.

**Course Outcomes:**

Upon successful completion of this course, students will be able to:

1. Discover and understand of basic concepts of Psychological Measurement and Research process testing
2. Outline and elaborate the process of scientific research and ethics involved in research
3. Identify and execute step by step process of conducting research
4. Adapt and incorporate scientific writing skills in research.

**Course Content:**

**Unit I: Psychological Measurement**

**10 hours**

Definition of measurement, Levels of measurement: Nominal, Ordinal, Interval and Ratio scales, Properties of scales of measurement: Magnitude, equal interval and absolute zero, Distinction between psychological measurement and physical measurement, Problems in psychological measurements.

Definition of psychological test, Uses of psychological test, Characteristics of a good test: Objectivity, Reliability, Validity, Norms, and Practicability, ethical issues in psychological testing.

**Unit II: Introduction to Scientific Research****10 hours**

Definition: Science, difference between science and common sense

Methods of knowing: method of tenacity, method of authority, priori method, method of science.

Science and its function

The aims of science, scientific explanation and theory.

Scientific research definition.

The scientific approach.

Types of research: quantitative, qualitative, experimental, explorative, pure, action and applied.

Ethical issues in research.

**Unit III: Research Process****10 hours**

Steps in Scientific Research: identifying the problem, hypothesis: definition, types.

Variables: Independent and Dependent variable

Sample vs. population, sampling definition: types-random and non-Radom sampling

Data collection: questionnaire, interview, observation.

Data Analysis: descriptive statistics – central tendency, S.D

Inferential Statistics- Correlation and t-test.

**Unit IV: Writing Research Report.****9 hours**

Need to write report

Structure of a research report

APA format of report writing

In text citation

Referencing

Need for publishing

	Media Studies*	OE	2	1	0	3	4

**Course Description:**

This course serves to provide an introduction to the various facets of media studies. Students will examine the significance and impact of media in the society. They will understand and assess current scientific debates in the field and appreciate the relationships between communication, media, culture and evolution of humankind. Students will understand the wide-ranging influences of media and thereby critically analyze how it is shaping the society of present times.

**Prerequisite:** Basic understanding of communication and media.

**Pedagogy:** Direct Method, ICT and Collaborative Method.

**Course Objectives:**

1. To introduce the students to the field of media studies
2. To familiarize the students with the concepts of media and freedom.
3. To know how the different kind of pressures and controls influence the media functioning.
4. To make the students understand the different concepts of media.

**Learning Outcomes:**

On completion of the course, the students will be able to:

1. Appraise the basic concepts related to Communication and media studies
2. Determine the relationship between media and freedom.
3. Analyze the functioning of media considering the threats and pressures on media.
4. Interpret the different concepts of media.

## Course Content

### Unit I: Communication and Mass media

10 Hours

Communication meaning, definition and process; principles and functions; Importance of media, Kinds of Mass Media, New Media Technology; functions of media; Mass Media and Culture; social responsibility of media

### Unit II: Media and Freedom

10 Hours

Freedom of speech and expression: Article 19(1)a and Reasonable restrictions 19(2); Article 21; Right to information, functions of media in Indian Democracy and other political systems.

### Unit III: Controls and Issue

10 Hours

Ownership of media, controls: Internal and external threats, pressures on media; Scams, Page-3, Paid News, Sting Operation, fake news

### Unit IV: Concepts of Media

9 Hours

Media and Public Sphere, Media Convergence, Media and development; Media credibility, digital divide, online journalism, citizen journalism, Influence of social media

	<b>Life Skills and Personal Development **</b>	<b>OE</b>	<b>2</b>	<b>1</b>	<b>0</b>	<b>3</b>	<b>4</b>

**Course Description:**

Life skills have been defined by the World Health Organization (WHO) as “abilities for adaptive and positive behavior that enable individuals to deal effectively with the demands and challenges of everyday life”. They represent the psycho-social skills that determine valued behavior and include reflective skills such as problem-solving and critical thinking, personal skills such as self-awareness, and interpersonal skills. Practicing life skills leads to qualities such as self-esteem, sociability and tolerance, competencies to take action and generate change, and the capability to have the freedom to decide what to do and who to be.

**Pre-requisites:** Keen interest to Self-development

**Pedagogy:** Direct learning, Activities, ICT, Kinesthetic method, games, discussion and interactions.

**Course Objectives:**

1. To develop self-awareness
2. To improve Interpersonal communication
3. To learn goal setting and strategizing to reach them
4. To learn team work and leadership roles.

**Course Outcomes:**

*After the completion of this course, a student will be able to:*

1. Discover One’s Self and explores abilities and skills
2. Develop better Interpersonal skills
3. Interpret and understand the skills required for goal setting and learns the skills of reaching them.
4. Apply the skills required for team building and leadership skills.

**Course Content:**

**Unit-I: Personal Development**

**10 hours**

Me and My Assets, Stages of Adolescence, Self, awareness, Building Self-Confidence, Self Esteem, Self image, Self Concept, Choosing Positive Values, Understanding Mental Models, Stress and Emotions, Surviving Tough Times.

**Unit-II: Interpersonal Development**

**10 hours**

Active Listening, Assertive communication, Problem solving, Decision making, Critical thinking, Interpersonal Skills, Time management, Coping with Emotions, Conflict management, Coping with stress.

**Unit-III: Goal Setting and Action Planning****10 hours**

Goal setting-the basics, SMART goals, steps for action, setting priorities, Short term goals, Long term goals, Time management.

**Unit-IV: Team work and Leadership****9 hours**

Team building, Team cycle, Team leadership, My leadership role, The project cycle, Celebration and reflection, Negotiation skills, Conflict management, Entrepreneurship skills.

