Chancellor's Message

“Education is the most powerful weapon which you can use to change the world.”

- Nelson Mandela.

There was a time when survival depended on just the realization of physiological needs. We are indeed privileged to exist in a time when ‘intellectual gratification’ has become indispensable. Information is easily attainable for the soul that is curious enough to go look for it. Technological boons enable information availability anywhere anytime. The difference, however, lies between those who look for information and those who look for knowledge.

It is deemed virtuous to serve seekers of knowledge and as educators it is in the ethos at REVA University to empower every learner who chooses to enter our portals. Driven by our founding philosophy of ‘Knowledge is Power’, we believe in building a community of perpetual learners by enabling them to look beyond their abilities and achieve what they assumed impossible.

India has always been beheld as a brewing pot of unbelievable talent, acute intellect and immense potential. All it takes to turn those qualities into power is a spark of opportunity. Being at a University is an exciting and rewarding experience with opportunities to nurture abilities, challenge cognizance and gain competence.

For any University, the structure of excellence lies in the transitional abilities of its faculty and its facility. I’m always in awe of the efforts that our academic board puts in to develop the team of subject matter experts at REVA. My faculty colleagues understand our core vision of empowering our future generation to be ethically, morally and intellectually elite. They practice the art of teaching with a student-centered and transformational approach. The excellent infrastructure at the University, both educational and extra-curricular, magnificently demonstrates the importance of ambience in facilitating focused learning for our students.

A famous British politician and author from the 19th century - Benjamin Disraeli, once said ‘A University should be a place of light, of liberty and of learning’. Centuries later this dictum still inspires me and I believe, it takes team-work to build successful institutions. I welcome you to REVA University to join hands in laying the foundation of your future with values, wisdom and knowledge.

Dr. P. Shyama Raju

The Founder and Hon'ble Chancellor, REVA University

Vice-Chancellor's Message

The last two decades have seen a remarkable growth in higher education in India and across the globe. The move towards inter-disciplinary studies and interactive learning have opened up several options as well as created multiple challenges. India is at a juncture where a huge population of young crowd is opting for higher education. With the tremendous growth of privatization of education in India, the major focus is on creating a platform for quality in knowledge enhancement and bridging the gap between academia and industry.

A strong believer and practitioner of the dictum “Knowledge is Power”, REVA University has been on the path of delivering quality education by developing the young human resources on the foundation of ethical and moral values, while boosting their leadership qualities, research culture and innovative skills. Built on a sprawling 45 acres of green campus, this ‘temple of learning’ has excellent and state-of-the-art infrastructure facilities conducive to higher teaching-learning environment and research. The main objective of the University is to provide higher education of global standards and hence, all the programs are designed to meet international standards. Highly experienced and qualified faculty members, continuously engaged in the maintenance and enhancement of student-centric learning environment through innovative pedagogy, form the backbone of the University.

All the programs offered by REVA University follow the Choice Based Credit System (CBCS) with Outcome Based Approach. The flexibility in the curriculum has been designed with industry-specific goals in mind and the educator enjoys complete freedom to appropriate the syllabus by incorporating the latest knowledge and stimulating the creative minds of the students. Bench marked with the course of studies of various institutions of repute, our curriculum is extremely contemporary and is a culmination of efforts of great think-tanks - a large number of faculty members, experts from industries and research level organizations. The evaluation mechanism employs continuous assessment with grade point averages. We believe sincerely that it will meet the aspirations of all stakeholders – students, parents and the employers of the graduates and postgraduates of REVA University.

At REVA University, research, consultancy and innovation are regarded as our pillars of success. Most of the faculty members of the University are involved in research by attracting funded projects from various research level organizations like DST, VGST, DBT, DRDO, AICTE and industries. The outcome of the research is passed on to students through live projects

from industries. The entrepreneurial zeal of the students is encouraged and nurtured through EDPs and EACs.

REVA University has entered into collaboration with many prominent industries to bridge the gap between industry and University. Regular visits to industries and mandatory internship with industries have helped our students. REVA University has entered into collaboration with many prominent industries to bridge the gap between industry and University. Regular visits to industries and mandatory internship with industries have helped our students become skilled with relevant to industry requirements. Structured training programs on soft-skills and preparatory training for competitive exams are offered here to make students more employable. 100% placement of eligible students speaks the effectiveness of these programs. The entrepreneurship development activities and establishment of “Technology Incubation Centers” in the University extend full support to the budding entrepreneurs to nurture their ideas and establish an enterprise.