<b>B21AHON01</b>	<b>MOOC</b>	<b>ON</b>	<b>0</b>	<b>0</b>	<b>2</b>	<b>2</b>	<b>4</b>

Globally, MOOC (Massive Open Online Course) platforms are gaining much popularity. Considering the popularity and relevance of MOOCs, Government of India has also launched an indigenous platform, SWAYAM. SWAYAM (Study Webs of Active Learning for Young Aspiring Minds) is basically an integrated MOOCs platform for distance education that is aimed at offering all the courses from school level (Class IX) to post-graduation level. The platform has been developed collaboratively by MHRD (Ministry of Human Resource Development) and AICTE (All India Council for Technical Education) with the help of Microsoft and is capable of hosting 2,000 courses. There are many other international agencies, foreign universities offering MOOC courses.

A student shall register and successfully complete any of the courses available on any reputed online platform. Student shall inform the MOOC coordinator of the school about the course to which he/she has enrolled. The minimum duration of the course shall be not less than 30 hours for 2 credits. The student should submit the certificate issued by the respective online platform to the MOOC coordinator of the school.

### Course Description:

This 2-credit course helps the learner explore various socio-cultural issues through literature. The course provides insight on matters like education and culture that are pertinent in the contemporary society. The course also offers multi-dimensional perspective in the genres of literature and contributes for language enrichment.

**Pre-requisites:** The student must possess fair knowledge of language, literature, culture and society.

**Pedagogy:** Collaborative Method, Flipped Classroom, Blended Learning

### Course Objectives:

1. To infer the myths from the contemporary perspective.
2. To outline the idea of family represented in literature.
3. To interpret horror and suspense as a genre of literature.
4. To assess the impact of education in building a society.

### Course Outcomes:

On completion of the course, learners will be able to:

1. Examine the relevance of myths and mythology.
2. Demonstrate family values and ethics essential to live in the society.
3. Analyze horror and suspense as a significant genre of literature.
4. Evaluate the applicability of academic contribution in building a society.

### Course Content:

#### Unit-I: Myths & Mythology

7 hours

John W. May – Narcissus

W.B. Yeats – The Second Coming

Devdutt Pattanaik - Shikhandi and the Other Stories they Don't Tell you (Extracts)

#### Unit-II: Family & Relationships

6 Hours

Nissim Ezekiel – Night of the Scorpion  
Langston Hughes – Mother to Son  
Kate Chopin – The Story of an Hour  
Henrik Ibsen – A Doll’s House (Extract)

**Unit-III: Horror & Suspense**

**7 Hours**

Edgar Allan Poe – The Raven  
Bram Stoker – A Dream of Red Hands  
Satyajit Ray – Adventures of Feluda (Extract)

**Unit-IV: Education**

**6 Hours**

The Dalai Lama – The Paradox of Our Times  
Kamala Wijeratne – To a Student  
Sudha Murthy – In Sahyadri Hills, a Lesson in Humility  
Frigyas Karinthy – Refund

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21JN0401	Journalism-IV (Fundamentals of Media Research)	HC	2	1	0	3	4

**Course Description:**

The course is aimed at acquainting and initiating the student to the nuances – theoretical & practical – involved in research. Each student is assigned a supervisor who will supervise and guide the project/dissertation of not less than 35 - 40 pages which the student is required to submit at the end of semester in the prescribed format. This will aid the students in gaining a proper insight into research in communication studies and devising the project will impart clarity in the nuances of doing research.

**Pre-requisites:** Inquisitive nature to identify the problems.

**Pedagogy:** Direct instruction and flipped class method

**Course Objectives:**

1. To expose students to the theory and mechanics of conducting research
2. To provide students with knowledge on the fundamental aspects of research
3. To make the students to apply the research techniques in media studies
4. To empower the students to conduct the research study independently

**Course Outcomes:**

On completion of the course, the student will be able to

1. Outline the process of research
2. Relate the methods of research with the perspective of industry research in media
3. Discuss the significance of research to build the branch of Media Studies
4. Propose a research topic independently

**Course Content:**

**Unit I: Introduction to Media Research**

**10 Hours**

Introduction to research concepts- Definition, types & need for research; Basic principles of „Scientific“ research: empiricism, verifiability, generalization; Fundamental vs. Applied Research; Quantitative vs. Qualitative data; Role of research in the media; Steps in research

**Unit II: Elements of Research**

**10 Hours**

Review of Literature-Significance of Review of Literature; Research Approaches or designs: Experiment Designs- Posttest, Pretest & Posttest, Solomon Four Group Design, Factorial Analysis ; Survey, Content Analysis; Case Study; Data collection techniques: Questionnaire, Interview, Schedule; Sampling techniques.

**Unit III: Research Presentation**

**10 Hours**

Data processing, Analysis, presentation and interpretation of data; Use of graphics in data presentation; Research writing - Research proposal; Chapterization of thesis: Components and style- APA, MLA; Preparation of Bibliography, Index"

**Unit IV: Research in media audiences and the „effects“ debate**

**9 Hours**

Magic bullet to limited effects; Two-Step Flow of Communication; Users and Gratifications model; Cultivation analysis; Audience reception.

Course Code	Course Title	Course Type	L	T	P	C	Hrs. / Wk.
B21AA0404	Psychology – IV (Child Development)	HC	2	1	0	3	4

**Course Description:**

This course is a study of Child growth and development. Emphasis is on major theories and perspectives as they relate to the physical, cognitive, and psychosocial aspects of development from conception to Childhood. Upon completion, students should be able to demonstrate knowledge of development till childhood.