With firm faith in the saying, “Intelligence plus character –that is the goal of education” (Martin Luther King, Jr.), I strongly believe REVA University is marching ahead in the right direction, providing a holistic education to the future generation and playing a positive role in nation building. We reiterate our endeavor to provide premium quality education accessible to all and an environment for the growth of over-all personality development leading to generating “GLOBAL PROFESSIONALS”.

Welcome to the portals of REVA University!

Vice-Chancellor, REVA University

PREFACE

The B. Com (Honors) program is designed keeping in view the current situation and possible future developments, both at national and global levels. This course is designed to give greater emphasis on core commerce and trade. There are ample numbers of courses providing knowledge in specialized areas of finance, accounting, taxation, banking, insurance, etc. facilitating students to choose specialized areas of their interest. Adequate attention is given to provide students the basic concepts.

Commerce and Trade have today gained key place in global environment. The communication and technology revolution, socio-economic and political changes led to global marketing have brought in greater transformation in the global market. The trends like e-banking, e-commerce, web marketing etc., have made enormous impact on the business environment. The wings of study of commerce thus have spread beyond imagination. Hence the structure of the B Com degree programme has undergone a face-lift with the introduction of subjects from computer application, internet, communication and such other areas apart from keeping righteousness of core commerce subjects.

The B.Com (Honors) program of REVA University is designed keeping in view the current situation and possible future developments, both at national and global levels. The courses being offered give greater emphasis on core commerce areas of study. These are termed as Hard Core courses. There is ample number of courses providing knowledge in specialized areas of accounting, auditing, taxation, finance, information technology, banking and insurance, facilitating students to choose specialized areas of their interest. Adequate attention is given to provide students the knowledge of Functional English, Corporate law, Environmental studies, Indian Constitution and Disaster management.

Thus students in Commerce have the flexibility to broaden their horizons in computer, internet, communication and such several streams of subjects related industries, commerce, banking and trade apart from the core subjects of study. The program is thus designed to expose students to various subjects having applications in business, commerce and trade through outcome based teaching and learning process which emphasizes practical exposure rather than memorization. The internships and projects in the area of accounting, financial services, banking, community services, being part of the curriculum the program will certainly provide students the experience of practical exposure in working environment. Several add on courses in different areas of commerce, management, business analytics etc., bring added advantages to students. A variety of activities such as case studies seminars, interaction with industries, cultural activities and social activities are in place to shape the all-round development of students.

Maximum number of courses are integrated with cross cutting issues with relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability. The Curriculum caters to and has relevance to Local, Regional, National, Global Development needs.

The benefits of choosing B Com (Honors) program at REVA University are:

- Flexibility to choose various fields upon graduation.
- Opportunity to work on live problems.
- Opportunity to work on business, commerce, marketing and such other related areas.
- Opportunity to be entrepreneurs with greater confidence.

I am sure the students choosing B Com (Honors) in REVA University will enjoy the curriculum, teaching and learning environment, the vast infrastructure and the experienced teachers involvement and guidance. We will strive to provide all needed comfort and congenial environment for their studies. I wish all students pleasant stay in REVA and grand success in their career.

RUKMINI EDUCATIONAL CHARITABLE TRUST

It was the dream of late Smt. Rukmini Shyama Raju to impart education to millions of underprivileged children as she knew the importance of education in the contemporary society. The dream of Smt. Rukmini Shyama Raju came true with the establishment of Rukmini Educational Charitable Trust (RECT), in the year 2002. Rukmini Educational Charitable Trust (RECT) is a Public Charitable Trust, set up in 2002 with the objective of promoting, establishing and conducting academic activities in the fields of Arts, Architecture, Commerce, Education, Engineering, Environmental Science, Legal Studies, Management and Science & Technology, among others. In furtherance of these objectives, the Trust has set up the REVA Group of Educational Institutions comprising of REVA Institute of Technology & Management (RITM), REVA Institute of Science and Management (RISM), REVA Institute of Management Studies (RIMS), REVA Institute of Education (RIE), REVA First Grade College (RFGC), REVA Independent PU College at Kattigenahalli, Ganganagar and Sanjaynagar and now REVA University. Through these institutions, the Trust seeks to fulfill its vision of providing world class education and create abundant opportunities for the youth of this nation to excel in the areas of Arts, Architecture, Commerce, Education, Engineering, Environmental Science, Legal Studies, Management and Science & Technology.