**Pre-requisites:** Basic understanding of Human Life cycle and biology

**Pedagogy:** Direct Teaching, ICT methods, Experimental method, Case Studies.

**Course Objectives:**

1. To introduce Basic concepts of human development, factors affecting the human development.
2. To introduce the biological correlates and prenatal human development
3. To introduce the various milestones of infancy and early childhood
4. To introduce the changes in milestones of development in later childhood.

**Course Outcomes:**

On completion of the course, students will be able to:

1. Elaborate the Basic concepts of child development and evaluate core concepts, strengths, and weaknesses of the major theories of Child development.
2. Evaluate and understand the biological factors that contributes to Child development and changes during prenatal development
3. Analyze the impact of biological/genetic influences on physical growth, cognition and behavior during Infancy and early Childhood
4. Analyze the impact of biological/genetic influences on physical growth, cognition and behavior during Later Childhood

**Course Content:****Unit-I: Introduction****10 Hours**

- a) Definition of child psychology, difference between developmental and child psychology.
- b) Domains of Development, Stages of Child development
- c) Issues: Continuous or Discontinuous Development, Nature vs. Nurture, one or many course of Development.
- d) Historical Foundations: medieval Times, The Reformation, philosophies of the Enlightenment, scientific beginnings-Darwin, Hall, Gesell, Baldwin.
- e) Modern Perspectives: Psychoanalytic-Freud, Erikson; Behaviorism and social learning theory, Cognitive development theory-Piaget.
- f) Recent Theoretical Perspectives: Information processing, Developmental Cognitive Neuroscience, Ethology and Evolutionary Developmental Psychology, Vygotsky's sociocultural theory, Ecological Systems theory.
- g) Child Development and Social Policy: Definition, need for social policy for children, culture and public policies.
- h) Research Designs: Correlational, experimental, modified experimental, longitudinal, cross-sectional, sequential, microgenetic design.

**Unit-II: Foundations of Development****10 Hours**

- a) Biological Foundations: Evolutionary perspective, Genetic Foundation-genes, chromosomes, genetic code, dominant and recessive inheritance, genotype, phenotype, sex determination, multiple offspring's, Chromosomal Abnormalities: down syndrome, klinefelter's syndrome, turner's syndrome, Fragile X syndrome; Gene-linked abnormalities- tayachs disease, sickle cell anemia, PKU. Genetic Counselling.
- b) Prenatal Development: Pre-requisites for conception- maturation, ovulation, fertilization. Conception.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21IDE411	Interdisciplinary Elective 7 – Personality, Identity and Self-Presentation	SC	1	1	0	2	3

**Course Description:**

Personality, identity and self-presentation are some of the most important psychological concepts in the contemporary world due to constant changes. The course explores the modern view of the personality as a process, which involves both conscious and unconscious phenomena. Among these personality phenomena we are likely to meet all psychological spheres, that is, the sphere of cognition, emotion, motivation and behavior. In the cognitive sphere there is learning of certain behaviors, copying behaviors from others and creating one's own behavioral scenarios. Among emotional sphere we have emotions elicited by current situation, as well as emotions linked to the genetic traits of personality. In motivational sphere there are tendencies to certain behaviors, produced by the person's needs, energetic resources and possibilities. Among behavioral sphere, these different tendencies take effect, leading to various outcomes and, in addition, affecting personality in return.

**Pre-requisites:** None.

**Pedagogy:** Direct learning, ICT, Case Studies.

**Course Objectives:**

1. Understand different views of personality in psychology: cognitive view, psychodynamic view, humanistic theory of personality, behavioral proposition and the view of personality as a set of traits.
2. Understand the ability to name and analyze different psychological spheres playing roles among personality: the sphere of cognition, emotion, motivation and behavior
3. Understanding of the phenomena of self, self-knowledge and self-esteem
4. Explore the competence to analyze different personal identities with their different values and different forms (private and social identity).

**Course Outcomes:**

After the successful completion of the course, students will be able to

1. Learn about different views of personality in psychology: cognitive view, psychodynamic view, humanistic theory of personality, behavioral proposition and the view of personality as a set of traits
2. Acquire the ability to name and analyze different psychological spheres playing roles among personality: the sphere of cognition, emotion, motivation and behavior
3. Gain understanding of the phenomena of self, self-knowledge and self-esteem
4. Acquire the competence to analyze different personal identities with their different values and different forms (private and social identity)

**Course Content:**

**Unit 1: Introduction to Personality, identity and self-presentation**

**7 Hours**

The process approach to the personality, identity and self-presentation. Introducing the experiment with recording films about self-presentation. Film analysis: cross-cultural context of

defining the matters of personality, identity and self-presentation. Approaches to personality. The interaction of emotional and personality spheres.

**Unit 2: Emotional intelligence, Motivation and personality**

**6 Hours**

Emotional intelligence: can we develop efficient use of emotion in daily basics?, Motivation and personality, Cognitive process and cognitive intelligence among personality, Personality as a process of interaction between different psychological spheres.

**Unit 3: Self-knowledge and self-esteem**

**7 Hours**

Self-knowledge and self-esteem – how do they differ? Identity and values among different generations.

**Unit 4: Self-presentation**

**6 Hours**

The characteristics of the phenomenon, Mechanisms of the internalization of self-presentation, The moral and competence-related interpretation of behavior, The potential of creating and managing one's own self-presentation, identity and personality.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21IDE412	Interdisciplinary Elective 8 – Cyber Media Practices	SC	1	1	0	2	3

**Course Description:**

This course, Cyber Media Practices offers a critical introduction to emerging “wired” or “cyber” technologies. In this course, the students will learn about the historical development of the Internet and other forms of new media and examine the repercussions of the digital revolution for our communities, our identities and our daily lives. Students will learn how to create a blog site and also master the art of blogging and vlogging.