Every great human enterprise is powered by the vision of one or more extraordinary individuals and is sustained by the people who derive their motivation from the founders. The Chairman of the Trust is Dr. P. Shyama Raju, a developer and builder of repute, a captain of the industry in his own right and the Chairman and Managing Director of the DivyaSree Group of companies. The idea of creating these top notched educational institutions was born of the philanthropic instincts of Dr. P. Shyama Raju to do public good, quite in keeping with his support to other socially relevant charities such as maintaining the Richmond road park, building and donating a police station, gifting assets to organizations providing accident and trauma care, to name a few.

The Rukmini Educational Charitable Trust drives with the main aim to help students who are in pursuit of quality education for life. REVA is today a family of ten institutions providing education from PU to Post Graduation and Research leading to PhD degrees. REVA has well qualified experienced teaching faculty of whom majority are doctorates. The faculty is supported by committed administrative and technical staff. Over 15,000 students study various courses across REVA's three campuses equipped with exemplary state-of-the-art infrastructure and conducive environment for the knowledge driven community.

ABOUT REVA UNIVERSITY

REVA University has been established under the REVA University Act, 2012 of Government of Karnataka and notified in Karnataka State Gazette dated 7th February, 2013. The University is recognised by UGC under Sec 2 (f) and empowered under Sec.22 of the UGC Act, 1956 to award degrees in any branch of knowledge. The University is a Member of Association of Indian Universities, New Delhi. The main objective of the University is to prepare students with knowledge, wisdom and patriotism to face the global challenges and become the top leaders of the country and the globe in different fields.

REVA University located in between Kempegowda International Airport and Bangalore city, has a sprawling green campus spread over 45 acres of land and equipped with state-of-the-art infrastructure that provide conducive environment for higher learning and research. The REVA campus has well equipped laboratories, custom-built teaching facilities, fully air-conditioned library and central computer centre, the well planned sports facility with cricket ground, running track & variety of indoor and outdoor sports activities, facilities for cultural programs. The unique feature of REVA campus is the largest residential facility for students, faculty members and supportive staff.

The University is presently offering 27 Post Graduate Degree programs, 29 Degree and PG Degree programs in various branches of studies and has 15000+ students studying in various branches of knowledge at graduate and post graduate level and 494 Scholars pursuing research leading to PhD in 18 disciplines. It has 900+ well qualified, experienced and committed faculty members of whom majority are doctorates in their respective areas and most of them are guiding students pursuing research leading to PhD.

The programs being offered by the REVA University are well planned and designed after detailed study with emphasis with knowledge assimilation, applications, global job market and their social relevance. Highly qualified, experienced faculty and scholars from reputed universities / institutions, experts from industries and business sectors have contributed in preparing the scheme of instruction and detailed curricula for this program. Greater emphasis on practice in respective areas and skill development to suit to respective job environment has been given while designing the curricula. The Choice Based Credit System and Continuous Assessment Graded Pattern (CBCS – CAGP) of education has been introduced in all programs to facilitate students to opt for subjects of their choice in addition to the core subjects of the study and prepare them with needed skills. The system also allows students to move forward under the fast track for those who have the capabilities to surpass others. These programs are taught by

well experienced qualified faculty supported by the experts from industries, business sectors and such other organizations. REVA University has also initiated many supportive measures such as bridge courses, special coaching, remedial classes, etc., for slow learners so as to give them the needed input and build in them confidence and courage to move forward and accomplish success in their career. The University has also entered into MOUs with many industries, business firms and other institutions seeking their help in imparting quality education through practice, internship and also assisting students' placements.