**Pre-requisite:** Basic knowledge to work with ICT

**Pedagogy:** Direct Instruction, Inquiry Based Learning, Collaborative learning, ICT Based Learning

**Course Objectives:**

1. Through a variety of online and offline projects, students will develop the skills needed to be an active participant in the new media culture
2. Students will be prepared to spearhead change in emerging digital journalism tools in continuously evolving integrated newsroom practices
3. Students will learn trends relating to production, delivery or dissemination and consumption of news in innovative multimedia digital formats across multiple platforms
4. To enable the students to develop a critical, sociologically and historically informed perspective on the digital communication revolution and the Internet

**Course Outcomes:**

On completion of this course, the students will be able to-

1. Define and discuss key theoretical concepts related to new media studies
2. Acquire requisite technical proficiency to be an active participant in the new media culture.
3. Assess the social, cultural and political implications of new media production and consumption process.
4. Relate to upcoming digital evolution

**Course Content:**

**Unit:1- Introduction to Cyber Space**

**7 Hours**

What is cyber space?; Information Super Highway; Internet and information revolution; Cyber Media: Fundamentals of Cyber Media; Marshall McLuhan, Global Village and Electronic Age; Internet & New Media: use and its significance, advantages and disadvantages

**Unit II: Cyber Journalism**

**6 Hours**

Cyber Journalism: concept, definition and its advantages and disadvantages; Impact and future of cyber journalism; Writing for Web Media –Guidelines, Planning, Structure and Style- Headlines, Blurbs, Lead

**Unit III: Writing for the Web & Blogging**

**7 Hours**

Technical Writing – Copywriting; Blogs –Types of blogs –Personal blogs, Collaborative or Groupblogs, Corporate or Organisational blogs, Photo blog– Micro blogging; how to create a blog with Wordpress- site-set-up, design, writing posts, choosing photos, writing titles; Different types of Social Media and which work in different types of blogs; Usage of social media to promote your blog; Measuring analytics

**Unit IV: Vlogging**

**6 Hours**

Creating your Vlog: Determine your niche. The first step to becoming a vlogger is defining the type of content you want to create; Watch other creators; Find your voice; Invest in gear; Define your content; Edit your videos; Build an online presence; Optimize your content.

As this is a survey course, this class will give you a broad overview of the major theories and findings within social psychology.

**Pre-requisites:** Basic knowledge about society, culture and values

**Pedagogy:** Direct Learning, ICT method, Case Discussion

**Course Objectives:**

1. To introduce the historical and scientific origin, theories and development of the Social Psychology in the western and Indian context
2. To introduce the basic concepts in Social Perception
3. To help the students in understanding one's Self and self development
4. To introduce the dynamics of interpersonal relationships.

**Course Outcomes:**

*After the completion of this course, a student will be able to:*

1. Express and evaluate the ability to articulate factors contributing to human Social Behavior and the cultural influences.
2. Demonstrate the factors that contribute to Social Perceptions of individuals.
3. Express and understand One's Self
4. Outline and elaborate the dynamics of Interpersonal relationship.

## **Course Content:**

### **Unit-I: Introduction**

**10 Hours**

- a) Definition; History- Origin and Development.
- b) Social psychology in India
- c) Theories - Cognitive, Decision making, Interdependence, Socio-cultural, Evolutionary, and Mid-range theories.
- d) Research in Social Psychology: goals of research, selecting participants, Research design-correlations, Experimental-field, laboratory, data collection: self-report, observation, internet research.
- e) Bias in research- experimenter bias, subject bias, replication.
- f) Ethics in Research-informed consent, debriefing, minimal risk.

### **Unit-II: Social Perception**

**10 Hours**

- a) Social Perception: definition
- b) Non-verbal Communication: the visible channel- distance, gestures, eye contact, facial expression, paralanguage; multiple channels.
- c) Impression formation- information used: roles, physical cues, salience, from behaviors to traits, central traits, categorization, context effects; continuum model of Impression formation.
- d) Integrating Impressions: Evaluation, negativity effect, positive bias, emotional information, the averaging principle, imputing meaning, and resolving inconsistencies.
- e) Impression management.
- f) Attribution: definition, types, theory- Jones and Davis's Correspondent Inference Theory, Kelley's Covariation theory. Biases in the Attribution Process-Fundamental attribution error, actor-observer effect, false consensus. Self-serving attributional bias.

### **Unit –III: The Self**

**10 Hours**

- a) Self-presentation: accuracy in predicting our behavior, self-presentation tactics, ineffective self-presentation, self-handicapping.
- b) Self-knowledge: Sources-socialization, reflected appraisal, feedback from others, self-perception, labeling arousal states, introspection, Self-identity, Culture, cognition and emotions; Aspects of Self-knowledge: self-schemas, self-discrepancies.
- c) Self-regulation: Working Self-concept, Self-complexity, self-efficacy, personal control, behaviors, self-awareness.
- d) Social Comparison: goals, theory, process.
- e) Self-esteem: definition, measurement, gender difference, factors influencing self esteem
- f) Culture and Self: in Indian and western context.

### **Unit-IV: Interpersonal Relationships**

**9 Hours**

- a) Need to belong: loneliness, social rejection.
- b) Liking: definition, Social exchange theory, Sources-internal, external, social interaction.
- c) Internal sources of Liking others: need to belong, role of affect.
- d) External Sources: proximity, familiarity, physical beauty.