REVA University recognizing the fact that research, development and innovation are the important functions of any university has established an independent Research and Innovation division headed by a senior professor as Dean of Research and Innovation. This division facilitates all faculty members and research scholars to undertake innovative research projects in engineering, science & technology and other areas of study. The interdisciplinary-multidisciplinary research is given the top most priority. The division continuously liaisons between various funding agencies, R&D Institutions, Industries and faculty members of REVA University to facilitate undertaking innovative projects. It encourages student research projects by forming different research groups under the guidance of senior faculty members. Some of the core areas of research wherein our young faculty members are working include Data Mining, Cloud Computing, Image Processing, Network Security, VLSI and Embedded Systems, Wireless Sensor Networks, Computer Networks, IOT, MEMS, Nano- Electronics, Wireless Communications, Bio-fuels, Nano-technology for coatings, Composites, Vibration Energies, Electric Vehicles, Multilevel Inverter Application, Battery Management System, LED Lightings, Renewable Energy Sources and Active Filter, Innovative Concrete Reinforcement, Electro Chemical Synthesis, Energy Conversion Devices, Nano-structural Materials, Photo-electrochemical Hydrogen generation, Pesticide Residue Analysis, Nano materials, Photonics, Nano Tribology, Fuel Mechanics, Operation Research, Graph theory, Strategic Leadership and Innovative Entrepreneurship, Functional Development Management, Resource Management and Sustainable Development, Cyber Security, General Studies, Feminism, Computer Assisted Language Teaching, Culture Studies etc.

The REVA University has also given utmost importance to develop the much required skills through variety of training programs, industrial practice, case studies and such other activities that induce the said skills among all students. A full-fledged Career Development and Placement (CDC) department with world class infrastructure, headed by a dynamic experienced Professor & Dean, and supported by well experienced Trainers, Counselors and Placement Officers. The University also has University-Industry Interaction and Skill Development Centre headed by a Senior Professor & Director facilitating skill related training to REVA students and other unemployed students. The University has been recognized as a Centre of Skill Development and

Training by NSDC (National Skill Development Corporation) under Pradhan Mantri Kaushal Vikas Yojana. The Centre conducts several add-on courses in challenging areas of development. It is always active in facilitating student's variety of Skill Development Training programs.

The University has collaborations with Industries, universities abroad, research institutions, corporate training organizations, and Government agencies such as Florida International University, Oklahoma State University, Western Connecticut University, University of Alabama, Huntsville, Oracle India Ltd, Texas Instruments, Nokia University Relations, EMC², VMware, SAP, Apollo etc, to facilitate student exchange and teacher-scholar exchange programs and conduct training programs. These collaborations with foreign universities also facilitates students to study some of the programs partly in REVA University and partly in foreign university, viz, M.S in Computer Science one year in REVA University and the next year in the University of Alabama, Huntsville, USA.

The University has also given greater importance to quality in education, research, administration and all activities of the university. Therefore, it has established an independent Internal Quality division headed by a senior professor as Dean of Internal Quality. The division works on planning, designing and developing different quality tools, implementing them and monitoring the implementation of these quality tools. It concentrates on training entire faculty to adopt the new tools and implement their use. The division further works on introducing various examination and administrative reforms.

To motivate the youth and transform them to become innovative entrepreneurs, successful leaders of tomorrow and committed citizens of the country, REVA organizes interaction between students and successful industrialists, entrepreneurs, scientists and such others from time to time. As a part of this exercise great personalities such as Bharat Ratna Prof. C. N. R. Rao, a renowned Scientist, Dr. N R Narayana Murthy, Founder and Chairman and Mentor of Infosys, Dr. K Kasturirangan, Former Chairman ISRO, Member of Planning Commission, Government of India, Dr. Balaram, Former Director IISc., and noted Scientist, Dr. V S Ramamurthy, Former Secretary, DST, Government of India, Dr. V K Aatre, noted Scientist and former head of the DRDO and Scientific Advisor to the Ministry of Defence Dr. Sathish Reddy, Scientific Advisor, Ministry of Defence, New Delhi and many others have accepted our invitation and blessed our students and faculty members by their inspiring addresses and interaction.

As a part of our effort in motivating and inspiring youth of today, REVA University also has instituted awards and prizes to recognize the services of teachers, researchers, scientists, entrepreneurs, social workers and such others who have contributed richly for the development of the society and progress of the country. One of such award instituted by REVA University is '**Life Time Achievement Award**' to be awarded to successful personalities who have made mark in

their field of work. This award is presented on occasion of the “**Founders’ Day Celebration**” of REVA University on 6th January of every year in presence of dignitaries, faculty members and students gathering. The first “REVA Life Time Achievement Award” for the year 2015 has been awarded to Shri. Kiran Kumar, Chairman ISRO, followed by Shri. REVA also introduced “**REVA Award of Excellence**” in the year 2017 and the first Awardee of this prestigious award is Shri Ramesh Aravind, Actor, Producer, Director, Screen Writer and Speaker.