- e) Social Interaction sources of Liking: similarity, reciprocal liking or disliking, social skills, personality, desires, gender differences.
- f) Mate Selection: Gender differences
- g) Love: Definition, types, triangular theory of love.
- h) Romantic Love: cultural variations in marriage.
- i) Interdependency theory: rewards and costs, evaluating outcomes, coordinating outcomes, Fair exchange, beyond exchange.
- j) Self- disclosure: definitions, reasons, hazards, cultural differences, gender differences.
- k) Intimacy: definition, model, gender difference.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./ Wk.
B21JNS512	<b>Journalism - VI (B) (Fundamentals of Photography)</b>	SC	1	1	0	2	3

**Course Description:**

This course will introduce students to the basic principles and techniques of b/w and color digital photography. Hands-on class demonstration and training will be ranging from the technical to the artistic, employing both straightforward and creative camera and computer procedures. The teaching style will incorporate several formats including seminar-type presentations, hands-on practice, group discussions, critiques, and independent research.

**Pre-requisites:** Keen interest in photography

**Pedagogy:** Direct Method, Kinesthetic, ICT and Collaborative method

**Course Objectives:**

1. To make the students concentrate on building the fundamental skills needed to produce images for publication in today's media.
2. To ensure that students successfully acquire a basic knowledge of how to operate their cameras
3. To equip students with skills that allow the use of technology to the advantage as visual storytellers.
4. To understand the issues in Photojournalism.

**Course Outcomes:**

At the conclusion of this course, students will be able to:

1. Demonstrate a competent mastery of using a digital camera to produce images that are ready for publication in professional media.
2. Create compelling images that communicate the intended message with accurate captions which are publishable in professional publications.
3. Plan to gather and use audio to enhance the communicative value of a visual package.
4. Critically analyse the issues in Photojournalism.

**Course Content:**

**Unit-I: Introduction to Photography**

**7 Hours**

Photography, its role & importance.

Types of camera- TLR, SLR, Polaroid, Underwater Camera & Digital Camera, mirrorless camera.

Parts & functions of camera- Aperture, Shutter speed, ISO, Focal No. & Focal Length, Depth of Field, Shallow Depth of Field.

**Unit-II: Aspects of Photography**

**6 Hours**

Lens- Definition, Concept & Characteristics of lens

Types of lens- wide angle, normal & Tele; Special lens- zoom, fish eye & macro Lens;

Filter- definition & concept; Characteristics and types of filters.

**Unit-III: Principles of Photography**

**7 Hours**

Lighting: Sources of light: Natural & Artificial

Elements of composition- Rule of Third, Rule of Thumb, Diagonal and S-shaped compositions, Repetition and Rhythm.

**Unit-IV: Issues Related to Photojournalism**

**6 Hours**

Various types of photography: Portrait, Wildlife, Nature, Human Interest, Sports, Night photography; street photography

Advertising Photography: Studio and Outdoor,  
 Text vs. Photograph.  
 Qualities of a good photojournalist  
 Visual story telling - Photo-features, Photo – essays  
 Writing captions

<b>B21AAS531</b>	<b>Psychology – VI (A) (Abnormal Psychology - I)</b>	<b>SC</b>	<b>1</b>	<b>1</b>	<b>0</b>	<b>2</b>	<b>3</b>

**Course Description:**

This course provides an examination of the various psychological disorders as well as theoretical and clinical perspectives to the study of psychopathology. Emphasis is on terminology, classification, etiology and diagnosis of the major disorders. Upon completion, students should be able to distinguish between normal and abnormal behaviour patterns as well as demonstrate knowledge of etiology, symptoms, and diagnosis criteria of major mental disorder. This course has been approved to satisfy the Comprehensive Articulation Agreement for the general education core requirement in social/behavioural sciences.

**Pre-requisites:** Basic Concepts of Psychology

**Pedagogy:** Direct Learning, Case Studies, Critical Analysis, ICT.

**Course Objectives:**

1. To sensitize on nature, history and diagnosis of mental disorders.
2. To learn the different perspectives in understanding abnormal behaviour.
3. To learn the symptoms and causes of Anxiety Disorders and Obsessive Compulsive Disorders.
4. To learn the symptoms and causes of Trauma and Stress related disorders and Depressive Disorders.

**Course Outcomes:**

Upon successful completion of this course, students will be able to:

1. Elaborate the nature, history and diagnosis of abnormal behaviors

2. Discover and understand the different perspectives in understanding the abnormal behavior
3. Outline and elaborate the symptoms, causes and diagnosis of Anxiety and Obsessive-compulsive disorder.
4. Analyze and understand the symptoms, causes and diagnosis of Trauma and Stress related disorders and Depressive Disorders.

**Course Content:**

**Unit-I: Introduction to Psychopathology**

**7 Hours**

- a. Definition: Abnormal Psychology, Mental Disorder. The science of Psychopathology, The stigma of Abnormal Behaviour, Adaptive and Maladaptive behaviour.
- b. Historical conceptions: the ancient western world, the Middle ages, renaissance, age of reason and the Enlightenment, The reform movement.
- c. Diagnosing Psychological disorders: Classification Systems- ICD and DSM.

**Unit-II: Theoretical Perspectives on Maladaptive Behaviour**

**6 Hours**

- a. The Biological Perspective: genetic factors, nervous system and the Brain, The Endocrines, The Neuroscience Revolution, Integration of Biological and Psychological Systems.
- b. The Psychodynamic Perspective: Freud and Psychoanalysis, More recent approaches to psychoanalysis.
- c. The Behavioural Perspective: Classical conditioning, Operant conditioning and Social-cognitive theories.
- d. The Cognitive Perspective: Maladaptive behaviour and cognition.
- e. The Humanistic perspective

**Unit-III: Anxiety and Obsessive-compulsive disorders (DSM-5)**

**7 Hours**

- a. Definition of Anxiety, Fear and Panic.
- b. Prevalence of Anxiety disorder, gender difference if any.
- c. Clinical Description of Types: Generalized Anxiety Disorder, Panic disorder, agoraphobia, Specific Phobia-animal, natural environment, Blood-injection-injury, situational, Social Anxiety Disorder, Separation Anxiety Disorder, selective Mutism.

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AAS532	Psychology – VI (B) (Health Psychology - I)	SC	1	1	0	2	3

**Course Description:**

This is an advanced course in psychology designed to give a broad overview of the field of health psychology. Health psychology is a relatively young, diverse, and multidisciplinary field that examines the mind-body connection and many factors that influence the individual’s well-being. In this course, students will explore how biological, psychological and social factors are connected and how they may influence health consequences. Following this bio-psychosocial approach, potential biological, psycho physiological, and behavioral pathways to health and disease will be explored. By the end of the course, students would gain fundamental knowledge of the field of health psychology, develop skills for critically evaluating health psychology research, and understand how health psychology may be applied to promote their own well-being.

**Pre-requisites:** Basic understanding and experience of healthy and illness.

**Pedagogy:** Direct Learning, ICT, Discussion

**Course Objectives:**

Students are expected to develop an understanding of health psychology and gain skills in the following:

1. To understand the nature, history, origin and scope of Health Psychology.
2. To enhance the cognitive aspects of illness and factors influence compliance.
3. To learn about health promoting behaviors
4. To outline the connection between Pain and Psychological factors.

**Course Outcomes:**

Upon successful completion of this course, students will be able to:

1. Outline and relate Health and Psychology and its relevance.
2. Analyze the impact of cognition on illness and explore the need for compliance and factors influencing it.
3. Elaborate and apply the various behaviors that promotes health
4. Acquire and evaluate the psychological aspects related to pain perception and evaluate strategies for dealing with pain sensation and perception

**Course Content:****Unit-I: Introduction****7 Hours**

- a) Definition of Healthy Psychology
- b) History of Health Psychology
- c) Aims of health psychology.
- d) Future of health psychology
- e) Advantages of the Bio psychosocial Model, Clinical Implications of the Bio psychosocial Model.
- f) The Bio psychosocial Model: The Case History of Nightmare Deaths.
- g) The Need for Health Psychology: Changing Patterns of Illness, Advances in Technology and Research, Expanded Health Care Services, Increased Medical Acceptance.
- h) Health Psychology Research: The Role of Theory in Research, Experiments, Correlational Studies, Prospective and Retrospective Designs, the Role of Epidemiology in Health Psychology, Methodological Tools.

**Unit-II: Illness Cognition and Compliance****6 Hours**

Definition of Health, illness

Illness cognition: definition, dimensions, evidences for dimensions, Measurement.

Leventhal's Self-regulatory model

Symptom Perception

Coping with crisis of illness

Using the self-regulatory model to predict outcomes-adherence, recovery from stroke and MI

Illness cognitions and health outcomes

Compliance: Definition, work of ley-predicting the patient's compliant, improving compliance

**Unit-III: Health-Promoting Behaviors****7 Hours**

- a) **Health Promotion:** health behaviors and health habits, Practicing and changing health behaviors, barriers to Modifying poor Health Behaviors, Intervening with Children and Adolescents, Intervening with At-risk people, Health promotion and Older Adults, Ethnic and Gender Differences in health risks and habits.
- b) **Exercise:** Benefits of Exercise
- c) **Accident Prevention:** Home and Workplace Accidents
- d) **Cancer-Related Health Behavior:** Mammograms, Colorectal Cancer Screening, Sun safety practices
- e) **Developing a Healthy Diet:** changing diet, Resistance to Modifying Diet, Intervention to Modify Diet.
- f) **Sleep:** Sleep and Health

#### **Unit-IV: Pain**

**6 Hours**

- a) Pain: nature, definition, cross-cultural perspective on pain, measuring pain, physiology of pain.
- b) Pain theories: early theories, gate control theory.
- c) Role of Psychosocial factors in pain perception.
- d) Clinical Issues in Pain Management: acute and chronic pain, pain and personality.
- e) Pain control techniques: Pharmacological Control of Pain Surgical Control of Pain Sensory Control of Pain Biofeedback Relaxation Techniques Distraction Coping Skills Training Cognitive-Behavioural Therapy.

B21AA0604	Psychology Practical -VII	HC	0	0	2	2	4

**Dessertation Work: Based on student’s area of interest**

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21JNS631	Journalism -VIII (A) (New Media)	SC	1	1	0	2	3

**Course Description:**

This course provides the students with a critical introduction to the emerging “wired” or “cyber” technologies and the economic and political implications of the same. In this course, the students will learn about the historical development of the Internet and other forms of new media and examine the repercussions of the digital revolution for our communities, identities, politics, and our daily lives. Students will further learn how to create a web page and how to blog.