REVA organizes various cultural programs to promote culture, tradition, ethical and moral values to our students. During such cultural events the students are given opportunities to unfold their hidden talents and motivate them to contribute innovative ideas for the progress of the society. One of such cultural events is REVAMP conducted every year. The event not only gives opportunities to students of REVA but also students of other Universities and Colleges. During three days of this mega event students participate in debates, Quizzes, Group discussion, Seminars, exhibitions and variety of cultural events. Another important event is Shubha Vidaaya, - Graduation Day for the final year students of all the programs, wherein, the outgoing students are felicitated and are addressed by eminent personalities to take their future career in a right spirit, to be the good citizens and dedicate themselves to serve the society and make a mark in their respective spheres of activities. During this occasion, the students who have achieved top ranks and won medals and prizes in academic, cultural and sports activities are also recognized by distributing awards and prizes. The founders have also instituted medals and prizes for sports achievers every year. The physical education department conducts regular yoga class’s everyday to students, faculty members, administrative staff and their family members and organizes yoga camps for villagers around.

Within short span of time, REVA University has been recognized as a fast growing university imparting quality higher education to the youth of the country and has received many awards, ranks, and accolades from various agencies, institutions at national and international level. These include: Asia’s Greatest Brand and Leaders, by Asia One, National Award of Leadership Excellence, by ASSOCHAM India, Most promising University, by EPSI, Promising Upcoming Private University in the Country, by The Economic Times, Best University of India (South), by Dialogue India, Gold Brand by QS University Ranking, placed under 151-200 band by NIRF, 6TH Rank in the Super Excellence category by GHRDC, 6TH Rank in All India Law School Survey, ranked among Top 30 Best B Schools by Business World, India’s Best Law Institution by Careers 360, to mention a few.

- Independently calculate basic statistical parameters (mean, measures of dispersion, correlation coefficient, indexes)
- Based on the acquired knowledge to interpret the meaning of the calculated statistical indicators

Course Content:

Unit-1	Measures Of Central Tendency	12 Hrs
	Mathematical averages including arithmetic mean, geometric mean and harmonic mean. Properties and applications. Positional Averages: Mode and Median (and other partition values including quartiles, deciles, and percentiles) (Including graphic determination).	
Unit-2	Measures Of Dispersion And Skewness.	16 Hrs
	Meaning–Calculation of Absolute and Relative measures of dispersion -Range – Quartile Deviation –Mean Deviation –Standard Deviation and Coefficient of Variation. Measures Of Skewness: Meaning of Skewness-Symmetrical & Skewed Distributions-Measures of Skewness - Absolute and Relative Measures of Skewness –Karl Pearson’s Coefficient of Skewness and Bowley’s Coefficient of Skewness.	
Unit-3	Time Series Analysis	14 Hrs
	Time Series Data: Components of time series, Additive and multiplicative models Trend analysis. Fitting of trend line using principle of least squares-linear, second degree parabola and exponential. Conversion of annual linear trend equation to quarterly/monthly basis and vice-versa; Moving averages Seasonal variations -Calculation of seasonal indices using simple averages, Ratio-to-trend, Ratio-to-moving averages methods, Uses of seasonal Indices	
Unit-4	Index Numbers	14 Hrs
	Meaning and uses of index numbers. Construction of index numbers: Fixed and chain base: univariate and composite. Aggregative and average of relatives- simple and weighted Tests of adequacy of index numbers, Base shifting, splicing and deflating. Problems in the construction of index numbers Construction of consumer price indices. Important share price indices, including BSE SENSEX and NSE NIFTY.

Introduction to Major Project/Dissertation:

All the Sixth semester B.Com Honors students of REVA University are required to undergo a 16 weeks internship program at an organization of their choice. The nature of internship must be based on their area of specialization and future employability, since a good internship could lead to a pre-placement offer.

A Major Project period of five to six months in a real life situation helps the graduates to achieve hands on training on execution and delivery of expected results. The constant interaction with the mentors from the organization and in-house faculty leads to a healthy synthesis of practical experience and the theoretical inputs.

The method ensures a continuous evaluation of the student interns through a comprehensive grade sheet of many of the latent talents like professional judgment, data handling and analysis, decision making abilities, initiative, leadership and team building etc. that may not be entirely visible during the classroom simulations. The industry has the benefit of direct access to the trainees who can be monitored and evaluated over a period of six months. There is value addition as projects relevant to the industry are executed with the help of trained graduates without additional cost to the company.

Course Objectives

- Develop problem solving, decision making, interpersonal skills by contributing to the organizations' day to day activities and performing the role assigned.
- Develop work ethics, values and exhibit professionalism.
- Improve researching, reporting and presentation skills.
- Add value to the organization through his/her contributions.

Mentorship

Students will be guided by a corporate mentor and a faculty mentor. The faculty mentor will be allotted to you by the School at the end of third semester. However, it is the responsibility of the student after consulting with the company executives to identify the corporate mentor. All the evaluation formats, project reports and attendance shall be signed by both corporate and faculty mentors.

Weekly reports

Every student shall submit the weekly report by mail (scanned) to the respective faculty guide at the end of each week. The format is given in Annexure 2.

Course Credits

A project work carrying FOUR or SIX credits is called Minor Project work / Dissertation. A project work of EIGHT, TEN, TWELVE or SIXTEEN credits is called Major Project work / Dissertation.

Ethics in Research

There are many ethical dilemmas associated with the practice of social Science research. There are six key principles of ethical social science research:

- Research should be designed, reviewed and undertaken to ensure integrity and quality;
- Research staff and subjects must be informed fully about the purpose, methods and intended possible uses of the research, what their participation in the research entails and what risks, if any, are involved;
- The confidentiality of information supplied by research subjects and the anonymity of respondents must be respected;
- Research participants must participate in a voluntary way, free from any coercion;
- Harm to research participants must be avoided;
- The independence of research must be clear, and any conflicts of interest or partiality must be explicit;

What constitutes plagiarism?

A major ethical standard in research focuses on appropriately recognizing and crediting the work of others who have contributed to the body of knowledge in a given area. Plagiarism is simply using someone else's ideas or wording without giving due credit. When you present an idea in your thesis project that originated from another source (written or spoken), even if you modified the wording or parts of the idea, credit to the original source should be given. The thesis is a scholarly work, and as such, extensive citation from the literature is expected. As you make notes from a source, indicate clearly whether your notes are a direct quote or a paraphrased interpretation. If direct quotes are used, the page number is required for a complete citation. Plagiarism software is widely available and routinely used by professors and journal editors.

Note: *The project report has to be tested for plagiarism, and passed the plagiarism test with the similarity score less than 25% and it satisfies the academic requirements in respect of Project work prescribed for the Post Graduate Students Degree.*

Publication

Publishing one research article from project is compulsory for the Postgraduate Students. If any candidate is not published research article out of the study which they carried out are not eligible to submit the Major Project/ Dissertation. For Under Graduate Students, it publication is not compulsory but they are also encouraged to do the same.

Chapter 3: Research Methodology (15-20 Pages)

3.0: Literature Review

Here relevant theoretical background in brief may be given by referring to some standard text books, journals, newspapers etc. Students should endeavor to collect, compile and concisely cover latest information and data by scanning latest articles published in periodicals, journal etc. Please note that the latest authentic data adds to the quality of the project report and gives a good impression to the viva-committee as well as organizations where in students are placed for summer training. Data collected from

others source should be duly acknowledged and cited. (Refer <http://www.waikato.ac.nz/library/study/referencing/styles/apa> for more details.)

3.5 Research Design and Sampling

3.6 Research instruments (e.g., questionnaire)

3.7 Definitions of the terms used

3.8 Scope and Limitations of the study

3.9 Chapter scheme

Chapter 4: Data Analysis and Interpretation (25-30 Pages)

The primary and/or secondary data collected must be analyzed to standard formats such as tables /graphs /diagrams and so on and is to be presented in this chapter. This chapter shall include hypothesis testing using appropriate statistical tools. Use of advanced statistical tools to analyze your data is encouraged. Proper titles, legends, scales, source (s) etc. must be mentioned along with each diagram/table.

Data Interpretation is the most important part of the study. Students are required to apply established theoretical concepts/tools/techniques to the data presented and draw inferences. Students are required to discuss rationally for drawing inferences. For each inference, proper linkages are to be established either with the data analyzed in with the calculation (s) to be included in this chapter. Wherever, calculations are to be carried out, it must be provided before drawing any inference. The inferences are to be presented in narrative form from each data set along with limitation (s) due to data insufficiency, if any.

Each table must have

- Title of the table
- Data table (in tabular and/or visual form)
- Analysis of the table
- Inference of the table
- Source

Hypothesis testing using appropriate statistical tools also to be described here along with interpretation of results. Use excel, SPSS or R for analysis of data.