**Prerequisite:** Basic knowledge to work with ICT

**Pedagogy:** Direct Instruction, Inquiry Based Learning, Collaborative learning, Flipped Classroom

**Course Objectives:**

1. Through a variety of online and offline projects, students will develop the skills needed to be an active participant in the new media culture
2. To be able to relate to technological determinism in society
3. To enable the students to develop a critical, sociologically and historically informed perspective on the digital communication revolution and the Internet
4. To acquire the skills required for technical proficiency required in web platforms

**Course Outcomes:**

After the completion of this course, the students will be able to-

1. Define and discuss key theoretical concepts related to new media studies
2. Develop technical proficiency to be an active participant in the new media culture.
3. Identify and assess the social, cultural and political implications of new media production and consumption process.
4. Relate to upcoming digital evolution

**Course Content:**

**Unit – I: Introduction to New Media**

**10 Hours**

Introduction to New Media

Intranet to Internet; Information & Knowledge Society

Social Media: Uses by different demographics; Ethical issues with Social Networking, Social relationship and Identity-Online and Offline

Transmedia

**Unit – II: Impact of New Media on Journalism**

**10 Hours**

Understanding New Media- Impact of new media on journalism

Difference of elements between web journalism and traditional journalism

Trends in web/online journalism

Journalism ethics and restraint in new media-Accuracy, Privacy, Fairness, Linking, Journalistic integrity, Questions of Plagiarism;

**Unit – III: Writing For the Web**

**10 Hours**

Linear vs. nonlinear form

Writing for the screen vs. writing for print

Web page writing and editing techniques

Website vs. web-portal

Web site planning

Audience analysis; content planning, structure; Copyright issues; Mobile content/connecting to your audience

Visual Design; New Media aesthetics

**Unit – IV: New Media and Society**

**9 Hours**

Networked Societies

E-Governance; Innovations in E-Governance

New Media as Surveillance Technology

Activism in Cyber Space

Course Code	Course Title	Course Type	L	T	P	C	Hrs. / Wk.
B21AAS621	Literatures of India – II	SC	1	1	0	2	3

**Course Description:**

This course is the higher level of the former course on Literatures of India - II. In the course design, the texts are carefully selected in order to equip and empower the students to develop an intense understanding of the postcolonial body of Literatures of India that would trigger in them an urge to critically analyze the literary works but also the socio-cultural issues which contributed to the development of the Indian English Literature.

**Pre-requisites:**

- The student must have basic idea of key themes of Literatures from India.
- The student must be familiar with Indian history, society and culture.

**Pedagogy:**

Flipped Classroom / ICT / Collaborative Learning / Direct Method / Differentiated Learning

**Course Objectives:**

1. To develop the idea of „Unity in Diversity“ through Literatures from India.
2. To outline the socio- political and cultural issues of the cotemporary period through Literatures from India.
3. To enhance the ability to critically address postcolonial issues.
4. To infer genre of gender aspects through literature.

**Course Outcomes:**

On completion of the course the students will be able to:

1. Explain the various issues dealt by contemporary poets of India and their contribution towards „decolonization“.
2. Analyze the major features and their value in the fictional narratives of India.
3. Demonstrate familiarity with concerns specific to India as presented in non-fictional works.
4. Illustrate an understanding and participate in the contemporary socio-political happenings of India.

**Course Content:**

**Unit – I: Poetry**

**7 hours**

1. Nissim Ezekiel – Goodbye Party for Miss Pushpa T.S.
2. Keki Daruwala – Migrations

3. Kabita Sinha – Eve Speaks to God
4. K. Satchidandan – Gandhi and the Poem
5. Jyoti Lanjewar - Mother

**Unit – II: Short Fiction**

**6 hours**

1. Githa Hariharan – The Remains of the Feast
2. Tamsula Ao – The Jungle Major

**Unit – III: Essay**

**7 hours**

1. Sudhir Kakar – Feminine Identity in India (Extract from *The Inner World*)

**Unit – IV: Novel**

**6 hours**

1. Mahasweta Devi – *Mother of 1084* (non-detailed)

**References:**

Course Code	Course Title	Course Type	L	T	P	C	Hrs. / Wk.
B21AAS622	European & Non-European Writings – II	SC	1	1	0	2	3

**Course Description:**

This course is specially designed to engage the students into the wider discourse of European and Non-European literatures, specifically to develop in them a critical awareness of the world literature at large. Another motive behind such an intense framing is that the students would be more sensitive to the issues of the world literature, history and politics after the completion of the course.

**Pre-requisites:**

- The student must have basic idea of geographical and cultural aspects of Europe and European Literature.

**Pedagogy:**

Flipped Classroom / ICT / Collaborative Learning / Direct Method / Differentiated Learning

**Course Objectives:**

1. To interpret the works of the significant authors of the European and Non-European Literature.
2. To infer socio-political and cultural issues as represented in the select European and Non-European literary texts.
3. To develop familiarity of global concerns.
4. To build an understanding of various dimensions of world literature and its role in refining the theory of human mind.

**Course Outcomes:**

On completion of the course the students will be able to:

1. Demonstrate a good understanding of the issues that contributed to the development of the discourse of world literature.
2. Explain the various issues presented in postcolonial and neo-colonial poetry from all over the world.
3. Develop an initial association with the fictional works of postcolonial writers from various nations and demonstrate collective global voice.
4. Outline the characteristics of postcolonialism and its relevance.

**Course Content:**

**Unit – I: Poetry**

**7 hours**

1. Pablo Neruda – I am Explaining a Few Things
2. A.D. Hope – Australia
3. Margaret Atwood – Helen of Troy Does Countertop Dancing
4. Zulfikar Ghose – This Landscape, These People

**Unit – II: Short Fiction**

**6 hours**

1. Katherine Mansfield – The Garden Party
2. Gabriel Garcia Marquez – A Very Old Man with Enormous Wings

**Unit – III: Essays**

**7 hours**

1. Ngugi - Abolition of English Department
2. Loomba, Ania. *Colonialism/ Postcolonialism* (Extract)

**Unit – IV: Novel**

**6 hours**

1. Chinua Achebe – *Things Fall Apart*

Course Code	Course Title	Course Type	L	T	P	C	Hrs./Wk.
B21AAS631	Psychology - VIII (A) (Abnormal Psychology - II)	SC	1	1	0	2	3

**Course Description:**

This course provides an examination of the various psychological disorders as well as theoretical, clinical, perspectives of the study of psychopathology. Emphasis is on terminology, classification, etiology, diagnosis of some of the major disorders such as Somatoform Disorder, Schizophrenia, Mood Disorders and Personality Disorders.