Chapter 5: Summary of Findings, Recommendations and Conclusion (4-5 Pages)

The chapter begins with objectives and scope of the study to ease the understanding of the reader. The findings should be summarized and presented in a paragraph form, numbering each of the finding. The conclusion of the project should be given so as to justify the objectives of the study.

Recommendations and Conclusion (2-3 Pages)

- Drawn with direct reference to objectives of the study.
- Find specific recommendation/suggestions to each of the objective of the study.
- These recommendations should be specific, acceptable/practical and clear.

Appendices and Annexures

- The copy of the questionnaire and any useful material collected from the organization may be annexed.
- In case of finance topics, the copies of the attested financial statements of three to five years are to be annexed.

Bibliography

- The references made from the text books, articles, journals & magazines and website must be cited both.
- Follow APA style referencing. A few citations are given below.
- India today, “The Melt down: End of good times”, Oct 27, 2008.

Submission Guidelines

- The report should be printed on A4 size Executive Bond sheet.
- The font used should be Times New Roman and font size should be 12. For Heading; Times New Roman 14 in Bold and for sub heading; Times New Roman 12 in Bold.
- The top, bottom and right margins should be 1” each. The left margin should be set at 2”.
- The line spacing should be fixed at 1.5 lines.
- Table line spacing shall be single line spacing.
- Page numbers should be placed at bottom middle position.
- Chapters should be numbered as 1, 2, 3, etc. The tables and charts should be in the format of 1.1, 1.2, etc. i.e. 1.1 indicates that it is the first table in Chapter 1; 2.1 Indicates first table in Chapter 2. Similarly chart no. 1.1 indicates first chart in Chapter 1.
- The project report should be a minimum of 60 pages and should not exceed 75 pages.

- Students should submit 3 hard copies duly signed by the faculty guide and the Director and soft copy in pdf format.
- The hard copy should be in soft binding format with white thick cover as the cover page.
- Title of the study, objectives, analysis, findings and suggestions should tally.

Year of submission

Introduction *(Heading font size 14 and body text 12)*

Mobile number portability (MNP) enables mobile telephone users to retain their mobile telephone numbers when changing from one mobile network operator to another. MNP (Mobile number portability) is implemented in different ways across the globe. In India the Telecom Regulatory Authority of India

(TRAI) implemented the MNP facility firstly in Haryana in November 2010 and then extended to all parts of the country in January 2011. The facility is available for both pre-paid and post-paid customers across mobile operators with in the same telecom circle.*(In this paragraph introduce about your topic)*

Vodafone India, formerly Vodafone Essar and Hutchison Essar, is the second largest mobile network operator in India after Airtel. It is based in Mumbai, Maharashtra and which operates nationally. It has approximately 146.84 million customers as of November 2011. In terms of active subscriber base in Karnataka Vodafone is the second largest player with a market share of 19.8%. Karnataka is one of slowest growing market with high proportion of MNP requests. By March 2012, Karnataka registered 2,066,487 Mobile Number Portability (MNP) requests, resulting into churn rate of 6.08% which is one of the highest in India. *(Here introduce about your special reference product or organization)*

This study is an attempt to understand the customers' response towards MNP facility with special reference to Vodafone customers in Bangalore. Bangalore is one of best city in India with respect to development and generating income. *(Here introduce about what you are going to do with this project)*

Significance of the study *(State why your study is relevant and how it will useful to various interested groups)*

Active wireless subscriber base in Karnataka is 72.67% resulting in 24.72 million active mobile users. Vodafone is the second largest mobile operator in terms of active subscriber base and fastest growing wireless operator in Karnataka. By March 2012, Karnataka registered 2,066,487 Mobile Number Portability (MNP) requests, resulting into churn rate of 6.08% which is one of the highest in India. Vodafone is one of the companies which benefitted from the MNP service. So this study highly relevant and will be useful to mobile operators as well as to mobile subscribers for making informed decision regarding porting from one operator to other.

Statement of the Problem *(State your hypothesis here. Hypothesis is your assumption that you are going to prove through this study)*

Mobile Number Portability is a powerful tool in the hands of customers to bargain from their existing mobile operators for better quality in services and fare tariff for services. Under MNP, if the subscribers are not satisfied with the services of their service provider, they can change their service provider while retaining the existing phone number. But in India this facility has got poor response comparing to other countries because of very little pent up demand for it when compared to other countries. So this study will reveal awareness level, opinion and use of MNP facility among Vodafone subscribers in Bangalore.