**Pre-requisites:** Basic understanding about normal and abnormal behaviour.

**Pedagogy:** Direct learning, Case Discussion, ICT, Critical analysis.

**Course Objectives:**

1. To learn about symptoms, causes, types and diagnosis of Bipolar Disorders.
2. To learn about symptoms, causes, types and diagnosis of Somatic symptom Disorders.
3. To learn about symptoms, causes, types and diagnosis of Schizophrenia Spectrum Disorders.
4. To identify normal and abnormal behaviour.

**Course Outcomes:**

Upon successful completion of this course, students will be able to:

1. Outline and understand the clinical features, causes, types and causes of Bipolar Disorders.
2. Outline and elaborate the clinical features, causes, types and causes of Somatic symptom Disorders
3. Elaborate and the clinical features, causes, types and causes of Schizophrenia Spectrum Disorders
4. Distinguish the clinical features, causes, types and causes of Bipolar Disorders.

**Course Content:**

**Unit-I: Bipolar Disorders**

**10 Hours**

Bipolar I Disorder: Current or most recent episode manic, Current or most recent episode hypomanic, Current or most recent episode depressed, current or most recent episode unspecified- Symptoms and causes

Bipolar II Disorder-mild, moderate, severe- Symptoms and causes

Cyclothymic Disorder- Symptoms and causes

**Unit-II: Somatic Symptom Disorders**

**10 Hours**

Somatic Symptom Disorder, Illness Anxiety Disorder, Conversion Disorder, Factitious Disorder-symptoms and causes.

**Unit-III: Schizophrenia Spectrum Disorder.**

**10 Hours**

Schizotypal (personality) Disorder, Brief psychotic disorder, Schizophreniform Disorder, Schizophrenia, Schizoaffective Disorder-bipolar type, depressive type, Catatonic Disorder-symptoms and causes.

**Unit-IV: Personality Disorders**

**9 Hours**

Cluster A Personality Disorders: Paranoid Personality Disorder, Schizoid Personality Disorder, and Schizotypal Personality Disorder.

Cluster B Personality Disorders-Antisocial Personality Disorder, Borderline Personality Disorder, Histrionic Personality Disorder, Narcissistic Personality Disorder.

Cluster C Personality disorders-Avoidant Personality Disorder, Dependent Personality Disorder, and Obsessive –Compulsive Personality Disorder. Clinical symptoms and causes.

## **CAREER DEVELOPMENT AND PLACEMENT**

Having a degree will open doors to the world of opportunities for you. But Employers are looking for much more than just a degree. They want graduates who stand out from the crowd and exhibit real life skills that can be applied to their organizations. Examples of such popular skills employers look for include:

1. Willingness to learn
2. Self-motivation
3. Team work
4. Communication skills and application of these skills to real scenarios
5. Requirement of gathering, design and analysis, development and testing skills
6. Analytical and Technical skills
7. Computer skills
8. Internet searching skills
9. Information consolidation and presentation skills
10. Role play
11. Group discussion, and so on

REVA University therefore, has given utmost importance to develop these skills through variety of training programs and such other activities that induce the said skills among all students. A full-fledged Career Counseling and Placement division, namely Career Development Center (CDC) headed by well experienced senior Professor and Dean and supported by dynamic trainers, counselors and placement officers and other efficient supportive team does handle all aspects of Internships and placements for the students of REVA University. The prime objective of the CDC is to liaison between REVA graduating students and industries by providing a common platform where the prospective employer companies can identify suitable candidates for placement in their respective organization. The CDC organizes pre-placement training by professionals and also arranges expert talks to our students. It facilitates students to career guidance and improve their employability. In addition, CDC forms teams to perform mock interviews. It makes you to enjoy working with such teams and learn many things apart from working together in a team. It also makes you to participate in various student clubs which helps in developing team culture, variety of job skills and overall personality.

The need of the hour in the field of Journalism, Political Science & Economics is not only knowledge in the subject, but also the skill to do the job proficiently, team spirit and a flavour of innovation. This kept in focus, the CDC has designed the training process, which will commence from second semester along with the curriculum. Special coaching in personality development, career building, English proficiency, reasoning, puzzles, and communication skills to every student of REVA University is given with utmost care. The process involves continuous training and monitoring the students to develop their soft skills including interpersonal skills that will fetch them a job of repute in the area of his / her interest and March forward to make better career. The School of Applied sciences also has emphasised subject based skill training through lab practice, internship, project work, industry interaction and many such skilling techniques.

Special training is also arranged for those interested in entrepreneurial venture. The students during their day to day studies are made to practice these skill techniques as these are inbuilt in the course curriculum. Concerned teachers also continuously guide and monitor the progress of students.

The University has also established University-Industry Interaction and Skill Development Centre headed by a Senior Professor & Director to facilitate skill related training to REVA students and other unemployed students around REVA campus. The center conducts variety of skill development programs to students to suite to their career opportunities. Through this skill development centre the students shall compulsorily complete at least two skill / certification based programs before the completion of their degree. The University has collaborations with Industries, Corporate training organizations, research institutions and Government agencies like NSDC (National Skill Development Corporation) to conduct certification programs. REVA University has been recognized as a Centre of Skill Development and Training by NSDC (National Skill Development Corporation) under Pradhan Mantri Kaushal Vikas Yojana.

The University has also signed MOU's with Multi-National Companies, research institutions, and universities abroad to facilitate greater opportunities of employability, students' exchange programs for higher learning and for conducting certification programs.