Objectives of the study *(Write two or three specific objectives of the study)*

- To know the awareness level of MNP facility among Vodafone subscribers
- To examine the factors influencing the porting decision of mobile users
- To analyse customers satisfaction after availing MNP facility

Methodology and Data Collection

a. Scope of the study (Scope means the area of coverage. Is the geographical area where you are conducting your study)

This study will be conducted among Vodafone customers in Bangalore, Karnataka.

b. Sampling Plan (Mention about the number of samples and methods of sampling)

30 Vodafone customers will be randomly chosen for the purpose of study. The data will be collected through structured questionnaire.

c. Methodology (Here mention about the sources of data and methods of collecting data)

This study will be based on both primary and secondary data. The primary data will be collected through questionnaire specially designed for this survey. And secondary data will be gathered from the relevant journals, web sites and other sources.

Chapterisation (The chapter in your project along with brief explanation about every chapter)

The study will be presented through the following chapter schemes

1. Introduction
2. Review of Literature
3. Analysis and Interpretations
4. Finding, Suggestions and Conclusions

Limitations of the study (Mention two or three factors that will limit the quality of your study)

1. The shortage of time and money will limit the number of samples in to minimum
2. The advanced statistical tools not used for analysis

Finding and Suggestion

A brief Finding and suggestion of the of the study has to be presented here.

CAREER DEVELOPMENT AND PLACEMENT

Having a degree will open doors to the world of opportunities for you. But Employers are looking for much more than just a degree. They want graduates who stand out from the crowd and exhibit real life skills that can be applied to their organizations. Examples of such popular skills employers look for include:

1. Willingness to learn
2. Self motivation
3. Team work
4. Communication skills and application of these skills to real scenarios
5. Requirement of gathering, design and analysis, development and testing skills
6. Analytical and Technical skills
7. Computer skills
8. Internet searching skills
9. Information consolidation and presentation skills
10. Role play
11. Group discussion, and so on

REVA University therefore, has given utmost importance to develop these skills through variety of training programs and such other activities that induce the said skills among all students. A full-fledged Career Counseling and Placement division, namely Career Development Center (CDC) headed by well experienced senior Professor and Dean and supported by dynamic trainers, counselors and placement officers and other efficient supportive team does handle all aspects of Internships and placements for the students of REVA University. The prime objective of the CDC is to liaison between REVA graduating students and industries by providing a common platform where the prospective employer companies can identify suitable candidates for placement in their respective organization. The CDC organizes pre-placement training by professionals and also arranges expert talks to our students. It facilitates students to career guidance and improve their employability. In addition, CDC forms teams to perform mock interviews. It makes you to enjoy working with such teams and learn many things apart from working together in a team. It also makes you to participate in various student clubs which helps in developing team culture, variety of job skills and overall personality.

The need of the hour in the field of commerce is knowledge not only in the subject, but also the skill to do the job proficiently, team spirit and a flavour of innovation. This kept in focus, the CDC has designed the training process, which will commence from second semester along with the curriculum. Special coaching in personality development, career building, English proficiency, reasoning, puzzles, and communication skills to every student of REVA University is given with utmost care. The process

involves continuous training and monitoring the students to develop their soft skills including interpersonal skills that will fetch them a job of repute in the area of his / her interest and march forward to make better career. The School of Applied sciences also has emphasised subject based skill training through lab practice, internship, project work, industry interaction and many such skilling techniques. The students during their day to day studies are made to practice these skill techniques as these are inbuilt in the course curriculum. Concerned teachers also continuously guide and monitor the progress of students.

The University has also established University-Industry Interaction and Skill Development Centre headed by a Senior Professor & Director to facilitate skill related training to REVA students and other unemployed students around REVA campus. The center conducts variety of skill development programs to students to suite to their career opportunities. Through this skill development centre the students shall compulsorily complete at least two skill / certification based programs before the completion of their degree. The University has collaborations with Industries, Corporate training organizations, research institutions and Government agencies like NSDC (National Skill Development Corporation) to conduct certification programs. REVA University has been recognised as a Centre of Skill Development and Training by NSDC (National Skill Development Corporation) under Pradhan Mantri Kaushal Vikas Yojana.

The University has also signed MOU's with Multi-National Companies, research institutions, and universities abroad to facilitate greater opportunities of employability, students' exchange programs for higher learning and for conducting certification programs.
